92.102. 1. The gross receipts of a telecommunications company derived from the business of providing prepaid wireless telecommunications service shall be deemed derived from engaging in business in a municipality and subject to the municipality's business license tax as follows:

2. As used in sections 92.096 to 92.102, unless the context clearly requires otherwise, the following terms mean:

(1) "Business license tax", any tax, including any fee, charge, or assessment in the nature of a tax, assessed by a municipality on a telecommunications company for the privilege of doing business within the borders of such municipality, and specifically includes any tax assessed on a telecommunications company by a municipality under sections 66.300 and 80.090; under section 92.045, 92.073, 94.110, 94.270, or 94.360; or under authority granted in its charter, as well as an occupation license tax, gross receipts tax, franchise tax, or similar tax, but shall not include:

(c) Any tax or fee levied for emergency services under section 190.292, 190.305, 190.325, 190.335, or 190.430, or any tax authorized by the general assembly on or after the effective date of this section for emergency services; or

For purposes only of sections 92.096 to 92.102, the term "telecommunications company" shall include a third-party retailer of a provider's wireless telecommunications service. To the extent a company that would otherwise qualify as a telecommunications company makes a sale of prepaid wireless telecommunications services that is for resale, the company is not considered a telecommunications company for purposes of sections 92.096 to 92.102 and is not responsible for the business license tax on those sales for resale;

(9) "Wireless telecommunications service", telecommunications service that is commercial mobile radio service, as such term is defined in 47 CFR 20.3, as amended. The terms "telecommunications service", "telephone service", or "exchange telephone service", or similar terms, in any section or ordinance relating to a business license tax shall include wireless telecommunications service.

92.098. Notwithstanding any provisions of this chapter or chapter 66, 80, or 94, or the provisions of any municipal charter, after the effective date of this section, no municipality shall impose any business license tax on the gross receipts of a telecommunications company derived from the business of providing prepaid wireless telecommunications service, except as specified under sections 92.096 to 92.102. Sections 92.096 to 92.102 shall not apply to business license taxes on gross receipts other than gross receipts derived from prepaid wireless telecommunications service."; and

Notwithstanding any other provision of the law, a payment in lieu of any business license tax described under sections 92.096 to 92.102 may, at the option of the telecommunications company remitting the business license tax, be remitted directly to the requisite municipality, or to the authorized depository. Such payment in lieu of a tax shall consist of ten percent of gross receipts derived from the business of providing prepaid wireless telecommunications service as determined under section 92.102 during each calendar year commencing with the effective date of this act. A sworn statement showing such gross receipts shall be filed within thirty days after the close of the preceding calendar year, and such payment in lieu of a tax shall be remitted at the time of filing. If a telecommunications company elects to remit such payment in lieu of a tax directly to less than all requisite municipalities, it shall list in such sworn statement the municipalities it remitted such payment in lieu of a tax to directly.

3. All such payments in lieu of a tax collected by the authorized depository, less one percent for the cost of collection, shall be deposited in a special trust fund in a banking institution acting as a legal depositary of public funds under the statutes of Missouri and shall be secured by the deposit of securities of the character prescribed by section 30.270, RSMo, for the security of funds deposited by the state treasurer. The moneys in the special trust fund shall not be deemed funds of the authorized depository and shall not be commingled with any funds of the authorized depository. All interest, if any, on the moneys deposited in the special trust fund shall go to the authorized depository for the cost of collection.

5. If any municipality abolishes such business license tax, the municipality shall notify the authorized depository of the action as soon as practicable but not more than thirty days after the effective date of the repeal.

6. The executive director of the authorized depository and any assistants and employees who have any duties or responsibilities in connection with the collection, deposit, transfer, transmittal, disbursement, safekeeping, accounting, or recording of funds which come into their hands under the provisions of this act shall enter into a surety bond or bonds with a surety company in the aggregate amount of not less than five hundred thousand dollars payable to any and all taxing municipalities in whose behalf the funds have been collected, conditioned on the faithful performance of its duties under this section and the satisfactory accounting of all moneys received by them. The authorized depository may enter into a blanket bond in such amount covering the executive director and all such assistants and employees. The cost of any premium for such bonds shall be paid by the authorized depository from the share of the collections under this act retained by the authorized depository for its collection cost.

7. If the authorized depository is unable or unwilling to perform its duties or responsibilities under this section, it shall notify the director of revenue at least ninety days prior to ceasing to serve as the authorized depository and the director of revenue shall collect and distribute in the same manner such payment in lieu of any business license tax that is not remitted directly to the requisite municipality. JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

FIFTY-SECOND DAY, WEDNESDAY, APRIL 13, 2016

The House met pursuant to adjournment.

Speaker Pro Tem Hoskins in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

My beloved brethren, be ye steadfast, unmovable, always abounding in the work of the Lord, for as much as ye know that your labor is not in vain in the Lord. (I Corinthians 15:58)

O Giver of every good and perfect gift, we are grateful for the opportunities for greatness which have been ours; for the love in our homes; for the fellowship of friends; for the freedom to worship as we desire, and for the happy experience of serving in this House of Representatives. Keep us ever alive with gratitude for Your generosity to us and our State.

Forgive our mishandling of some of Your magnificent gifts – the opportunity neglected, the untruth accepted, the shallow judgment made, and the cynicism enjoyed. Forgive the unkind word, the unjust criticism, the false ambition, and every unworthy idea which has reigned in our hearts and minds.

May the light of Your love and the triumph of Your truth purify us and send us out into this day to be true to You, loyal to our State, and in service to our fellow Missourians.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-first day was approved as printed.

Further amend said bill and page, Section A, Line 2, by inserting after all of said section and line the following:

"167.265. 1. A program to provide **[**guidance**] school** counselors in grades kindergarten through nine is established. Any public elementary school, middle school, junior high school, or combination of such schools, containing such grades which meet the criteria pursuant to this section shall be eligible for a state financial supplement to employ a **[**guidance**] school** counselor. Eligibility criteria are: the school shall have a minimum enrollment of one hundred twenty-five pupils per school site, shall have a breakfast program, and shall serve at least forty percent of its lunches to pupils who are eligible for free or reduced price meals according to federal guidelines.

2. A school district which contains such eligible schools may apply to the department of elementary and secondary education for a state financial supplement to employ a **[**guidance**] school** counselor in those schools named in the application and in no other schools of the district. The state financial supplement shall not exceed ten thousand dollars per **[**guidance**] school** counselor. No more than one **[**guidance**] school** counselor per school shall be supplemented by the state pursuant to this section, except that a district may apply for an additional **[**guidance**] school** counselor if the enrollment at the school equals four hundred or more pupils. **[**Guidance**] School** counselors thus employed pursuant to this section shall at a minimum engage in direct counseling activities with the pupils of the school during a portion of the school day which represents that portion of the **[**guidance**] school** counselor's salary which is supplemented by the state pursuant to this section.

3. The state board of education shall promulgate rules and regulations for the implementation of this section. Such rules shall include identifying any qualifications for **[**guidance**] school** counselors which may be in addition to those promulgated pursuant to section 168.021, establishing application procedures for school districts,

determining a method of awarding state financial supplements in the event that the number of applications exceeds the amounts appropriated therefor, and establishing an amount of state financial supplement per **[**guidance**] school** counselor based upon the salary schedule of the district."; and

Further amend said bill, Page 2, Section 167.266, Line 19, by inserting after all of said line and section the following:

168.303. The state board of education shall adopt rules to facilitate job-sharing positions for classroom teachers, as the term "job-sharing" is defined in this section. These rules shall provide that a classroom teacher in a job-sharing position shall receive paid legal holidays, annual vacation leave, sick leave, and personal leave on a pro rata basis. The general assembly may make an annual appropriation to the excellence in education fund established under section 160.268 for the purpose of providing the state's portion for the career advancement program. The "Career Ladder Forward Funding Fund" is hereby established in the state treasury. Beginning with fiscal year 1998 and until the career ladder forward funding fund is terminated pursuant to this subsection, the general assembly may appropriate funds to the career ladder forward funding fund. Notwithstanding the provisions of section 33.080 to the contrary, moneys in the fund shall not be transferred to the credit of the general revenue fund at the end of the biennium. All interest or other gain received from investment of moneys in the fund shall be credited to the fund. All funds deposited in the fund shall be maintained in the fund until such time as the balance in the fund at the end of the fiscal year is equal to or greater than the appropriation for the career ladder program for the following year, at which time all such revenues shall be used to fund, in advance, the career ladder program for such following year and the career ladder **[**forwarding**] forward** funding fund shall thereafter be terminated.

(5) Provide that public school teachers in Missouri shall become eligible to apply for admission to the career plans adopted under sections 168.500 to 168.515 after five years of public school teaching in Missouri. All teachers seeking admission to any career plan shall, as a minimum, meet the requirements necessary to obtain the first renewable professional certificate as provided in section 168.021;

(6) Provide procedures for appealing decisions made under career plans established under sections 168.500 to 168.515.

4. A participating local school district may have the option of implementing a career plan developed by the department of elementary and secondary education or a local plan which has been developed with advice from teachers employed by the district and which has met with the approval of the department of elementary and secondary education. In approving local career plans, the department of elementary and secondary education may consider provisions in the plan of the local district for recognition of teacher mobility from one district to another within this state.

5. The career plans of local school districts shall not discriminate on the basis of race, sex, religion, national origin, color, creed, or age. Participation in the career plan of a local school district is optional, and any teacher who declines to participate shall not be penalized in any way.

7. The commissioner of education shall cause the department of elementary and secondary education to regard a speech pathologist who holds both a valid certificate of license to teach and a certificate of clinical competence to have fulfilled the standards required to be placed on stage III of the career program, provided that such speech pathologist has been employed by a public school in Missouri for at least five years and is approved for placement at such stage III by the local school district.

8. Beginning in fiscal year 2012, the state portion of career ladder payments shall only be made available to local school districts if the general assembly makes an appropriation for such program. Payments authorized under sections 168.500 to 168.515 shall only be made available in a year for which a state appropriation is made. Any state appropriation shall be made prospectively in relation to the year in which work under the program is performed.

9. Nothing in this section shall be construed to prohibit a local school district from funding the program for its teachers for work performed in years for which no state appropriation is made available.

168.520. 1. For the purpose of providing career pay, which shall be a salary supplement for teachers, librarians, **[**guidance**]** **school** counselors and certificated teachers who hold positions as school psychological examiners, parents-as-teachers educators, school psychologists, special education diagnosticians or speech pathologists in Missouri schools for the severely disabled, the Missouri School for the Blind and the Missouri School for the Deaf, there is hereby established a career advancement program which shall become effective no later than September 1, 1986. Participation in the career advancement program by teachers shall be voluntary.

2. The department of elementary and secondary education with the recommendation of teachers from the state schools, shall develop a career plan. This state career plan shall include, but need not be limited to, the provisions of state model career plans as contained in subsection 2 of section 168.500.

4. Each teacher selected to participate in the career plan established under this section who meets the requirements of such plan shall receive a salary supplement as provided in subdivisions (1), (2), and (3) of subsection 1 of section 168.515.

5. Such program shall focus on education and awareness programs for teenagers, parents, siblings and other family members of teenagers, teachers, **[**guidance**] school** counselors, superintendents and principals.

2. The department of health and senior services may use the following strategies for raising public awareness of the risks associated with use of over-the-counter weight loss pills by persons under the age of eighteen:

5. The provisions of subsections 2 to 4 of this section shall not apply to school districts in which school is in session for twelve months of each calendar year.

6. 7. No school day for schools with a five-day school week shall be longer than seven hours except for vocational schools which may adopt an eight-hour day in a metropolitan school district and a school district in a first class county adjacent to a city not within a county, and any school that adopts a four-day school week in accordance with section 171.029.

162.1100. 1. There is hereby established within each city not within a county a school district to be known as the "Transitional School District of (name of city)", which shall be a body corporate and politic and a subdivision of the state. The transitional school district shall be coterminous with the boundaries of the city in which the district is located. Except as otherwise provided in this section and section 162.621, the transitional school district shall be subject to all laws pertaining to "seven-director districts", as defined in section 160.011. The transitional school district shall have the responsibility for educational programs and policies determined by a final judgment of a federal school desegregation case to be needed in providing for a transition of the educational system of the city from control and jurisdiction of a federal court school desegregation order, decree or agreement and such other programs and policies as designated by the governing body of the school district.

2. (1) The governing board of the transitional school district shall consist of three residents of the district: one shall be appointed by the governing body of the district, one shall be appointed by the mayor of the city not within a county and one shall be appointed by the president of the board of aldermen of the city not within a county. The members of the governing board shall serve without compensation for a term of three years, or until their successors have been appointed, or until the transitional district is dissolved or terminated. Any tax approved for the transitional district shall be assigned to the governing body of the school district in a city not within a county after dissolution or termination of the transitional district.

(2) In the event that the state board of education shall declare the school district of a city not within a county to be unaccredited, the member of the governing board of the transitional district appointed by the governing body of the district as provided in subdivision (1) of this subsection shall, within ninety days, be replaced by a chief executive officer nominated by the state board of education and appointed by the governor with the advice and consent of the senate. The chief executive officer need not be a resident of the district but shall be a person of recognized administrative ability, shall be paid in whole or in part with funds from the district, and shall have all other powers and duties of any other general superintendent of schools**[**, including appointment of staff**]**. The chief executive officer shall serve for a term of three years or until his successor is appointed or until the transitional district is dissolved or terminated. His salary shall be set by the state board of education.

3. In the event that the school district loses its accreditation, upon the appointment of a chief executive officer, any powers granted to any existing school board in a city not within a county on or before August 28, 1998, shall be vested with the special administrative board of the transitional school district containing such school district so long as the transitional school district exists, except as otherwise provided in section 162.621.

4. The special administrative board's powers and duties shall include:

(1) Creating an academic accountability plan, taking corrective action in underperforming schools, and seeking relief from state-mandated programs;

(2) Exploration of alternative forms of governance for the district;

(3) Authority to contract with nonprofit corporations to provide for the operation of schools;

(4) Oversight of facility planning, construction, improvement, repair, maintenance and rehabilitation;

(5) Authority to establish school site councils to facilitate site-based school management and to improve the responsiveness of the schools to the needs of the local geographic attendance region of the school;

(6) Authority to submit a proposal to district voters pursuant to section 162.666 regarding establishment of neighborhood schools.

5. (1) The provisions of a final judgment as to the state of Missouri and its officials in a school desegregation case which subjects a district in which a transitional district is located in this state to a federal court's jurisdiction may authorize or require the governing body of a transitional school district established under this section to establish the transitional district's operating levy for school purposes, as defined pursuant to section 163.011, at a level not to exceed eighty-five cents per one hundred dollars assessed valuation in the district or a sales tax equivalent amount as determined by the department of elementary and secondary education which may be substituted for all or part of such property tax.

(2) Any other statute to the contrary notwithstanding, no tax authorized pursuant to this subsection shall:

(a) Be subject to any certificate of tax abatement issued after August 28, 1998, pursuant to sections 99.700 to 99.715; and

(b) Effective January 1, 2002, be subject to any new or existing tax increment financing adopted by a city not within a county pursuant to sections 99.800 to 99.865 except that any redevelopment plan and redevelopment project concerning a convention headquarters hotel adopted by ordinance by a city not within a county prior to August 28, 2003, shall be subject to such tax increment financing.

(3) The transitional school district shall not be subject to the provisions of section 162.081, sections 163.021 and 163.023 with respect to any requirements to maintain a minimum value of operating levy or any consequences provided by law for failure to levy at least such minimum rate. No operating levy or increase in the operating levy or sales tax established pursuant to this section shall be collected for a transitional school district unless prior approval is obtained from a simple majority of the district's voters. The board of the transitional district shall place the matter before the voters prior to March 15, 1999.

6. (1) The special administrative board established in this section shall develop, implement, monitor and evaluate a comprehensive school improvement plan, and such plan shall be subject to review and approval of the state board of education. The plan shall ensure that all students meet or exceed grade-level standards established by the state board of education pursuant to section 160.514;

(2) The special administrative board shall establish student performance standards consistent with the standards established by the state board of education pursuant to section 160.514 for preschool through grade twelve in all skill and subject areas, subject to review and approval of the state board of education for the purpose of determining whether the standards are consistent with standards established by the state board of education pursuant to section 160.514;

(3) All students in the district who do not achieve grade-level standards shall be required to attend summer school; except that the provisions of this subsection shall not apply to students receiving special education services pursuant to sections 162.670 to 162.999;

(4) No student shall be promoted to a higher grade level unless that student has a reading ability at or above one grade level below the student's grade level; except that the provisions of this subsection shall not apply to students receiving special education services pursuant to sections 162.670 to 162.999;

(5) The special administrative board established in this section shall develop, implement and annually update a professional development plan for teachers and other support staff, subject to review and approval of the state board of education.

7. The school improvement plan established pursuant to this section shall ensure open enrollment and program access to all students in the district, and, consistent with the Missouri and United States Constitutions, shall give first priority to residents of the city for admission to magnet schools. The school board shall take all practicable and constitutionally permissible steps to ensure that all magnet schools operate at full capacity. Students who change residence within the district shall be allowed to continue to attend the school in which they were initially

enrolled for the remainder of their education at grade levels served by that school, and transportation shall be provided by the district to allow such students to continue to attend such school of initial enrollment.

8. To the extent practicable, the special administrative board shall ensure that per pupil expenditures and pupil-teacher ratios shall be the same for all schools serving students at a given grade level.

9. The special administrative board shall ensure that early childhood education is available throughout the district.

10. The special administrative board shall ensure that vocational education instruction is provided within the district.

11. The special administrative board shall establish an accountability officer whose duty shall be to ensure that academically deficient schools within the district are raised to acceptable condition within two years.

12. The transitional school district in any city not within a county shall be dissolved on July 1, 2008, unless the state board determines, prior to that date, that it is necessary for the transitional district to continue to accomplish the purposes for which it was created. The state board of education may cause the termination of the transitional school district at any time upon a determination that the transitional district has accomplished the purposes for which it was established and is no longer needed. The state board of education may cause the reestablishment of the transitional school district at any time upon a determination that it is necessary for the transitional district to be reestablished to accomplish the purposes established in this section. The state board of education shall provide notice to the governor and general assembly of the termination or reestablishment of the transitional school district and the termination or reestablishment shall become effective thirty days following such determination. Upon dissolution of a transitional school district pursuant to this section, nothing in this section shall be construed to reduce or eliminate any power or duty of any school district or districts containing the territory of the dissolved transitional school district unless such transitional school district is reestablished by the state board of education pursuant to this section.

167.020. 1. As used in this section, the term "homeless child" or "homeless youth" shall mean a person less than twenty-one years of age who lacks a fixed, regular and adequate nighttime residence, including a child or youth who:

(1) Is sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; is living in motels, hotels, or camping grounds due to lack of alternative adequate accommodations; is living in emergency or transitional shelters; is abandoned in hospitals; or is awaiting foster care placement;

2. In order to register a pupil, the parent or legal guardian of the pupil or the pupil himself or herself shall provide, at the time of registration, one of the following:

(1) Proof of residency in the district. Except as otherwise provided in section 167.151, the term "residency" shall mean that a person both physically resides within a school district and is domiciled within that district or, in the case of a private school student suspected of having a disability under the Individuals With Disabilities Education Act, 20 U.S.C. Section 1412, et seq., that the student attends private school within that district. The domicile of a minor child shall be the domicile of a parent, military guardian pursuant to a military-issued guardianship or court-appointed legal guardian. For instances in which the family of a student living in Missouri co-locates to live with other family members or live in a military family support community because one or both of the child's parents are stationed or deployed out of state or deployed within Missouri under Title 32 or Title 10 active duty orders, the student may attend the school district in which the family member's residence or family support community is located. If the active duty orders expire during the school year, the student may finish the school year in that district; or

(2) Proof that the person registering the student has requested a waiver under subsection 3 of this section within the last forty-five days.

In instances where there is reason to suspect that admission of the pupil will create an immediate danger to the safety of other pupils and employees of the district, the **[**superintendent or the superintendent's designee**]** **board** may convene a hearing within five working days of the request to register and determine whether or not the pupil may register.

3. Any person subject to the requirements of subsection 2 of this section may request a waiver from the district board of any of those requirements on the basis of hardship or good cause. Under no circumstances shall athletic ability be a valid basis of hardship or good cause for the issuance of a waiver of the requirements of subsection 2 of this section. The district board or committee of the board appointed by the president and which shall have full authority to act in lieu of the board shall convene a hearing as soon as possible, but no later than forty-five days after receipt of the waiver request made under this subsection or the waiver request shall be granted. The district board or committee of the board may grant the request for a waiver of any requirement of subsection 2 of this section. The district board or committee of the board may also reject the request for a waiver in which case the pupil shall not be allowed to register. Any person aggrieved by a decision of a district board or committee of the board on a request for a waiver under this subsection may appeal such decision to the circuit court in the county where the school district is located.

4. Any person who knowingly submits false information to satisfy any requirement of subsection 2 of this section is guilty of a class A misdemeanor.

5. In addition to any other penalties authorized by law, a district board may file a civil action to recover, from the parent, military guardian or legal guardian of the pupil, the costs of school attendance for any pupil who was enrolled at a school in the district and whose parent, military guardian or legal guardian filed false information to satisfy any requirement of subsection 2 of this section.

6. Subsection 2 of this section shall not apply to a pupil who is a homeless child or youth, or a pupil attending a school not in the pupil's district of residence as a participant in an interdistrict transfer program established under a court-ordered desegregation program, a pupil who is a ward of the state and has been placed in a residential care facility by state officials, a pupil who has been placed in a residential care facility due to a mental illness or developmental disability, a pupil attending a school pursuant to sections 167.121 and 167.151, a pupil placed in a residential facility by a juvenile court, a pupil with a disability identified under state eligibility criteria if the student is in the district for reasons other than accessing the district's educational program, or a pupil attending a regional or cooperative alternative education program or an alternative education program on a contractual basis.

7. Within two business days of enrolling a pupil, the school official enrolling a pupil, including any special education pupil, shall request those records required by district policy for student transfer and those discipline records required by subsection 9 of section 160.261 from all schools previously attended by the pupil within the last twelve months. Any school district that receives a request for such records from another school district enrolling a pupil that had previously attended a school in such district shall respond to such request within five business days of receiving the request. School districts may report or disclose education records to law enforcement and juvenile justice authorities if the disclosure concerns law enforcement's or juvenile justice authorities' ability to effectively serve, prior to adjudication, the student whose records are released. The officials and authorities to whom such information is disclosed must comply with applicable restrictions set forth in 20 U.S.C. Section 1232g(b)(1)(E).

167.031. 1. Every parent, guardian or other person in this state having charge, control or custody of a child not enrolled in a public, private, parochial, parish school or full-time equivalent attendance in a combination of such schools and between the ages of seven years and the compulsory attendance age for the district is responsible for enrolling the child in a program of academic instruction which complies with subsection 2 of this section. Any parent, guardian or other person who enrolls a child between the ages of five and seven years in a public school program of academic instruction shall cause such child to attend the academic program on a regular basis, according to this section. Nonattendance by such child shall cause such parent, guardian or other responsible person to be in violation of the provisions of section 167.061, except as provided by this section. A parent, guardian or other person in this state having charge, control, or custody of a child between the ages of seven years of age and the compulsory attendance age for the district shall cause the child to attend regularly some public, private, parochial, parish, home school or a combination of such schools not less than the entire school term of the school which the child attends; except that:

(1) A child who, to the satisfaction of the **[**superintendent of public schools**] board** of the district in which he resides**[**, or if there is no superintendent then the chief school officer**]**, is determined to be mentally or physically incapacitated may be excused from attendance at school for the full time required, or any part thereof;

(2) A child between fourteen years of age and the compulsory attendance age for the district may be excused from attendance at school for the full time required, or any part thereof, by the **[**superintendent of public schools**] board** of the district, or if there is none then by a court of competent jurisdiction, when legal employment

has been obtained by the child and found to be desirable, and after the parents or guardian of the child have been advised of the pending action; or

(3) A child between five and seven years of age shall be excused from attendance at school if a parent, guardian or other person having charge, control or custody of the child makes a written request that the child be dropped from the school's rolls.

2. (1) As used in sections 167.031 to 167.071, a "home school" is a school, whether incorporated or unincorporated, that:

(a) Has as its primary purpose the provision of private or religious-based instruction;

b. A portfolio of samples of the child's academic work; and

c. A record of evaluations of the child's academic progress; or

d. Other written, or credible evidence equivalent to subparagraphs a., b. and c.; and

(b) Offer at least one thousand hours of instruction, at least six hundred hours of which will be in reading, language arts, mathematics, social studies and science or academic courses that are related to the aforementioned subject areas and consonant with the pupil's age and ability. At least four hundred of the six hundred hours shall occur at the regular home school location.

(3) The requirements of subdivision (2) of this subsection shall not apply to any pupil above the age of sixteen years.

3. Nothing in this section shall require a private, parochial, parish or home school to include in its curriculum any concept, topic, or practice in conflict with the school's religious doctrines or to exclude from its curriculum any concept, topic, or practice consistent with the school's religious doctrines. Any other provision of the law to the contrary notwithstanding, all departments or agencies of the state of Missouri shall be prohibited from dictating through rule, regulation or other device any statewide curriculum for private, parochial, parish or home schools.

4. A school year begins on the first day of July and ends on the thirtieth day of June following.

5. The production by a parent of a daily log showing that a home school has a course of instruction which satisfies the requirements of this section or, in the case of a pupil over the age of sixteen years who attended a metropolitan school district the previous year, a written statement that the pupil is attending home school in compliance with this section shall be a defense to any prosecution under this section and to any charge or action for educational neglect brought pursuant to chapter 210.

6. As used in sections 167.031 to 167.051, the term "compulsory attendance age for the district" shall mean:

(1) Seventeen years of age for any metropolitan school district for which the school board adopts a resolution to establish such compulsory attendance age; provided that such resolution shall take effect no earlier than the school year next following the school year during which the resolution is adopted; and

The school board of a metropolitan school district for which the compulsory attendance age is seventeen years may adopt a resolution to lower the compulsory attendance age to sixteen years; provided that such resolution shall take effect no earlier than the school year next following the school year during which the resolution is adopted.

7. For purposes of subsection 2 of this section as applied in subsection 6 **[**herein**] of this section**, a "completed credit towards high school graduation" shall be defined as one hundred hours or more of instruction in a course. Home school education enforcement and records pursuant to this section, and sections 210.167 and 211.031, shall be subject to review only by the local prosecuting attorney.

167.091. 1. The school board of any district which has ten thousand inhabitants or more, may establish and maintain from the public school funds one or more special truant or parental day schools in the city or district for children who are either habitual truants from any school in which they are enrolled as pupils, or who, while in attendance at any school are incorrigible, vicious or immoral, or who habitually wander or loiter about the streets or

roads or other public places without lawful employment, or who, in the opinion of the board **[**or of its superintendent of instruction,**]** require special attention and instruction. The school board**[**, through its officers,**]** may assign, require and compel all such children to attend the special truant or parental school or any department of the graded schools that the board directs.

2. The board may also establish and maintain from the public school funds, either within or without its district, a parental school for the care and education of any child resident of the school district and committed to it by a juvenile court under the provisions of section 211.181. JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

FIFTY-THIRD DAY, THURSDAY, APRIL 14, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Fear God and keep His commandments; for this is the whole duty of man. (Ecclesiastes 12:13)

God of Love and Giver of Mercy, we rejoice and our hearts take courage when we realize that You are always with us, available for every need and ready to help when we turn to You.

Each day at this moment of morning prayer we seek Your sustaining presence because we are making decisions and debates sometimes beyond our wisdom and managing responsibilities sometimes beyond our strength to carry or explain.

Give to our Speaker and every member of this venerable Chamber, and those who work with them a clearer sense of Your guiding spirit as they endeavor to deal with the issues that affect our faithful people.

Bless our wonderful State and make us eager to participate in the adventure of guiding our constituents into the light and life of responsibility during this election year.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-second day was approved as printed.

"99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) (a) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in such taxing district's levy rate for ad valorem tax on real property, any additional revenues generated within an existing redevelopment project area that are directly attributable to the newly voter-approved incremental increase in such taxing district's levy rate shall not be considered payments in lieu of taxes subject to deposit into a special allocation fund without the consent of such taxing district. Revenues will be considered directly attributable to the newly voter-approved incremental increase to the extent that they are generated from the difference between the taxing district's actual levy rate currently imposed and the maximum voter-approved levy rate at the time that the redevelopment project was adopted. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031 until such time as all redevelopment costs have been paid as provided for in this section and section 99.850.

(b) Notwithstanding any provisions of this section to the contrary, for purposes of determining the limitation on indebtedness of local government pursuant to Article VI, Section 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area selected for redevelopment attributable to the increase above the total initial equalized assessed valuation shall be included in the value of taxable tangible property as shown on the last completed assessment for state or county purposes.

(c) The county assessor shall include the current assessed value of all property within the taxing district in the aggregate valuation of assessed property entered upon the assessor's book and verified pursuant to section 137.245, and such value shall be utilized for the purpose of the debt limitation on local government pursuant to Article VI, Section 26(b) of the Missouri Constitution;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of Article III, Section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of Section 6 of Article X of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the

municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, taxes levied for the purpose of public transportation pursuant to section 94.660, taxes imposed on sales pursuant to subsection 2 of section 67.1712 for the purpose of operating and maintaining a metropolitan park and recreation district, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, any sales tax imposed by a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, for the purpose of sports stadium improvement or levied by such county under section 238.410 for the purpose of the county transit authority operating transportation facilities, or for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 28, 2013, taxes imposed on sales under and pursuant to section 67.700 or 650.399 for the purpose of emergency communication systems, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in such taxing district's sales tax or use tax, other than the renewal of an expiring sales or use tax, any additional revenues generated within an existing redevelopment project area that are directly attributable to the newly voter-approved incremental increase in such taxing district's levy rate shall not be considered economic activity taxes subject to deposit into a special allocation fund without the consent of such taxing district.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received pursuant to section 144.020, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, sales and use taxes on motor vehicles, trailers, boats and outboard motors

and future sales taxes earmarked by law. In no event shall the incremental increase include any amounts attributable to retail sales unless the municipality or authority has proven to the Missouri development finance board and the department of economic development and such entities have made a finding that the sales tax increment attributable to retail sales is from new sources which did not exist in the state during the baseline year. The incremental increase in the general revenue portion of state sales tax revenues for an existing or relocated facility shall be the amount that current state sales tax revenue exceeds the state sales tax revenue in the base year as stated in the redevelopment plan as provided in subsection 10 of this section; or

(2) The state income tax withheld on behalf of new employees by the employer pursuant to section 143.221 at the business located within the project as identified by the municipality. The state income tax withholding allowed by this section shall be the municipality's estimate of the amount of state income tax withheld by the employer within the redevelopment area for new employees who fill new jobs directly created by the tax increment financing project.

9. Subsection 4 of this section shall apply only to the following:

(1) Blighted areas located in enterprise zones, pursuant to sections 135.200 to 135.256, blighted areas located in federal empowerment zones, or to blighted areas located in central business districts or urban core areas of cities which districts or urban core areas at the time of approval of the project by ordinance, provided that the enterprise zones, federal empowerment zones or blighted areas contained one or more buildings at least fifty years old; and

(a) Suffered from generally declining population or property taxes over the twenty-year period immediately preceding the area's designation as a project area by ordinance; or

(b) Was a historic hotel located in a county of the first classification without a charter form of government with a population according to the most recent federal decennial census in excess of one hundred fifty thousand and containing a portion of a city with a population according to the most recent federal decennial census in excess of three hundred fifty thousand;

(2) Blighted areas consisting solely of the site of a former automobile manufacturing plant located in any county with a charter form of government and with more than nine hundred fifty thousand inhabitants. For the purposes of this section, "former automobile manufacturing plant" means a redevelopment area containing a minimum of one hundred acres, and such redevelopment area was previously used primarily for the manufacture of automobiles but ceased such manufacturing after the 2007 calendar year; or

(3) Blighted areas consisting solely of the site of a former insurance company national service center containing a minimum of one hundred acres located in any county with a charter form of government and with more than nine hundred fifty thousand inhabitants.

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsection 4 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee have approved a tax increment financing application made by the municipality for the appropriation of the new state revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

(a) The tax increment financing district or redevelopment area, including the businesses identified within the redevelopment area;

(b) The base year of state sales tax revenues or the base year of state income tax withheld on behalf of existing employees, reported by existing businesses within the project area prior to approval of the redevelopment project;

(c) The estimate of the incremental increase in the general revenue portion of state sales tax revenue or the estimate for the state income tax withheld by the employer on behalf of new employees expected to fill new jobs created within the redevelopment area after redevelopment;

(d) The official statement of any bond issue pursuant to this subsection after December 23, 1997;

(e) An affidavit that is signed by the developer or developers attesting that the provisions of subdivision (1) of subsection 1 of section 99.810 have been met and specifying that the redevelopment area would not be reasonably anticipated to be developed without the appropriation of the new state revenues;

(f) The cost-benefit analysis required by section 99.810 includes a study of the fiscal impact on the state of Missouri;

(g) The statement of election between the use of the incremental increase of the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area;

(h) The name, street and mailing address, and phone number of the mayor or chief executive officer of the municipality;

(i) The street address of the development site;

(j) The three-digit North American Industry Classification System number or numbers characterizing the development project;

(k) The estimated development project costs;

(l) The anticipated sources of funds to pay such development project costs;

(m) Evidence of the commitments to finance such development project costs;

(n) The anticipated type and term of the sources of funds to pay such development project costs;

(aa) A list of other community and economic benefits to result from the project;

(bb) A list of all development subsidies that any business benefitting from public expenditures in the development area has previously received for the project, and the name of any other granting body from which such subsidies are sought;

(cc) A list of all other public investments made or to be made by this state or units of local government to support infrastructure or other needs generated by the project for which the funding pursuant to this section is being sought;

(dd) A statement as to whether the development project may reduce employment at any other site, within or without the state, resulting from automation, merger, acquisition, corporate restructuring, relocation, or other business activity;

(ee) A statement as to whether or not the project involves the relocation of work from another address and if so, the number of jobs to be relocated and the address from which they are to be relocated;

(ff) A list of competing businesses in the county containing the development area and in each contiguous county;

(gg) A market study for the development area;

(hh) A certification by the chief officer of the applicant as to the accuracy of the development plan;

(2) The methodologies used in the application for determining the base year and determining the estimate of the incremental increase in the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area shall be approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her

designee shall issue a certificate of approval. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund exceed thirty-two million dollars; provided, however, that such thirty-two million dollar cap shall not apply to redevelopment plans or projects initially listed by name in the applicable appropriations bill after August 28, 2015, which involve either:

(a) A former automobile manufacturing plant; or

(b) The retention of a federal employer employing over two thousand geospatial intelligence jobs.

At no time shall the annual amount of the new state revenues for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans and projects eligible under the provisions of paragraph (a) of this subdivision exceed four million dollars in the aggregate. At no time shall the annual amount of the new state revenues for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans and projects eligible under the provisions of paragraph (b) of this subdivision exceed twelve million dollars in the aggregate. To the extent a redevelopment plan or project independently meets the eligibility criteria set forth in both paragraphs (a) and (b) of this subdivision, then at no such time shall the annual amount of new state revenues for disbursements from the Missouri supplemental tax increment financing fund for such eligible redevelopment plan or project exceed twelve million dollars in the aggregate;

(4) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.

11. In addition to the areas authorized in subsection 9 of this section, the funding authorized pursuant to subsection 4 of this section shall also be available in a federally approved levee district, where construction of a levee begins after December 23, 1997, and which is contained within a county of the first classification without a charter form of government with a population between fifty thousand and one hundred thousand inhabitants which contains all or part of a city with a population in excess of four hundred thousand or more inhabitants.

12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of subsection 4 of this section if and only if the conditions of subsection 10 of this section are met. The fund shall also consist of any gifts, contributions, grants or bequests received from federal, private or other sources. Moneys in the Missouri supplemental tax increment financing fund shall be disbursed per project pursuant to state appropriations.

13. Redevelopment project costs may include, at the prerogative of the state, the portion of salaries and expenses of the department of economic development and the department of revenue reasonably allocable to each redevelopment project approved for disbursements from the Missouri supplemental tax increment financing fund for the ongoing administrative functions associated with such redevelopment project. Such amounts shall be recovered from new state revenues deposited into the Missouri supplemental tax increment financing fund created under this section.

14. For redevelopment plans or projects approved by ordinance that result in net new jobs from the relocation of a national headquarters from another state to the area of the redevelopment project, the economic activity taxes and new state tax revenues shall not be based on a calculation of the incremental increase in taxes as compared to the base year or prior calendar year for such redevelopment project, rather the incremental increase shall be the amount of total taxes generated from the net new jobs brought in by the national headquarters from another state. In no event shall this subsection be construed to allow a redevelopment project to receive an appropriation in excess of up to fifty percent of the new state revenues.

15. Notwithstanding any other provision of the law to the contrary, the adoption of any tax increment financing authorized under sections 99.800 to 99.865 shall not supersede, alter, or reduce in any way a property tax levied under section 205.971."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

House Committee Amendment No. 2

AMEND Senate Bill No. 867, Page 1, In the Title, Line 3, by deleting the word "road" and inserting in lieu thereof the word "special"; and

Further amend said bill and page, Section A, Line 3, by inserting the following after all of said line:

"137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the city of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision [(6)] **(5)** of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(1) For real property in subclass (1), nineteen percent;

(2) For real property in subclass (2), twelve percent; and

(3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. The provisions of subsections 11 and 12 of this section shall only apply in any county with a charter form of government with more than one million inhabitants.

14. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

15. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

16. The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection 15 of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.

17. Any portion of real property that is available as reserve for strip, surface, or coal mining for minerals for purposes of excavation for future use or sale to others that has not been bonded and permitted under chapter 444 shall be assessed based upon how the real property is currently being used. Any information provided to a county assessor, state tax commission, state agency, or political subdivision responsible for the administration of tax policies shall, in the performance of its duties, make available all books, records, and information requested, except such books, records, and information as are by law declared confidential in nature, including individually identifiable information regarding a specific taxpayer or taxpayer's mine property. For purposes of this subsection, "mine property" shall mean all real property that is in use or available as a reserve for strip, surface, or coal mining for minerals for purposes of excavation for current or future use or sale to others that has been bonded and permitted under chapter 444."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Further amend said bill, Page 6, Section 233.295, Line 125, by inserting the following after all of said line:

"238.212. 1. JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

FIFTY-FOURTH DAY, MONDAY, APRIL 18, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Representative John McCaherty.

Father, today we come to You with humility, admiration, and repentance. Help us to follow You, to be kind one to another; even when we disagree let us lift each other up and not tear each other down. Forgive us when we fail You, when we fail each other, and remind us that You are our comforter, our guidance, and source of strength when we need help. Guide us in the last four weeks of session, guide our decisions and our attitudes. Let us do what is good, right, and acceptable in Your eyes, and that which is best for the great State of Missouri.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-third day was approved as printed.

3. As used in this section, the following terms mean:

(1) "Director", the director of the department of insurance, financial institutions and professional registration, or his or her designee;

(2) "Excepted health benefit plan", a health benefit plan providing the following coverage or any combination thereof:

(7) "Small group market", the health insurance market under which individuals obtain health insurance coverage, directly or through an arrangement on behalf of themselves and their dependents, through a group health plan maintained by a small employer, as defined under section 379.930.

4. No health carrier shall deliver, issue for delivery, continue, or renew any health benefit plan until rates have been filed with the director.

5. For excepted health benefit plans, such rates shall be filed, thirty days prior to use, for informational purposes only. Rates shall not be excessive, inadequate, or unfairly discriminatory.

6. For grandfathered health benefit plans, such rates shall be filed, thirty days prior to use, for informational purposes only.

7. (1) For health benefit plans that are not grandfathered health benefit plans or excepted health benefit plans, a health carrier may use rates on the earliest of:

(a) The date the director determines the rates are reasonable;

(b) The date the health carrier notifies the director of its intent to use rates that the director has deemed unreasonable; or

(c) Sixty days after the date of filing rates with the director.

(2) The director may notify the health carrier within sixty days of the date of filing rates with the director that the health carrier has failed to provide sufficient rate filing documentation to review the proposed rates. The health carrier may, as described in this section, provide additional information to support the rate filing.

8. For health benefit plans described under subsection 7 of this section, all proposed rates and rate filing documentation shall be submitted in the form and content prescribed by rule, which is consistent with the requirements of 45 CFR 154, and shall include review standards and criteria consistent with 45 CFR 154.

9. The director shall determine by rule when rates filed under this section shall be made publicly available. Rate filing documentation and other supporting information that is a trade secret or of a proprietary nature, and has been designated as such by the health carrier, shall not be considered a public record.

10. For rates filed for health benefit plans described under subsection 7 of this section, the director shall:

(1) Provide a means by which the public can submit written comments concerning proposed rate increases;

(2) Review proposed rates and rate filing documentation;

(3) Determine that a proposed rate is an unreasonable rate if the increase is an excessive rate, an inadequate rate, an unfairly discriminatory rate, or an unjustified rate, consistent with 45 CFR 154; and

(4) Within sixty days after submission, provide a written notice to the health carrier detailing whether the proposed rates are reasonable or unreasonable. For proposed rates deemed unreasonable, the written notice shall specify deficiencies and provide detailed reasons for the director's decision that the proposed rate is excessive, inadequate, unjustified, or unfairly discriminatory.

11. Within thirty days after receiving written notice of the director's determination that the proposed rates are unreasonable, as described under subsection 10 of this section, a health carrier may amend its rates, request reconsideration based upon additional information, or implement the proposed rates. The health carrier shall notify the director of its intention no later than thirty days after its receipt of the written notice of the determination of unreasonable rates.

12. If a health carrier implements a rate that the director has determined is unreasonable under subsection 10 of this section, the department shall make such determination public, in a form and manner determined by rule.

13. For health benefit plans described under subsection 7 of this section, the director shall publish final rates on the department's website no earlier than thirty days prior to the first day of the annual open enrollment period in the individual market for the applicable calendar year. The final rate is the rate that will be implemented by the health carrier on a specified date.

14. Time frames described under this section may be extended upon mutual agreement between the director and the health carrier.

15. The director may promulgate rules to promote health insurance rate transparency including, but not limited to, prescribing the form and content of the information required to be submitted and of the standards of review that are consistent with 45 CFR 154. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

16. This section shall apply to health benefit plans that are delivered, issued for delivery, continued, or renewed on or after January 1, 2018. In order to ensure that health benefit plans comply with the provisions of this section, the director shall promulgate rules regarding the initial implementation of the provisions of this section. Such rules shall be effective no later than March 1, 2017, and, for health benefit plans described under subsection 7 of this section, shall include, but not be limited to, the form and content of the information required to be submitted and of the standards of review, consistent with 45 CFR 154.

379.934. 1. **For health benefit plans purchased on or before March 23, 2010,** a small employer carrier may establish a class of business only to reflect substantial differences in expected claims experience or administrative costs related to the following reasons:

(1) The small employer carrier uses more than one type of system for the marketing and sale of health benefit plans to small employers;

(2) The small employer carrier has acquired a class of business from another small employer carrier; or

(3) The small employer carrier provides coverage to one or more association groups that meet the requirements of subdivision (5) of subsection 1 of section 376.421.

2. A small employer carrier may establish up to nine separate classes of business under subsection 1 of this section. A small employer carrier which immediately prior to the effective date of sections 379.930 to 379.952 had established more than nine separate classes of business may, on the effective date of sections 379.930 to 379.952, establish no more than twelve separate classes of business, and shall reduce the number of such classes to eleven within one year after the effective date of sections 379.930 to 379.952; ten within two years after such date; and nine within three years after such date.

3. The director may promulgate rules to provide for a period of transition in order for a small employer carrier to come into compliance with subsection 2 of this section in the instance of acquisition of an additional class of business from another small employer carrier.

4. The director may approve the establishment of additional classes of business upon application to the director and a finding by the director that such action would enhance the efficiency and fairness of the small employer marketplace.

379.936. 1. Premium rates for health benefit plans **purchased on or before March 23, 2010, and that are** subject to sections 379.930 to 379.952**,** shall be subject to the following provisions:

(1) The index rate for a rating period for any class of business shall not exceed the index rate for any other class of business by more than twenty percent;

(2) For a class of business, the premium rates charged during a rating period to small employers with similar case characteristics for the same or similar coverage, or the rates that could be charged to such employers under the rating system for that class of business shall not vary from the index rate by more than thirty-five percent of the index rate;

(3) The percentage increase in the premium rate charged to a small employer for a new rating period may not exceed the sum of the following:

(a) The percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. In the case of a health benefit plan into which the small employer carrier is no longer enrolling new small employers, the small employer carrier shall use the percentage change in the base premium rate, provided that such change does not exceed, on a percentage basis, the change in the new business premium rate for the most similar health benefit plan into which the small employer carrier is actively enrolling new small employers;

(b) Any adjustment, not to exceed fifteen percent annually and adjusted pro rata for rating periods of less than one year, due to the claim experience, health status or duration of coverage of the employees or dependents of the small employer as determined from the small employer carrier's rate manual for the class of business; and

(c) Any adjustment due to change in coverage or change in the case characteristics of the small employer, as determined from the small employer carrier's rate manual for the class of business;

(4) Adjustments in rates for claim experience, health status and duration of coverage shall not be charged to individual employees or dependents. Any such adjustment shall be applied uniformly to the rates charged for all employees and dependents of the small employer;

(5) Premium rates for health benefit plans shall comply with the requirements of this section notwithstanding any assessments paid or payable by small employer carriers pursuant to sections 379.942 and 379.943;

(6) A small employer carrier may utilize the employer's industry as a case characteristic in establishing premium rates, provided that the rate factor associated with any industry classification shall not vary by more than ten percent from the arithmetic mean of the highest and lowest rate factors associated with all industry classifications;

(7) In the case of health benefit plans issued prior to July 1, 1993, a premium rate for a rating period may exceed the ranges set forth in subdivisions (1) and (2) of this subsection for a period of three years following July 1, 1993. In such case, the percentage increase in the premium rate charged to a small employer for a new rating period shall not exceed the sum of the following:

(a) The percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. In the case of a health benefit plan into which the small employer carrier is no longer enrolling new small employers, the small employer carrier shall use the percentage change in the base premium rate, provided that such change does not exceed, on a percentage basis, the change in the new business premium rate for the most similar health benefit plan into which the small employer carrier is actively enrolling new small employers;

(b) Any adjustment due to change in coverage or change in the case characteristics of the small employer, as determined from the carrier's rate manual for the class of business;

(8) (a) Small employer carriers shall apply rating factors, including case characteristics, consistently with respect to all small employers in a class of business. Rating factors shall produce premiums for identical groups which differ only by amounts attributable to plan design and do not reflect differences due to the nature of the groups assumed to select particular health benefit plans;

(b) A small employer carrier shall treat all health benefit plans issued or renewed in the same calendar month as having the same rating period;

(9) For the purposes of this subsection, a health benefit plan that utilizes a restricted provider network shall not be considered similar coverage to a health benefit plan that does not utilize such a network, provided that utilization of the restricted provider network results in substantial differences in claims costs;

(10) A small employer carrier shall not use case characteristics, other than age, sex, industry, geographic area, family composition, and group size without prior approval of the director;

(11) The director may promulgate rules to implement the provisions of this section and to assure that rating practices used by small employer carriers are consistent with the purposes of sections 379.930 to 379.952, including:

(a) Assuring that differences in rates charged for health benefit plans by small employer carriers are reasonable and reflect objective differences in plan design, not including differences due to the nature of the groups assumed to select particular health benefit plans; and

(b) Prescribing the manner in which case characteristics may be used by small employer carriers.

2. A small employer carrier shall not transfer a small employer involuntarily into or out of a class of business. A small employer carrier shall not offer to transfer a small employer into or out of a class of business unless such offer is made to transfer all small employers in the class of business without regard to case characteristics, claim experience, health status or duration of coverage.

3. The director may suspend for a specified period the application of subdivision (1) of subsection 1 of this section as to the premium rates applicable to one or more small employers included within a class of business of a small employer carrier for one or more rating periods upon a filing by the small employer carrier and a finding by the director either that the suspension is reasonable in light of the financial condition of the small employer carrier or that the suspension would enhance the efficiency and fairness of the marketplace for small employer health insurance.

4. In connection with the offering for sale of any health benefit plan to a small employer, a small employer carrier shall make a reasonable disclosure, as part of its solicitation and sales materials, of all of the following:

(1) The extent to which premium rates for a specified small employer are established or adjusted based upon the actual or expected variation in claims costs or actual or expected variation in health status of the employees of the small employer and their dependents;

(2) The provisions of the health benefit plan concerning the small employer carrier's right to change premium rates and factors, other than claim experience, that affect changes in premium rates;

(3) The provisions relating to renewability of policies and contracts; and

(4) The provisions relating to any preexisting condition provision.

5. (1) Each small employer carrier shall maintain at its principal place of business a complete and detailed description of its rating practices and renewal underwriting practices, including information and documentation that demonstrate that its rating methods and practices are based upon commonly accepted actuarial assumptions and are in accordance with sound actuarial principles.

(2) Each small employer carrier shall file with the director annually on or before March fifteenth an actuarial certification certifying that the carrier is in compliance with sections 379.930 to 379.952 and that the rating methods of the small employer carrier are actuarially sound. Such certification shall be in a form and manner, and shall contain such information, as specified by the director. A copy of the certification shall be retained by the small employer carrier at its principal place of business.

(3) A small employer carrier shall make the information and documentation described in subdivision (1) of this **[**section**]** **subsection** available to the director upon request.

379.938. 1. A health benefit plan subject to sections 379.930 to 379.952 shall be renewable with respect to all eligible employees and dependents, at the option of the small employer, except in any of the following cases:

(1) The plan sponsor fails to pay a premium or contribution in accordance with the terms of a health benefit plan or the health carrier has not received a timely premium payment;

(2) The plan sponsor performs an act or practice that constitutes fraud, or makes an intentional misrepresentation of material fact under the terms of the coverage;

(3) Noncompliance with the carrier's minimum participation requirements;

(4) Noncompliance with the carrier's employer contribution requirements;

(5) In the case of a small employer carrier that offers coverage through a network plan, there is no longer any enrollee under the health benefit plan who lives, resides or works in the service area of the health insurance issuer and the small employer carrier would deny enrollment with respect to such plan under subsection 4 of this section;

(6) The small employer carrier elects to discontinue offering a **[**particular type of health benefit plan**]** **product, as defined in 45 CFR 144.103,** in the state's small group market. A type of **[**health benefit plan**]** **product** may be discontinued by a small employer carrier in such market only if such carrier:

(a) Issues a notice to each plan sponsor provided coverage of such type in the small group market (and participants and beneficiaries covered under such coverage) of the discontinuation at least ninety days prior to the date of discontinuation of the coverage;

(b) Offers to each plan sponsor provided coverage of such type the option to purchase all other health benefit plans currently being offered by the small employer carrier in the state's small group market; and

(c) Acts uniformly without regard to the claims experience of those plan sponsors or any health status-related factor relating to any participants or beneficiaries covered or new participants or beneficiaries who may become eligible for such coverage;

(7) A small employer carrier elects to discontinue offering all health insurance coverage in the small group market in this state. A small employer carrier shall not discontinue offering all health insurance coverage in the small employer market unless:

(a) The carrier provides notice of discontinuation to the director and to each plan sponsor (and participants and beneficiaries covered under such coverage) at least one hundred eighty days prior to the date of the discontinuation of coverage; and

(b) All health insurance issued or delivered for issuance in Missouri in the small employer market is discontinued and coverage under such health insurance is not renewed;

(8) In the case of health insurance coverage that is made available in the small group market only through one or more bona fide associations, the membership of an employer in the association (on the basis of which the coverage is provided) ceases but only if such coverage is terminated under this subdivision uniformly without regard to any health status-related factor relating to any covered individual;

(9) The director finds that the continuation of the coverage would:

(a) Not be in the best interests of the policyholders or certificate holders; or

(b) Impair the carrier's ability to meet its contractual obligations.

In such instance the director shall assist affected small employers in finding replacement coverage.

2. A small employer carrier that elects not to renew a health benefit plan under subdivision (7) of subsection 1 of this section shall be prohibited from writing new business in the small employer market in this state for a period of five years from the date of notice to the director.

3. In the case of a small employer carrier doing business in one established geographic service area of the state, the provisions of this section shall apply only to the carrier's operations in such service area.

4. At the time of coverage renewal, a health insurance issuer may modify the health insurance coverage for a product offered to a group health plan in the small group market if, for coverage that is available in such market other than only through one or more bona fide associations, such modification is consistent with state law and effective on a uniform basis among group health plans with that product. For purposes of this subsection, renewal shall be deemed to occur not more often than annually on the anniversary of the effective date of the group health plan's health insurance coverage unless a longer term is specified in the policy or contract.

5. In the case of health insurance coverage that is made available by a small employer carrier only through one or more bona fide associations, references to plan sponsor in this section is deemed, with respect to coverage provided to a small employer member of the association, to include a reference to such employer.

379.940. 1. (1) Every small employer carrier shall, as a condition of transacting business in this state with small employers, actively offer to small employers all health benefit plans it actively markets to small employers in this state, except for plans developed for health benefit trust funds.

(2) (a) A small employer carrier shall issue a health benefit plan to any eligible small employer that applies for either such plan and agrees to make the required premium payments and to satisfy the other reasonable provisions of the health benefit plan not inconsistent with sections 379.930 to 379.952.

(b) **For health benefit plans purchased on or before March 23, 2010,** in the case of a small employer carrier that establishes more than one class of business pursuant to section 379.934, the small employer carrier shall maintain and issue to eligible small employers all health benefit plans in each class of business so established. A small employer carrier may apply reasonable criteria in determining whether to accept a small employer into a class of business, provided that:

a. The criteria are not intended to discourage or prevent acceptance of small employers applying for a health benefit plan;

b. The criteria are not related to the health status or claim experience of the small employer;

c. The criteria are applied consistently to all small employers applying for coverage in the class of business; and

d. The small employer carrier provides for the acceptance of all eligible small employers into one or more classes of business. The provisions of this paragraph shall not apply to a class of business into which the small employer carrier is no longer enrolling new small employers.

2. Health benefit plans **purchased on or before March 23, 2010** covering small employers shall comply with the following provisions:

(1) A health benefit plan shall comply with the provisions of sections 376.450 and 376.451.

(2) (a) Except as provided in paragraph (d) of this subdivision, requirements used by a small employer carrier in determining whether to provide coverage to a small employer, including requirements for minimum participation of eligible employees and minimum employer contributions, shall be applied uniformly among all small employers with the same number of eligible employees applying for coverage or receiving coverage from the small employer carrier.

(b) A small employer carrier shall not require a minimum participation level greater than:

a. One hundred percent of eligible employees working for groups of three or less employees; and

b. Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer carrier shall not consider employees or dependents who have qualifying existing coverage in determining whether the applicable percentage of participation is met.

(d) A small employer carrier shall not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(3) (a) If a small employer carrier offers coverage to a small employer, the small employer carrier shall offer coverage to all of the eligible employees of a small employer and their dependents who apply for enrollment during the period in which the employee first becomes eligible to enroll under the terms of the plan. A small employer carrier shall not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group.

(b) A small employer carrier shall not modify a health benefit plan with respect to a small employer or any eligible employee or dependent through riders, endorsements or otherwise, to restrict or exclude coverage for certain diseases or medical conditions otherwise covered by the health benefit plan.

(c) An eligible employee may choose to retain their individually underwritten health benefit plan at the time such eligible employee is entitled to enroll in a small employer health benefit plan. If the eligible employee retains their individually underwritten health benefit plan, a small employer may provide a defined contribution through the establishment of a cafeteria 125 plan under section 379.953. Small employers shall establish an equal amount of defined contribution for all plans. If an eligible employee retains their individually underwritten health benefit plan under this subdivision, the provisions of sections 379.930 to 379.952 shall not apply to the individually underwritten health benefit plan.

3. (1) Subject to subdivision (3) of this subsection, a small employer carrier shall not be required to offer coverage or accept applications pursuant to subsection 1 of this section in the case of the following:

(a) To a small employer, where the small employer is not physically located in the carrier's established geographic service area;

(b) To an employee, when the employee does not live, work or reside within the carrier's established geographic service area; or

(c) Within an area where the small employer carrier reasonably anticipates, and demonstrates to the satisfaction of the director, that it will not have the capacity within its established geographic service area to deliver service adequately to the members of such groups because of its obligations to existing group policyholders and enrollees.

(2) A small employer carrier that cannot offer coverage pursuant to paragraph (c) of subdivision (1) of this subsection may not offer coverage in the applicable area to new cases of employer groups with more than fifty eligible employees or to any small employer groups until the later of one hundred eighty days following each such refusal or the date on which the carrier notifies the director that it has regained capacity to deliver services to small employer groups.

(3) A small employer carrier shall apply the provisions of this subsection uniformly to all small employers without regard to the claims experience of a small employer and its employees and their dependents or any health status-related factor relating to such employees and their dependents.

4. A small employer carrier shall not be required to provide coverage to small employers pursuant to subsection 1 of this section for any period of time for which the director determines that requiring the acceptance of small employers in accordance with the provisions of subsection 1 of this section would place the small employer carrier in a financially impaired condition, and the small employer is applying this subsection uniformly to all small employers in the small group market in this state consistent with applicable state law and without regard to the claims experience of a small employer and its employees and their dependents or any health status-related factor relating to such employees and their dependents."; and

376.465. 1. This section shall be known and may be cited as the "Missouri Health Insurance Rate Transparency Act".

2. It is the intent of the Missouri general assembly that the review of health insurance rates as specified in this section is consistent with the general powers of the department as outlined under section 374.010.

3. As used in this section, the following terms mean:

(1) "Director", the director of the department of insurance, financial institutions and professional registration, or his or her designee;

(2) "Excepted health benefit plan", a health benefit plan providing the following coverage or any combination thereof:

(a) Coverage only for accident insurance, including accidental death and dismemberment insurance;

(b) Coverage only for disability income insurance;

(c) Credit-only insurance;

(d) Short-term medical insurance of less than twelve months' duration; or

(e) If provided under a separate policy, certificate, or contract of insurance, any of the following:

a. Dental or vision benefits;

b. Coverage only for a specified disease or illness; or

c. Hospital indemnity or other fixed indemnity insurance;

(3) "Grandfathered health benefit plan", a health benefit plan in the small group market that was issued, or a health benefit plan in the individual market that was purchased, on or before March 23, 2010;

(4) "Health benefit plan", the same meaning given to such term under section 376.1350; however, for purposes of this section, the term shall exclude plans sold in the large group market, as that term is defined under section 376.450, and shall exclude long-term care and Medicare supplement plans;

(5) "Health carrier", the same meaning given to such term under section 376.1350;

(6) "Individual market", the market for health insurance coverage offered directly to individuals and their dependents and not in connection with a group health benefit plan;

(7) "Small group market", the health insurance market under which individuals obtain health insurance coverage, directly or through an arrangement on behalf of themselves and their dependents, through a group health plan maintained by a small employer, as defined under section 379.930.

4. No health carrier shall deliver, issue for delivery, continue, or renew any health benefit plan until rates have been filed with the director.

5. For excepted health benefit plans, such rates shall be filed, thirty days prior to use, for informational purposes only. Rates shall not be excessive, inadequate, or unfairly discriminatory.

6. For grandfathered health benefit plans, such rates shall be filed, thirty days prior to use, for informational purposes only.

7. (1) For health benefit plans that are not grandfathered health benefit plans or excepted health benefit plans, a health carrier may use rates on the earliest of:

(a) The date the director determines the rates are reasonable;

(b) The date the health carrier notifies the director of its intent to use rates that the director has deemed unreasonable; or

(c) Sixty days after the date of filing rates with the director.

(2) The director may notify the health carrier within sixty days of the date of filing rates with the director that the health carrier has failed to provide sufficient rate filing documentation to review the proposed rates. The health carrier may, as described in this section, provide additional information to support the rate filing.

8. For health benefit plans described under subsection 7 of this section, all proposed rates and rate filing documentation shall be submitted in the form and content prescribed by rule, which is consistent with the requirements of 45 CFR 154, and shall include review standards and criteria consistent with 45 CFR 154.

9. The director shall determine by rule when rates filed under this section shall be made publicly available. Rate filing documentation and other supporting information that is a trade secret or of a proprietary nature, and has been designated as such by the health carrier, shall not be considered a public record.

10. For rates filed for health benefit plans described under subsection 7 of this section, the director shall:

(1) Provide a means by which the public can submit written comments concerning proposed rate increases;

(2) Review proposed rates and rate filing documentation;

(3) Determine that a proposed rate is an unreasonable rate if the increase is an excessive rate, an inadequate rate, an unfairly discriminatory rate, or an unjustified rate, consistent with 45 CFR 154; and

(4) Within sixty days after submission, provide a written notice to the health carrier detailing whether the proposed rates are reasonable or unreasonable. For proposed rates deemed unreasonable, the written notice shall specify deficiencies and provide detailed reasons for the director's decision that the proposed rate is excessive, inadequate, unjustified, or unfairly discriminatory.

11. Within thirty days after receiving written notice of the director's determination that the proposed rates are unreasonable, as described under subsection 10 of this section, a health carrier may amend its rates, request reconsideration based upon additional information, or implement the proposed rates. The health carrier shall notify the director of its intention no later than thirty days after its receipt of the written notice of the determination of unreasonable rates.

12. If a health carrier implements a rate that the director has determined is unreasonable under subsection 10 of this section, the department shall make such determination public, in a form and manner determined by rule.

13. For health benefit plans described under subsection 7 of this section, the director shall publish final rates on the department's website no earlier than thirty days prior to the first day of the annual open enrollment period in the individual market for the applicable calendar year. The final rate is the rate that will be implemented by the health carrier on a specified date.

14. Time frames described under this section may be extended upon mutual agreement between the director and the health carrier.

15. The director may promulgate rules to promote health insurance rate transparency including, but not limited to, prescribing the form and content of the information required to be submitted and of the standards of review that are consistent with 45 CFR 154. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

16. This section shall apply to health benefit plans that are delivered, issued for delivery, continued, or renewed on or after January 1, 2018. In order to ensure that health benefit plans comply with the provisions of this section, the director shall promulgate rules regarding the initial implementation of the provisions of this section. Such rules shall be effective no later than March 1, 2017, and, for health benefit plans described under subsection 7 of this section, shall include, but not be limited to, the form and content of the information required to be submitted and of the standards of review, consistent with 45 CFR 154.

379.934. 1. **For health benefit plans purchased on or before March 23, 2010,** a small employer carrier may establish a class of business only to reflect substantial differences in expected claims experience or administrative costs related to the following reasons:

(1) The small employer carrier uses more than one type of system for the marketing and sale of health benefit plans to small employers;

(2) The small employer carrier has acquired a class of business from another small employer carrier; or

(3) The small employer carrier provides coverage to one or more association groups that meet the requirements of subdivision (5) of subsection 1 of section 376.421.

2. A small employer carrier may establish up to nine separate classes of business under subsection 1 of this section. A small employer carrier which immediately prior to the effective date of sections 379.930 to 379.952 had established more than nine separate classes of business may, on the effective date of sections 379.930 to 379.952, establish no more than twelve separate classes of business, and shall reduce the number of such classes to eleven within one year after the effective date of sections 379.930 to 379.952; ten within two years after such date; and nine within three years after such date.

3. The director may promulgate rules to provide for a period of transition in order for a small employer carrier to come into compliance with subsection 2 of this section in the instance of acquisition of an additional class of business from another small employer carrier.

4. The director may approve the establishment of additional classes of business upon application to the director and a finding by the director that such action would enhance the efficiency and fairness of the small employer marketplace.

379.936. 1. Premium rates for health benefit plans **purchased on or before March 23, 2010, and that are** subject to sections 379.930 to 379.952**,** shall be subject to the following provisions:

(1) The index rate for a rating period for any class of business shall not exceed the index rate for any other class of business by more than twenty percent;

(2) For a class of business, the premium rates charged during a rating period to small employers with similar case characteristics for the same or similar coverage, or the rates that could be charged to such employers under the rating system for that class of business shall not vary from the index rate by more than thirty-five percent of the index rate;

(3) The percentage increase in the premium rate charged to a small employer for a new rating period may not exceed the sum of the following:

(a) The percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. In the case of a health benefit plan into which the small employer carrier is no longer enrolling new small employers, the small employer carrier shall use the percentage change in the base premium rate, provided that such change does not exceed, on a percentage basis, the change in the new business premium rate for the most similar health benefit plan into which the small employer carrier is actively enrolling new small employers;

(b) Any adjustment, not to exceed fifteen percent annually and adjusted pro rata for rating periods of less than one year, due to the claim experience, health status or duration of coverage of the employees or dependents of the small employer as determined from the small employer carrier's rate manual for the class of business; and

(c) Any adjustment due to change in coverage or change in the case characteristics of the small employer, as determined from the small employer carrier's rate manual for the class of business;

(4) Adjustments in rates for claim experience, health status and duration of coverage shall not be charged to individual employees or dependents. Any such adjustment shall be applied uniformly to the rates charged for all employees and dependents of the small employer;

(5) Premium rates for health benefit plans shall comply with the requirements of this section notwithstanding any assessments paid or payable by small employer carriers pursuant to sections 379.942 and 379.943;

(6) A small employer carrier may utilize the employer's industry as a case characteristic in establishing premium rates, provided that the rate factor associated with any industry classification shall not vary by more than ten percent from the arithmetic mean of the highest and lowest rate factors associated with all industry classifications;

(7) In the case of health benefit plans issued prior to July 1, 1993, a premium rate for a rating period may exceed the ranges set forth in subdivisions (1) and (2) of this subsection for a period of three years following July 1, 1993. In such case, the percentage increase in the premium rate charged to a small employer for a new rating period shall not exceed the sum of the following:

(a) The percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. In the case of a health benefit plan into which the small employer carrier is no longer enrolling new small employers, the small employer carrier shall use the percentage change in the base premium rate, provided that such change does not exceed, on a percentage basis, the change in the new business premium rate for the most similar health benefit plan into which the small employer carrier is actively enrolling new small employers;

(b) Any adjustment due to change in coverage or change in the case characteristics of the small employer, as determined from the carrier's rate manual for the class of business;

(8) (a) Small employer carriers shall apply rating factors, including case characteristics, consistently with respect to all small employers in a class of business. Rating factors shall produce premiums for identical groups which differ only by amounts attributable to plan design and do not reflect differences due to the nature of the groups assumed to select particular health benefit plans;

(b) A small employer carrier shall treat all health benefit plans issued or renewed in the same calendar month as having the same rating period;

(9) For the purposes of this subsection, a health benefit plan that utilizes a restricted provider network shall not be considered similar coverage to a health benefit plan that does not utilize such a network, provided that utilization of the restricted provider network results in substantial differences in claims costs;

(10) A small employer carrier shall not use case characteristics, other than age, sex, industry, geographic area, family composition, and group size without prior approval of the director;

(11) The director may promulgate rules to implement the provisions of this section and to assure that rating practices used by small employer carriers are consistent with the purposes of sections 379.930 to 379.952, including:

(a) Assuring that differences in rates charged for health benefit plans by small employer carriers are reasonable and reflect objective differences in plan design, not including differences due to the nature of the groups assumed to select particular health benefit plans; and

(b) Prescribing the manner in which case characteristics may be used by small employer carriers.

2. A small employer carrier shall not transfer a small employer involuntarily into or out of a class of business. A small employer carrier shall not offer to transfer a small employer into or out of a class of business unless such offer is made to transfer all small employers in the class of business without regard to case characteristics, claim experience, health status or duration of coverage.

3. The director may suspend for a specified period the application of subdivision (1) of subsection 1 of this section as to the premium rates applicable to one or more small employers included within a class of business of a small employer carrier for one or more rating periods upon a filing by the small employer carrier and a finding by the director either that the suspension is reasonable in light of the financial condition of the small employer carrier or that the suspension would enhance the efficiency and fairness of the marketplace for small employer health insurance.

4. In connection with the offering for sale of any health benefit plan to a small employer, a small employer carrier shall make a reasonable disclosure, as part of its solicitation and sales materials, of all of the following:

(1) The extent to which premium rates for a specified small employer are established or adjusted based upon the actual or expected variation in claims costs or actual or expected variation in health status of the employees of the small employer and their dependents;

(2) The provisions of the health benefit plan concerning the small employer carrier's right to change premium rates and factors, other than claim experience, that affect changes in premium rates;

(3) The provisions relating to renewability of policies and contracts; and

(4) The provisions relating to any preexisting condition provision.

5. (1) Each small employer carrier shall maintain at its principal place of business a complete and detailed description of its rating practices and renewal underwriting practices, including information and documentation that demonstrate that its rating methods and practices are based upon commonly accepted actuarial assumptions and are in accordance with sound actuarial principles.

(2) Each small employer carrier shall file with the director annually on or before March fifteenth an actuarial certification certifying that the carrier is in compliance with sections 379.930 to 379.952 and that the rating methods of the small employer carrier are actuarially sound. Such certification shall be in a form and manner, and shall contain such information, as specified by the director. A copy of the certification shall be retained by the small employer carrier at its principal place of business.

(3) A small employer carrier shall make the information and documentation described in subdivision (1) of this **[**section**]** **subsection** available to the director upon request.

379.938. 1. A health benefit plan subject to sections 379.930 to 379.952 shall be renewable with respect to all eligible employees and dependents, at the option of the small employer, except in any of the following cases:

(1) The plan sponsor fails to pay a premium or contribution in accordance with the terms of a health benefit plan or the health carrier has not received a timely premium payment;

(2) The plan sponsor performs an act or practice that constitutes fraud, or makes an intentional misrepresentation of material fact under the terms of the coverage;

(3) Noncompliance with the carrier's minimum participation requirements;

(4) Noncompliance with the carrier's employer contribution requirements;

(5) In the case of a small employer carrier that offers coverage through a network plan, there is no longer any enrollee under the health benefit plan who lives, resides or works in the service area of the health insurance issuer and the small employer carrier would deny enrollment with respect to such plan under subsection 4 of this section;

(6) The small employer carrier elects to discontinue offering a **[**particular type of health benefit plan**]** **product, as defined in 45 CFR 144.103,** in the state's small group market. A type of **[**health benefit plan**]** **product** may be discontinued by a small employer carrier in such market only if such carrier:

(a) Issues a notice to each plan sponsor provided coverage of such type in the small group market (and participants and beneficiaries covered under such coverage) of the discontinuation at least ninety days prior to the date of discontinuation of the coverage;

(b) Offers to each plan sponsor provided coverage of such type the option to purchase all other health benefit plans currently being offered by the small employer carrier in the state's small group market; and

(c) Acts uniformly without regard to the claims experience of those plan sponsors or any health status-related factor relating to any participants or beneficiaries covered or new participants or beneficiaries who may become eligible for such coverage;

(7) A small employer carrier elects to discontinue offering all health insurance coverage in the small group market in this state. A small employer carrier shall not discontinue offering all health insurance coverage in the small employer market unless:

(a) The carrier provides notice of discontinuation to the director and to each plan sponsor (and participants and beneficiaries covered under such coverage) at least one hundred eighty days prior to the date of the discontinuation of coverage; and

(b) All health insurance issued or delivered for issuance in Missouri in the small employer market is discontinued and coverage under such health insurance is not renewed;

(8) In the case of health insurance coverage that is made available in the small group market only through one or more bona fide associations, the membership of an employer in the association (on the basis of which the coverage is provided) ceases but only if such coverage is terminated under this subdivision uniformly without regard to any health status-related factor relating to any covered individual;

(9) The director finds that the continuation of the coverage would:

(a) Not be in the best interests of the policyholders or certificate holders; or

(b) Impair the carrier's ability to meet its contractual obligations.

In such instance the director shall assist affected small employers in finding replacement coverage.

2. A small employer carrier that elects not to renew a health benefit plan under subdivision (7) of subsection 1 of this section shall be prohibited from writing new business in the small employer market in this state for a period of five years from the date of notice to the director.

3. In the case of a small employer carrier doing business in one established geographic service area of the state, the provisions of this section shall apply only to the carrier's operations in such service area.

4. At the time of coverage renewal, a health insurance issuer may modify the health insurance coverage for a product offered to a group health plan in the small group market if, for coverage that is available in such market other than only through one or more bona fide associations, such modification is consistent with state law and effective on a uniform basis among group health plans with that product. For purposes of this subsection, renewal shall be deemed to occur not more often than annually on the anniversary of the effective date of the group health plan's health insurance coverage unless a longer term is specified in the policy or contract.

5. In the case of health insurance coverage that is made available by a small employer carrier only through one or more bona fide associations, references to plan sponsor in this section is deemed, with respect to coverage provided to a small employer member of the association, to include a reference to such employer.

379.940. 1. (1) Every small employer carrier shall, as a condition of transacting business in this state with small employers, actively offer to small employers all health benefit plans it actively markets to small employers in this state, except for plans developed for health benefit trust funds.

(2) (a) A small employer carrier shall issue a health benefit plan to any eligible small employer that applies for either such plan and agrees to make the required premium payments and to satisfy the other reasonable provisions of the health benefit plan not inconsistent with sections 379.930 to 379.952.

(b) **For health benefit plans purchased on or before March 23, 2010,** in the case of a small employer carrier that establishes more than one class of business pursuant to section 379.934, the small employer carrier shall maintain and issue to eligible small employers all health benefit plans in each class of business so established. A small employer carrier may apply reasonable criteria in determining whether to accept a small employer into a class of business, provided that:

a. The criteria are not intended to discourage or prevent acceptance of small employers applying for a health benefit plan;

b. The criteria are not related to the health status or claim experience of the small employer;

c. The criteria are applied consistently to all small employers applying for coverage in the class of business; and

d. The small employer carrier provides for the acceptance of all eligible small employers into one or more classes of business. The provisions of this paragraph shall not apply to a class of business into which the small employer carrier is no longer enrolling new small employers.

2. Health benefit plans **purchased on or before March 23, 2010** covering small employers shall comply with the following provisions:

(1) A health benefit plan shall comply with the provisions of sections 376.450 and 376.451.

(2) (a) Except as provided in paragraph (d) of this subdivision, requirements used by a small employer carrier in determining whether to provide coverage to a small employer, including requirements for minimum participation of eligible employees and minimum employer contributions, shall be applied uniformly among all small employers with the same number of eligible employees applying for coverage or receiving coverage from the small employer carrier.

(b) A small employer carrier shall not require a minimum participation level greater than:

a. One hundred percent of eligible employees working for groups of three or less employees; and

b. Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer carrier shall not consider employees or dependents who have qualifying existing coverage in determining whether the applicable percentage of participation is met.

(d) A small employer carrier shall not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(3) (a) If a small employer carrier offers coverage to a small employer, the small employer carrier shall offer coverage to all of the eligible employees of a small employer and their dependents who apply for enrollment during the period in which the employee first becomes eligible to enroll under the terms of the plan. A small employer carrier shall not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group.

(b) A small employer carrier shall not modify a health benefit plan with respect to a small employer or any eligible employee or dependent through riders, endorsements or otherwise, to restrict or exclude coverage for certain diseases or medical conditions otherwise covered by the health benefit plan.

(c) An eligible employee may choose to retain their individually underwritten health benefit plan at the time such eligible employee is entitled to enroll in a small employer health benefit plan. If the eligible employee retains their individually underwritten health benefit plan, a small employer may provide a defined contribution through the establishment of a cafeteria 125 plan under section 379.953. Small employers shall establish an equal amount of defined contribution for all plans. If an eligible employee retains their individually underwritten health benefit plan under this subdivision, the provisions of sections 379.930 to 379.952 shall not apply to the individually underwritten health benefit plan.

3. (1) Subject to subdivision (3) of this subsection, a small employer carrier shall not be required to offer coverage or accept applications pursuant to subsection 1 of this section in the case of the following:

(a) To a small employer, where the small employer is not physically located in the carrier's established geographic service area;

(b) To an employee, when the employee does not live, work or reside within the carrier's established geographic service area; or

(c) Within an area where the small employer carrier reasonably anticipates, and demonstrates to the satisfaction of the director, that it will not have the capacity within its established geographic service area to deliver service adequately to the members of such groups because of its obligations to existing group policyholders and enrollees.

(2) A small employer carrier that cannot offer coverage pursuant to paragraph (c) of subdivision (1) of this subsection may not offer coverage in the applicable area to new cases of employer groups with more than fifty eligible employees or to any small employer groups until the later of one hundred eighty days following each such refusal or the date on which the carrier notifies the director that it has regained capacity to deliver services to small employer groups.

(3) A small employer carrier shall apply the provisions of this subsection uniformly to all small employers without regard to the claims experience of a small employer and its employees and their dependents or any health status-related factor relating to such employees and their dependents.

4. A small employer carrier shall not be required to provide coverage to small employers pursuant to subsection 1 of this section for any period of time for which the director determines that requiring the acceptance of small employers in accordance with the provisions of subsection 1 of this section would place the small employer carrier in a financially impaired condition, and the small employer is applying this subsection uniformly to all small

employers in the small group market in this state consistent with applicable state law and without regard to the claims experience of a small employer and its employees and their dependents or any health status-related factor relating to such employees and their dependents."; and

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

FIFTY-FIFTH DAY, TUESDAY, APRIL 19, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Beloved, follow not that which is evil, but that which is good. He that doeth good is a God. (III John 1:11)

O Loving God who hears our prayers and answers according to Your holy wisdom, to You we come in this silent moment of quiet devotion. We humble ourselves in Your presence, confessing that we have done that which we ought not to have done and left undone that which we should have done. Have mercy upon us, forgive us and send us out into this day with creative minds to think clearly, with hearts warm with love to spread happiness, and with hands ready to serve You more fully and our citizens more faithfully.

Help us to bridge the divides which separate us, to heal the festering sores which infect our political life, to foster unity among our people, and to promote cooperation between political parties and ideas.

Breathe upon us Your spirit; reveal to us Your ways and give us courage to walk in them to the glory of Your Holy Name now and forever.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-fourth day was approved as printed.

AMEND House Committee Substitute for House Bill No. 2345, Page 1, In the Title, Lines 2-3, by deleting the phrase, "a connected vehicle technology testing program for trucks" and inserting in lieu thereof the phrase, "transportation of persons and property"; and

Further amend said bill and page, Section A, Line 2, by inserting immediately after all of said section and line the following:

"168.133. 1. The school district shall ensure that a criminal background check is conducted on any person employed after January 1, 2005, authorized to have contact with pupils and prior to the individual having contact with any pupil. Such persons include, but are not limited to, administrators, teachers, aides, paraprofessionals, assistants, secretaries, custodians, cooks, and nurses. The school district shall also ensure that a criminal background check is conducted for school bus drivers. The district may allow such drivers to operate buses pending the result of the criminal background check. For bus drivers, the school district shall be responsible for conducting the criminal background check on drivers employed by the school district. For drivers employed by a pupil transportation company**, a municipality, or any other entity** under contract with the school district, the criminal background check shall be conducted pursuant to section 43.540 and conform to the requirements established in the National Child Protection Act of 1993, as amended by the Volunteers for Children Act. Personnel who have successfully undergone a criminal background check and a check of the family care safety registry as part of the professional license application process under section 168.021 and who have received clearance on the checks within one prior year of employment shall be considered to have completed the background check requirement. A criminal background check under this section shall include a search of any information publicly available in an electronic format through a public index or single case display.

2. In order to facilitate the criminal history background check, the applicant shall submit a set of fingerprints collected pursuant to standards determined by the Missouri highway patrol. The fingerprints shall be used by the highway patrol to search the criminal history repository and shall be forwarded to the Federal Bureau of Investigation for searching the federal criminal history files.

3. The applicant shall pay the fee for the state criminal history record information pursuant to section 43.530 and sections 210.900 to 210.936 and pay the appropriate fee determined by the Federal Bureau of Investigation for the federal criminal history record when he or she applies for a position authorized to have contact with pupils pursuant to this section. The department shall distribute the fees collected for the state and federal criminal histories to the Missouri highway patrol.

4. The department of elementary and secondary education shall facilitate an annual check of employed persons holding current active certificates under section 168.021 against criminal history records in the central repository under section 43.530, the sexual offender registry under sections 589.400 to 589.475, and child abuse central registry under sections 210.109 to 210.183. The department of elementary and secondary education shall facilitate procedures for school districts to submit personnel information annually for persons employed by the school districts who do not hold a current valid certificate who are required by subsection 1 of this section to undergo a criminal background check, sexual offender registry check, and child abuse central registry check. The Missouri state highway patrol shall provide ongoing electronic updates to criminal history background checks of those persons previously submitted, both those who have an active certificate and those who do not have an active certificate, by the department of elementary and secondary education. This shall fulfill the annual check against the criminal history records in the central repository under section 43.530.

5. The school district may adopt a policy to provide for reimbursement of expenses incurred by an employee for state and federal criminal history information pursuant to section 43.530.

6. JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

FIFTY-SIXTH DAY, WEDNESDAY, APRIL 20, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Marilyn Seaton, Office of the Assistant Chief Clerk.

Lord, we pray that we will remember that all that we have and are is one of the unique and never to be repeated ways You have chosen to express Yourself in time and space. Each of us, made in Your image and likeness, is yet another promise You have made to the universe that You will continue to love it and care for it. To one of our own, the quiet, caring, thoughtful Statesman Carl Vogel, may You have mercy on his soul and may he rest in peace.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Emily Gutierrez, Miguel Cobos, Lauren Widman, and Maya Rideout.

The Journal of the fifty-fifth day was approved as printed.

3. Encourage the cooperation of member states in regulating multistate physical therapy practice;

4. Support spouses of relocating military members;

5. Enhance the exchange of licensure, investigative, and disciplinary information between member states; and

6. Allow a remote state to hold a provider of services with a compact privilege in that state accountable to that state's practice standards.

334.1203. DEFINITIONS

4. "Compact privilege" means the authorization granted by a remote state to allow a licensee from another member state to practice as a physical therapist or work as a physical therapist assistant in the remote state under its laws and rules. The practice of physical therapy occurs in the member state where the patient/client is located at the time of the patient/client encounter.

5. "Continuing competence" means a requirement, as a condition of license renewal, to provide evidence of participation in, and/or completion of, educational and professional activities relevant to practice or area of work.

Section 534 and 42 U.S.C. Section 14616.

C. A member state shall grant the compact privilege to a licensee holding a valid unencumbered license in another member state in accordance with the terms of the compact and rules.

D. Member states may charge a fee for granting a compact privilege.

8. Report to the commission adverse action taken by any nonmember state within thirty days from the date the adverse action is taken.

B. The compact privilege is valid until the expiration date of the home license. The licensee must comply with the requirements of section 334.1209.A. to maintain the compact privilege in the remote state.

C. A licensee providing physical therapy in a remote state under the compact privilege shall function within the laws and regulations of the remote state.

D. A licensee providing physical therapy in a remote state is subject to that state's regulatory authority. A remote state may, in accordance with due process and that state's laws, remove a licensee's compact privilege in the remote state for a specific period of time, impose fines, and/or take any other necessary actions to protect the health and safety of its citizens. The licensee is not eligible for a compact privilege in any state until the specific time for removal has passed and all fines are paid.

B. A home state may take adverse action based on the investigative information of a remote state, so long as the home state follows its own procedures for imposing adverse action.

C. Nothing in this compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the member state's laws. Member states must require licensees who enter any alternative programs in lieu of discipline to agree not to practice in any other member state during the term of the alternative program without prior authorization from such other member state.

D. Any member state may investigate actual or alleged violations of the statutes and rules authorizing the practice of physical therapy in any other member state in which a physical therapist or physical therapist assistant holds a license or compact privilege.

1. Take adverse actions as set forth in section 334.1209.D. against a licensee's compact privilege in the state;

2. Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses, and the production of evidence. Subpoenas issued by a physical therapy licensing board in a party state for the attendance and testimony of witnesses, and/or the production of evidence from another party state, shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses and/or evidence are located; and

3. If otherwise permitted by state law, recover from the licensee the costs of investigations and disposition of cases resulting from any adverse action taken against that licensee.

2. Member states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the compact.

3. Nothing in this compact shall be construed to be a waiver of sovereign immunity.

B. Membership, Voting, and Meetings

i. Disclosure of information related to any investigative reports prepared by or on behalf of or for use of the commission or other committee charged with responsibility of investigation or determination of compliance issues pursuant to the compact; or

j. Matters specifically exempted from disclosure by federal or member state statute.

3. If a meeting, or portion of a meeting, is closed pursuant to this provision, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision.

4. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefore, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction.

F. Financing of the Commission

1. The commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

2. The commission may accept any and all appropriate revenue sources, donations, and grants of money, equipment, supplies, materials, and services.

3. The commission may levy on and collect an annual assessment from each member state or impose fees on other parties to cover the cost of the operations and activities of the commission and its staff, which must be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule binding upon all member states.

4. The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the member states, except by and with the authority of the member state.

5. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

G. Qualified Immunity, Defense, and Indemnification

1. The members, officers, executive director, employees and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities; provided that nothing in this paragraph shall be construed to protect any such person from suit and/or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person.

2. The commission shall defend any member, officer, executive director, employee or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

3. The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

334.1221. DATA SYSTEM

A. The commission shall provide for the development, maintenance, and utilization of a coordinated database and reporting system containing licensure, adverse action, and investigative information on all licensed individuals in member states.

B. Notwithstanding any other provision of state law to the contrary, a member state shall submit a uniform data set to the data system on all individuals to whom this compact is applicable as required by the rules of the commission, including:

1. Identifying information;

2. Licensure data;

3. Adverse actions against a license or compact privilege;

4. Nonconfidential information related to alternative program participation;

5. Any denial of application for licensure, and the reason(s) for such denial; and

6. Other information that may facilitate the administration of this compact, as determined by the rules of the commission.

C. Investigative information pertaining to a licensee in any member state will only be available to other party states.

D. The commission shall promptly notify all member states of any adverse action taken against a licensee or an individual applying for a license. Adverse action information pertaining to a licensee in any member state will be available to any other member state.

E. Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

F. Any information submitted to the data system that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the data system.

334.1224. RULEMAKING

A. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

B. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within four years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

C. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

D. Prior to promulgation and adoption of a final rule or rules by the commission, and at least thirty days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:

1. On the website of the commission or other publicly accessible platform; and

2. On the website of each member state physical therapy licensing board or other publicly accessible platform or the publication in which each state would otherwise publish proposed rules.

E. The notice of proposed rulemaking shall include:

1. The proposed time, date, and location of the meeting in which the rule will be considered and voted upon;

2. The text of the proposed rule or amendment and the reason for the proposed rule;

3. A request for comments on the proposed rule from any interested person; and

4. The manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

F. Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

G. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

1. At least twenty-five persons;

2. A state or federal governmental subdivision or agency; or

3. An association having at least twenty-five members.

H. If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing. If the hearing is held via electronic means, the commission shall publish the mechanism for access to the electronic hearing.

1. All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

2. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

3. All hearings will be recorded. A copy of the recording will be made available on request.

4. Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

I. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

J. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

K. The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

L. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;

2. Prevent a loss of commission or member state funds;

3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

4. Protect public health and safety.

M. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

334.1227. OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

A. Oversight

1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities or actions of the commission.

3. The commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

B. Default, Technical Assistance, and Termination

1. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

a. Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default and/or any other action to be taken by the commission; and

b. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

4. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

6. The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

C. Dispute Resolution

1. Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

2. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement

1. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

2. By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

334.1230. DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR PHYSICAL THERAPY PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

A. The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

B. Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

C. Any member state may withdraw from this compact by enacting a statute repealing the same.

1. A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's physical therapy licensing board to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

D. Nothing contained in this compact shall be construed to invalidate or prevent any physical therapy licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

E. This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

334.1233. CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any

government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any party state, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Davis, **House Amendment No. 1** was adopted.

Representative Swan offered **House Amendment No. 2**.

House Amendment No. 2

AMEND House Committee Substitute for House Bill No. 1465, Page 10, Section 334.104, Line 156, by inserting immediately after all of said section and line the following:

"**335.360. 1. The party states find that:**

(1) The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws;

(2) Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public;

(3) The expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation;

(4) New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex;

(5) The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant to both nurses and states; and

(6) Uniformity of nurse licensure requirements throughout the states promotes public safety and public health benefits.

2. The general purposes of this compact are to:

(1) Facilitate the states' responsibility to protect the public's health and safety;

(2) Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation;

(3) Facilitate the exchange of information between party states in the areas of nurse regulation, investigation, and adverse actions;

(4) Promote compliance with the laws governing the practice of nursing in each jurisdiction;

(5) Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses;

(6) Decrease redundancies in the consideration and issuance of nurse licenses; and

(7) Provide opportunities for interstate practice by nurses who meet uniform licensure requirements.

335.365. As used in this compact, the following terms shall mean:

(1) "Adverse action", any administrative, civil, equitable, or criminal action permitted by a state's laws which is imposed by a licensing board or other authority against a nurse, including actions against an individual's license or multistate licensure privilege such as revocation, suspension, probation, monitoring of the licensee, limitation on the licensee's practice, or any other encumbrance on licensure affecting a nurse's authorization to practice, including issuance of a cease and desist action;

(2) "Alternative program", a nondisciplinary monitoring program approved by a licensing board;

(3) "Coordinated licensure information system", an integrated process for collecting, storing, and sharing information on nurse licensure and enforcement activities related to nurse licensure laws that is administered by a nonprofit organization composed of and controlled by licensing boards;

(4) "Current significant investigative information":

(a) Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond, if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction; or

(b) Investigative information that indicates that the nurse represents an immediate threat to public health and safety, regardless of whether the nurse has been notified and had an opportunity to respond;

(5) "Encumbrance", a revocation or suspension of, or any limitation on, the full and unrestricted practice of nursing imposed by a licensing board;

(6) "Home state", the party state which is the nurse's primary state of residence;

(7) "Licensing board", a party state's regulatory body responsible for issuing nurse licenses;

(8) "Multistate license", a license to practice as a registered nurse, "RN", or a licensed practical or vocational nurse, "LPN" or "VN", issued by a home state licensing board that authorizes the licensed nurse to practice in all party states under a multistate licensure privilege;

(9) "Multistate licensure privilege", a legal authorization associated with a multistate license permitting the practice of nursing as either an RN, LPN, or VN in a remote state;

(10) "Nurse", an RN, LPN, or VN, as those terms are defined by each party state's practice laws;

(11) "Party state", any state that has adopted this compact;

(12) "Remote state", a party state, other than the home state;

(13) "Single-state license", a nurse license issued by a party state that authorizes practice only within the issuing state and does not include a multistate licensure privilege to practice in any other party state;

(14) "State", a state, territory, or possession of the United States and the District of Columbia;

(15) "State practice laws", a party state's laws, rules, and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. State practice laws do not include requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.

335.370. 1. A multistate license to practice registered or licensed practical or vocational nursing issued by a home state to a resident in that state shall be recognized by each party state as authorizing a nurse to practice as a registered nurse, "RN", or as a licensed practical or vocational nurse, "LPN" or "VN", under a multistate licensure privilege, in each party state.

2. A state must implement procedures for considering the criminal history records of applicants for initial multistate license or licensure by endorsement. Such procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant's criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records.

3. Each party state shall require the following for an applicant to obtain or retain a multistate license in the home state:

(1) Meets the home state's qualifications for licensure or renewal of licensure as well as all other applicable state laws;

(2) (a) Has graduated or is eligible to graduate from a licensing board-approved RN or LPN or VN prelicensure education program; or

(b) Has graduated from a foreign RN or LPN or VN prelicensure education program that has been approved by the authorized accrediting body in the applicable country and has been verified by an independent credentials review agency to be comparable to a licensing board-approved prelicensure education program;

(3) Has, if a graduate of a foreign prelicensure education program not taught in English or if English is not the individual's native language, successfully passed an English proficiency examination that includes the components of reading, speaking, writing, and listening;

(4) Has successfully passed an NCLEX-RN or NCLEX-PN examination or recognized predecessor, as applicable;

(5) Is eligible for or holds an active, unencumbered license;

(6) Has submitted, in connection with an application for initial licensure or licensure by endorsement, fingerprints or other biometric data for the purpose of obtaining criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records;

(7) Has not been convicted or found guilty, or has entered into an agreed disposition, of a felony offense under applicable state or federal criminal law;

(8) Has not been convicted or found guilty, or has entered into an agreed disposition, of a misdemeanor offense related to the practice of nursing as determined on a case-by-case basis;

(9) Is not currently enrolled in an alternative program;

(10) Is subject to self-disclosure requirements regarding current participation in an alternative program; and

(11) Has a valid United States Social Security number.

4. All party states shall be authorized, in accordance with existing state due process law, to take adverse action against a nurse's multistate licensure privilege such as revocation, suspension, probation, or any other action that affects a nurse's authorization to practice under a multistate licensure privilege, including cease and desist actions. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

5. A nurse practicing in a party state shall comply with the state practice laws of the state in which the client is located at the time service is provided. The practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of the party state in which the client is located. The practice of nursing in a party state under a multistate licensure privilege shall subject a nurse to the jurisdiction of the licensing board, the courts, and the laws of the party state in which the client is located at the time service is provided.

6. Individuals not residing in a party state shall continue to be able to apply for a party state's single-state license as provided under the laws of each party state. However, the single-state license granted to these individuals shall not be recognized as granting the privilege to practice nursing in any other party state. Nothing in this compact shall affect the requirements established by a party state for the issuance of a single-state license.

7. Any nurse holding a home state multistate license on the effective date of this compact may retain and renew the multistate license issued by the nurse's then current home state, provided that:

(1) A nurse who changes primary state of residence after this compact's effective date shall meet all applicable requirements as provided in subsection 3 of this section to obtain a multistate license from a new home state;

(2) A nurse who fails to satisfy the multistate licensure requirements in subsection 3 of this section due to a disqualifying event occurring after this compact's effective date shall be ineligible to retain or renew a multistate license, and the nurse's multistate license shall be revoked or deactivated in accordance with applicable rules adopted by the Interstate Commission of Nurse Licensure Compact Administrators, commission.

335.375. 1. Upon application for a multistate license, the licensing board in the issuing party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any encumbrances on any license or multistate licensure privilege held by the applicant, whether any adverse action has been taken against any license or multistate licensure privilege held by the applicant, and whether the applicant is currently participating in an alternative program.

2. A nurse shall hold a multistate license, issued by the home state, in only one party state at a time.

3. If a nurse changes primary state of residence by moving between two party states, the nurse shall apply for licensure in the new home state, and the multistate license issued by the prior home state shall be deactivated in accordance with applicable rules adopted by the commission.

(1) The nurse may apply for licensure in advance of a change in primary state of residence.

(2) A multistate license shall not be issued by the new home state until the nurse provides satisfactory evidence of a change in primary state of residence to the new home state and satisfies all applicable requirements to obtain a multistate license from the new home state.

4. If a nurse changes primary state of residence by moving from a party state to a non-party state, the multistate license issued by the prior home state shall convert to a single-state license, valid only in the former home state.

335.380. 1. In addition to the other powers conferred by state law, a licensing board shall have the authority to:

(1) Take adverse action against a nurse's multistate licensure privilege to practice within that party state;

(a) Only the home state shall have the power to take adverse action against a nurse's license issued by the home state;

(b) For purposes of taking adverse action, the home state licensing board shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action;

(2) Issue cease and desist orders or impose an encumbrance on a nurse's authority to practice within that party state;

(3) Complete any pending investigations of a nurse who changes primary state of residence during the course of such investigations. The licensing board shall also have the authority to take appropriate action and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions;

(4) Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located;

(5) Obtain and submit, for each nurse licensure applicant, fingerprint or other biometric based information to the Federal Bureau of Investigation for criminal background checks, receive the results of the Federal Bureau of Investigation record search on criminal background checks, and use the results in making licensure decisions;

(6) If otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse; and

(7) Take adverse action based on the factual findings of the remote state; provided that, the licensing board follows its own procedures for taking such adverse action.

2. If adverse action is taken by the home state against a nurse's multistate license, the nurse's multistate licensure privilege to practice in all other party states shall be deactivated until all encumbrances have been removed from the multistate license. All home state disciplinary orders that impose adverse action against a nurse's multistate license shall include a statement that the nurse's multistate licensure privilege is deactivated in all party states during the pendency of the order.

3. Nothing in this compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action. The home state licensing board shall deactivate the multistate licensure privilege under the multistate license of any nurse for the duration of the nurse's participation in an alternative program.

335.385. 1. All party states shall participate in a coordinated licensure information system of all licensed registered nurses, "RNs", and licensed practical or vocational nurses, "LPNs" or "VNs". This system shall include information on the licensure and disciplinary history of each nurse, as submitted by party states, to assist in the coordination of nurse licensure and enforcement efforts.

2. The commission, in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection, and exchange of information under this compact.

3. All licensing boards shall promptly report to the coordinated licensure information system any adverse action, any current significant investigative information, denials of applications with the reasons for such denials, and nurse participation in alternative programs known to the licensing board regardless of whether such participation is deemed nonpublic or confidential under state law.

4. Current significant investigative information and participation in nonpublic or confidential alternative programs shall be transmitted through the coordinated licensure information system only to party state licensing boards.

5. Notwithstanding any other provision of law, all party state licensing boards contributing information to the coordinated licensure information system may designate information that shall not be shared with non-party states or disclosed to other entities or individuals without the express permission of the contributing state.

6. Any personally identifiable information obtained from the coordinated licensure information system by a party state licensing board shall not be shared with non-party states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

7. Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

8. The compact administrator of each party state shall furnish a uniform data set to the compact administrator of each other party state, which shall include, at a minimum:

(1) Identifying information;

(2) Licensure data;

(3) Information related to alternative program participation; and

(4) Other information that may facilitate the administration of this compact, as determined by commission rules.

9. The compact administrator of a party state shall provide all investigative documents and information requested by another party state.

335.390. 1. The party states hereby create and establish a joint public entity known as the "Interstate Commission of Nurse Licensure Compact Administrators".

(1) The commission is an instrumentality of the party states.

(2) Venue is proper, and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

(3) Nothing in this compact shall be construed to be a waiver of sovereign immunity.

2. (1) Each party state shall have and be limited to one administrator. The head of the state licensing board or designee shall be the administrator of this compact for each party state. Any administrator may be removed or suspended from office as provided by the law of the state from which the administrator is appointed. Any vacancy occurring in the commission shall be filled in accordance with the laws of the party state in which the vacancy exists.

(2) Each administrator shall be entitled to one vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the commission. An administrator shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for an administrator's participation in meetings by telephone or other means of communication.

(3) The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws or rules of the commission.

(4) All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in section 335.395.

(5) The commission may convene in a closed, nonpublic meeting if the commission must discuss:

(a) Noncompliance of a party state with its obligations under this compact;

(b) The employment, compensation, discipline, or other personnel matters, practices, or procedures related to specific employees, or other matters related to the commission's internal personnel practices and procedures;

(c) Current, threatened, or reasonably anticipated litigation;

(d) Negotiation of contracts for the purchase or sale of goods, services, or real estate;

(e) Accusing any person of a crime or formally censuring any person;

(f) Disclosure of trade secrets or commercial or financial information that is privileged or confidential;

(g) Disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

(h) Disclosure of investigatory records compiled for law enforcement purposes;

(i) Disclosure of information related to any reports prepared by or on behalf of the commission for the purpose of investigation of compliance with this compact; or

(j) Matters specifically exempted from disclosure by federal or state statute.

(6) If a meeting, or portion of a meeting, is closed pursuant to subdivision (5) of this subsection, the commission's legal counsel or designee shall certify that the meeting shall be closed and shall reference each relevant exempting provision. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction.

3. The commission shall, by a majority vote of the administrators, prescribe bylaws or rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of this compact including, but not limited to:

(1) Establishing the fiscal year of the commission;

(2) Providing reasonable standards and procedures:

(a) For the establishment and meetings of other committees; and

(b) Governing any general or specific delegation of any authority or function of the commission;

(3) Providing reasonable procedures for calling and conducting meetings of the commission, ensuring reasonable advance notice of all meetings and providing an opportunity for attendance of such meetings by interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals, and proprietary information, including trade secrets. The commission may meet in closed session only after a majority of the administrators vote to close a meeting in whole or in part. As soon as practicable, the commission must make public a copy of the vote to close the meeting revealing the vote of each administrator, with no proxy votes allowed;

(4) Establishing the titles, duties, and authority and reasonable procedures for the election of the officers of the commission;

(5) Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar laws of any party state, the bylaws shall exclusively govern the personnel policies and programs of the commission; and

(6) Providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of this compact after the payment or reserving of all of its debts and obligations.

4. The commission shall publish its bylaws and rules, and any amendments thereto, in a convenient form on the website of the commission.

5. The commission shall maintain its financial records in accordance with the bylaws.

6. The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws.

7. The commission shall have the following powers:

(1) To promulgate uniform rules to facilitate and coordinate implementation and administration of this compact. The rules shall have the force and effect of law and shall be binding in all party states;

(2) To bring and prosecute legal proceedings or actions in the name of the commission; provided that, the standing of any licensing board to sue or be sued under applicable law shall not be affected;

(3) To purchase and maintain insurance and bonds;

(4) To borrow, accept, or contract for services of personnel including, but not limited to, employees of a party state or nonprofit organizations;

(5) To cooperate with other organizations that administer state compacts related to the regulation of nursing including, but not limited to, sharing administrative or staff expenses, office space, or other resources;

(6) To hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of this compact, and to establish the commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;

(7) To accept any and all appropriate donations, grants and gifts of money, equipment, supplies, materials, and services, and to receive, utilize, and dispose of the same; provided that, at all times the commission shall avoid any appearance of impropriety or conflict of interest;

(8) To lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve, or use, any property, whether real, personal, or mixed; provided that, at all times the commission shall avoid any appearance of impropriety;

(9) To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, whether real, personal, or mixed;

(10) To establish a budget and make expenditures;

(11) To borrow money;

(12) To appoint committees, including advisory committees comprised of administrators, state nursing regulators, state legislators or their representatives, consumer representatives, and other such interested persons;

(13) To provide and receive information from, and to cooperate with, law enforcement agencies;

(14) To adopt and use an official seal; and

(15) To perform such other functions as may be necessary or appropriate to achieve the purposes of this compact consistent with the state regulation of nurse licensure and practice.

8. (1) The commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

(2) The commission may also levy on and collect an annual assessment from each party state to cover the cost of its operations, activities, and staff in its annual budget as approved each year. The aggregate annual assessment amount, if any, shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule that is binding upon all party states.

(3) The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the party states, except by and with the authority of such party state.

(4) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

9. (1) The administrators, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property, personal injury, or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of commission employment, duties, or responsibilities; provided that, nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional, willful, or wanton misconduct of that person.

(2) The commission shall defend any administrator, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that, nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further that the actual or alleged act, error, or omission did not result from that person's intentional, willful, or wanton misconduct.

(3) The commission shall indemnify and hold harmless any administrator, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that, the actual or alleged act, error, or omission did not result from the intentional, willful, or wanton misconduct of that person.

335.395. 1. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment and shall have the same force and effect as provisions of this compact.

2. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

3. Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty days in advance of the meeting at which the rule shall be considered and voted upon, the commission shall file a notice of proposed rulemaking:

(1) On the website of the commission; and

(2) On the website of each licensing board or the publication in which each state would otherwise publish proposed rules.

4. The notice of proposed rulemaking shall include:

(1) The proposed time, date, and location of the meeting in which the rule shall be considered and voted upon;

(2) The text of the proposed rule or amendment, and the reason for the proposed rule;

(3) A request for comments on the proposed rule from any interested person;

(4) The manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

5. Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

6. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment.

7. The commission shall publish the place, time, and date of the scheduled public hearing.

(1) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing. All hearings shall be recorded, and a copy shall be made available upon request.

(2) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

8. If no one appears at the public hearing, the commission may proceed with promulgation of the proposed rule.

9. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

10. The commission shall, by majority vote of all administrators, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

11. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing; provided that, the usual rulemaking procedures provided in this compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that shall be adopted immediately in order to:

(1) Meet an imminent threat to public health, safety, or welfare;

(2) Prevent a loss of commission or party state funds; or

(3) Meet a deadline for the promulgation of an administrative rule that is required by federal law or rule.

12. The commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision shall be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the commission prior to the end of the notice period. If no challenge is made, the revision shall take effect without further action. If the revision is challenged, the revision shall not take effect without the approval of the commission.

335.400. 1. (1) Each party state shall enforce this compact and take all actions necessary and appropriate to effectuate this compact's purposes and intent.

(2) The commission shall be entitled to receive service of process in any proceeding that may affect the powers, responsibilities, or actions of the commission, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process in such proceeding to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

2. (1) If the commission determines that a party state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

(a) Provide written notice to the defaulting state and other party states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the commission; and

(b) Provide remedial training and specific technical assistance regarding the default.

(2) If a state in default fails to cure the default, the defaulting state's membership in this compact shall be terminated upon an affirmative vote of a majority of the administrators, and all rights, privileges, and benefits conferred by this compact shall be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(3) Termination of membership in this compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor of the defaulting state, to the executive officer of the defaulting state's licensing board, and each of the party states.

(4) A state whose membership in this compact has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(5) The commission shall not bear any costs related to a state that is found to be in default or whose membership in this compact has been terminated unless agreed upon in writing between the commission and the defaulting state.

(6) The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district in which the commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

3. (1) Upon request by a party state, the commission shall attempt to resolve disputes related to the compact that arise among party states and between party and non-party states.

(2) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes, as appropriate.

(3) In the event the commission cannot resolve disputes among party states arising under this compact:

(a) The party states shall submit the issues in dispute to an arbitration panel, which shall be comprised of individuals appointed by the compact administrator in each of the affected party states and an individual mutually agreed upon by the compact administrators of all the party states involved in the dispute.

(b) The decision of a majority of the arbitrators shall be final and binding.

4. (1) The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

(2) By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district in which the commission has its principal offices against a party state that is in default to enforce compliance with the provisions of this compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(3) The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

335.405. 1. This compact shall become effective and binding on the earlier of the date of legislative enactment of this compact into law by no less than twenty-six states or December 31, 2018. All party states to this compact that also were parties to the prior Nurse Licensure Compact superseded by this compact "prior compact" shall be deemed to have withdrawn from said prior compact within six months after the effective date of this compact.

2. Each party state to this compact shall continue to recognize a nurse's multistate licensure privilege to practice in that party state issued under the prior compact until such party state has withdrawn from the prior compact.

3. Any party state may withdraw from this compact by enacting a statute repealing the same. A party state's withdrawal shall not take effect until six months after enactment of the repealing statute.

4. A party state's withdrawal or termination shall not affect the continuing requirement of the withdrawing or terminated state's licensing board to report adverse actions and significant investigations occurring prior to the effective date of such withdrawal or termination.

5. Nothing contained in this compact shall be construed to invalidate or prevent any nurse licensure agreement or other cooperative arrangement between a party state and a non-party state that is made in accordance with the other provisions of this compact.

6. This compact may be amended by the party states. No amendment to this compact shall become effective and binding upon the party states unless and until it is enacted into the laws of all party states.

7. Representatives of non-party states to this compact shall be invited to participate in the activities of the commission on a nonvoting basis prior to the adoption of this compact by all states.

335.410. This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any party state, this compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

335.415. 1. The term "head of the nurse licensing board" as referred to in section 335.390 of this compact shall mean the executive director of the Missouri state board of nursing.

2. This compact is designed to facilitate the regulation of nurses, and does not relieve employers from complying with statutorily imposed obligations.

3. This compact does not supersede existing state labor laws.

[335.300. 1. The party states find that:

(1) The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws;

(2) Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public;

(3) The expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation;

(4) New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex;

(5) The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant to both nurses and states.

2. The general purposes of this compact are to:

(1) Facilitate the states' responsibility to protect the public's health and safety;

(2) Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation;

(3) Facilitate the exchange of information between party states in the areas of nurse regulation, investigation, and adverse actions;

(4) Promote compliance with the laws governing the practice of nursing in each jurisdiction;

(5) Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses.**]**

[335.305. As used in this compact, the following terms shall mean:

(1) "Adverse action", a home or remote state action;

(2) "Alternative program", a voluntary, nondisciplinary monitoring program approved by a nurse licensing board;

(3) "Coordinated licensure information system", an integrated process for collecting, storing, and sharing information on nurse licensure and enforcement activities related to nurse licensure laws, which is administered by a nonprofit organization composed of and controlled by state nurse licensing boards;

(4) "Current significant investigative information":

(a) Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction; or

(b) Investigative information that indicates that the nurse represents an immediate threat to public health and safety regardless of whether the nurse has been notified and had an opportunity to respond;

(5) "Home state", the party state that is the nurse's primary state of residence;

(6) "Home state action", any administrative, civil, equitable, or criminal action permitted by the home state's laws that are imposed on a nurse by the home state's licensing board or other authority including actions against an individual's license such as: revocation, suspension, probation, or any other action affecting a nurse's authorization to practice;

(7) "Licensing board", a party state's regulatory body responsible for issuing nurse licenses;

(8) "Multistate licensing privilege", current, official authority from a remote state permitting the practice of nursing as either a registered nurse or a licensed practical/vocational nurse in such party state. All party states have the authority, in accordance with existing state due process law, to take actions against the nurse's privilege such as: revocation, suspension, probation, or any other action that affects a nurse's authorization to practice;

(9) "Nurse", a registered nurse or licensed/vocational nurse, as those terms are defined by each state's practice laws;

(10) "Party state", any state that has adopted this compact;

(11) "Remote state", a party state, other than the home state:

(a) Where a patient is located at the time nursing care is provided; or

(b) In the case of the practice of nursing not involving a patient, in such party state where the recipient of nursing practice is located;

(12) "Remote state action":

(a) Any administrative, civil, equitable, or criminal action permitted by a remote state's laws which are imposed on a nurse by the remote state's licensing board or other authority including actions against an individual's multistate licensure privilege to practice in the remote state; and

(b) Cease and desist and other injunctive or equitable orders issued by remote states or the licensing boards thereof;

(13) "State", a state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico;

(14) "State practice laws", those individual party's state laws and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. State practice laws does not include the initial qualifications for licensure or requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.**]**

[335.310. 1. A license to practice registered nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a multistate licensure privilege to practice as a registered nurse in such party state. A license to practice licensed practical/vocational nursing issued by a home state to a resident in that state will be recognized by

each party state as authorizing a multistate licensure privilege to practice as a licensed practical/vocational nurse in such party state. In order to obtain or retain a license, an applicant must meet the home state's qualifications for licensure and license renewal as well as all other applicable state laws.

2. Party states may, in accordance with state due process laws, limit or revoke the multistate licensure privilege of any nurse to practice in their state and may take any other actions under their applicable state laws necessary to protect the health and safety of their citizens. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

3. Every nurse practicing in a party state must comply with the state practice laws of the state in which the patient is located at the time care is rendered. In addition, the practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of a party state. The practice of nursing will subject a nurse to the jurisdiction of the nurse licensing board and the courts, as well as the laws, in that party state.

4. This compact does not affect additional requirements imposed by states for advanced practice registered nursing. However, a multistate licensure privilege to practice registered nursing granted by a party state shall be recognized by other party states as a license to practice registered nursing if one is required by state law as a precondition for qualifying for advanced practice registered nurse authorization.

5. Individuals not residing in a party state shall continue to be able to apply for nurse licensure as provided for under the laws of each party state.
However, the license granted to these individuals will not be recognized as granting the privilege to practice nursing in any other party state unless explicitly agreed to by that party state.**]**

[335.315. 1. Upon application for a license, the licensing board in a party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any restrictions on the multistate licensure privilege, and whether any other adverse action by any state has been taken against the license.

2. A nurse in a party state shall hold licensure in only one party state at a time, issued by the home state.

3. A nurse who intends to change primary state of residence may apply for licensure in the new home state in advance of such change. However, new licenses will not be issued by a party state until after a nurse provides evidence of change in primary state of residence satisfactory to the new home state's licensing board.

4. When a nurse changes primary state of residence by:

(1) Moving between two party states, and obtains a license from the new home state, the license from the former home state is no longer valid;

(2) Moving from a nonparty state to a party state, and obtains a license from the new home state, the individual state license issued by the nonparty state is not affected and will remain in full force if so provided by the laws of the nonparty state;

(3) Moving from a party state to a nonparty state, the license issued by the prior home state converts to an individual state license, valid only in the former home state, without the multistate licensure privilege to practice in other party states.**]**

[335.320. In addition to the general provisions described in article III of this compact, the following provisions apply:

(1) The licensing board of a remote state shall promptly report to the administrator of the coordinated licensure information system any remote state actions including the factual and legal basis for such action, if known. The licensing board of a remote state shall also promptly report any significant current investigative information yet to result in a remote state action. The administrator of the coordinated licensure information system shall promptly notify the home state of any such reports;

(2) The licensing board of a party state shall have the authority to complete any pending investigations for a nurse who changes primary state of residence during the course of such

investigations. It shall also have the authority to take appropriate actions, and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions;

(3) A remote state may take adverse action affecting the multistate licensure privilege to practice within that party state. However, only the home state shall have the power to impose adverse action against the license issued by the home state;

(4) For purposes of imposing adverse action, the licensing board of the home state shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state, in so doing, it shall apply its own state laws to determine appropriate action;

(5) The home state may take adverse action based on the factual findings of the remote state, so long as each state follows its own procedures for imposing such adverse action;

(6) Nothing in this compact shall override a party state's decision that participation in an alternative program may be used in lieu of licensure action and that such participation shall remain nonpublic if required by the party state's laws. Party states must require nurses who enter any alternative programs to agree not to practice in any other party state during the term of the alternative program without prior authorization from such other party state.**]**

[335.325. Notwithstanding any other powers, party state nurse licensing boards shall have the authority to:

(1) If otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse;

(2) Issue subpoenas for both hearings and investigations which require the attendance and testimony of witnesses, and the production of evidence. Subpoenas issued by a nurse licensing board in a party state for the attendance and testimony of witnesses, and/or the production of evidence from another party state, shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses and evidence are located;

(3) Issue cease and desist orders to limit or revoke a nurse's authority to practice in their state;

(4) Promulgate uniform rules and regulations as provided for in subsection 3 of section 335.335.**]**

[335.330. 1. All party states shall participate in a cooperative effort to create a coordinated database of all licensed registered nurses and licensed practical/vocational nurses. This system will include information on the licensure and disciplinary history of each nurse, as contributed by party states, to assist in the coordination of nurse licensure and enforcement efforts.

2. Notwithstanding any other provision of law, all party states' licensing boards shall promptly report adverse actions, actions against multistate licensure privileges, any current significant investigative information yet to result in adverse action, denials of applications, and the reasons for such denials to the coordinated licensure information system.

3. Current significant investigative information shall be transmitted through the coordinated licensure information system only to party state licensing boards.

4. Notwithstanding any other provision of law, all party states' licensing boards contributing information to the coordinated licensure information system may designate information that may not be shared with nonparty states or disclosed to other entities or individuals without the express permission of the contributing state.

5. Any personally identifiable information obtained by a party state's licensing board from the coordinated licensure information system may not be shared with nonparty states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

6. Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

7. The compact administrators, acting jointly with each other and in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection, and exchange of information under this compact.**]**

[335.335. 1. The head of the nurse licensing board, or his/her designee, of each party state shall be the administrator of this compact for his/her state.

2. The compact administrator of each party shall furnish to the compact administrator of each other party state any information and documents including, but not limited to, a uniform data set of investigations, identifying information, licensure data, and disclosable alternative program participation information to facilitate the administration of this compact.

3. Compact administrators shall have the authority to develop uniform rules to facilitate and coordinate implementation of this compact. These uniform rules shall be adopted by party states, under the authority invested under subsection 4 of section 335.325.**]**

[335.340. No party state or the officers or employees or agents of a party state's nurse licensing board who acts in accordance with the provisions of this compact shall be liable on account of any act or omission in good faith while engaged in the performance of their duties under this compact. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.**]**

[335.345. 1. This compact shall enter into force and become effective as to any state when it has been enacted into the laws of that state. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six months after the withdrawing state has given notice of the withdrawal to the executive heads of all other party states.

2. No withdrawal shall affect the validity or applicability by the licensing boards of states remaining party to the compact of any report of adverse action occurring prior to the withdrawal.

3. Nothing contained in this compact shall be construed to invalidate or prevent any nurse licensure agreement or other cooperative arrangement between a party state and a non-party state that is made in accordance with the other provisions of this compact.

4. This compact may be amended by the party states. No amendment to this compact shall become effective and binding upon the party states unless and until it is enacted into the laws of all party states.**]**

[335.350. 1. This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

2. In the event party states find a need for settling disputes arising under this compact:

(1) The party states may submit the issues in dispute to an arbitration panel which will be comprised of an individual appointed by the compact administrator in the home state, an individual appointed by the compact administrator in the remote states involved, and an individual mutually agreed upon by the compact administrators of all the party states involved in the dispute;

(2) The decision of a majority of the arbitrators shall be final and binding.**]**

[335.355. 1. The term "head of the nurse licensing board" as referred to in article VIII of this compact shall mean the executive director of the Missouri state board of nursing.

2. A person who is extended the privilege to practice in this state pursuant to the nurse licensure compact is subject to discipline by the board, as set forth in this chapter, for violation of this chapter or the rules and regulations promulgated herein. AMEND House Committee Substitute for House Bill No. 1465, Page 1, In the Title, Line 3, by deleting all of said line and inserting in lieu thereof the words "relating to licensed professionals."; and

Further amend said bill and page, Section A, Line 2, by inserting after all of said section and line the following:

"324.001. 1. For the purposes of this section, the following terms mean:

(1) "Department", the department of insurance, financial institutions and professional registration;

(2) "Director", the director of the division of professional registration; and

(3) "Division", the division of professional registration.

2. There is hereby established a "Division of Professional Registration" assigned to the department of insurance, financial institutions and professional registration as a type III transfer, headed by a director appointed by the governor with the advice and consent of the senate. All of the general provisions, definitions and powers enumerated in section 1 of the Omnibus State Reorganization Act of 1974 and Executive Order 06-04 shall apply to this department and its divisions, agencies, and personnel.

3. The director of the division of professional registration shall promulgate rules and regulations which designate for each board or commission assigned to the division the renewal date for licenses or certificates. After the initial establishment of renewal dates, no director of the division shall promulgate a rule or regulation which would change the renewal date for licenses or certificates if such change in renewal date would occur prior to the date on which the renewal date in effect at the time such new renewal date is specified next occurs. Each board or commission shall by rule or regulation establish licensing periods of one, two, or three years. Registration fees set by a board or commission shall be effective for the entire licensing period involved, and shall not be increased during any current licensing period. Persons who are required to pay their first registration fees shall be allowed to pay the pro rata share of such fees for the remainder of the period remaining at the time the fees are paid. Each board or commission shall provide the necessary forms for initial registration, and thereafter the director may prescribe standard forms for renewal of licenses and certificates. Each board or commission shall by rule and regulation require each applicant to provide the information which is required to keep the board's records current.

Each board or commission shall have the authority to collect and analyze information required to support workforce planning and policy development. Such information shall not be publicly disclosed so as to identify a specific health care provider, as defined in section 376.1350. Each board or commission shall issue the original license or certificate.

4. The division shall provide clerical and other staff services relating to the issuance and renewal of licenses for all the professional licensing and regulating boards and commissions assigned to the division. The division shall perform the financial management and clerical functions as they each relate to issuance and renewal of licenses and certificates. "Issuance and renewal of licenses and certificates" means the ministerial function of preparing and delivering licenses or certificates, and obtaining material and information for the board or commission in connection with the renewal thereof. It does not include any discretionary authority with regard to the original review of an applicant's qualifications for licensure or certification, or the subsequent review of licensee's or certificate holder's qualifications, or any disciplinary action contemplated against the licensee or certificate holder. The division may develop and implement microfilming systems and automated or manual management information systems.

5. The director of the division shall maintain a system of accounting and budgeting, in cooperation with the director of the department, the office of administration, and the state auditor's office, to ensure proper charges are made to the various boards for services rendered to them. The general assembly shall appropriate to the division and other state agencies from each board's funds moneys sufficient to reimburse the division and other state agencies for all services rendered and all facilities and supplies furnished to that board.

6. For accounting purposes, the appropriation to the division and to the office of administration for the payment of rent for quarters provided for the division shall be made from the "Professional Registration Fees Fund", which is hereby created, and is to be used solely for the purpose defined in subsection 5 of this section. The fund shall consist of moneys deposited into it from each board's fund. Each board shall contribute a prorated amount necessary to fund the division for services rendered and rent based upon the system of accounting and budgeting established by the director of the division as provided in subsection 5 of this section. Transfers of funds to the professional registration fees fund shall be made by each board on July first of each year; provided, however, that the director of the division may establish an alternative date or dates of transfers at the request of any board. Such transfers shall be made until they equal the prorated amount for services rendered and rent by the division. The provisions of section 33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of general revenue.

7. The director of the division shall be responsible for collecting and accounting for all moneys received by the division or its component agencies. Any money received by a board or commission shall be promptly given, identified by type and source, to the director. The director shall keep a record by board and state accounting system classification of the amount of revenue the director receives. The director shall promptly transmit all receipts to the department of revenue for deposit in the state treasury to the credit of the appropriate fund. The director shall provide each board with all relevant financial information in a timely fashion. Each board shall cooperate with the director by providing necessary information.

8. All educational transcripts, test scores, complaints, investigatory reports, and information pertaining to any person who is an applicant or licensee of any agency assigned to the division of professional registration by statute or by the department are confidential and may not be disclosed to the public or any member of the public, except with the written consent of the person whose records are involved. The agency which possesses the records or information shall disclose the records or information if the person whose records or information is involved has consented to the disclosure. Each agency is entitled to the attorney-client privilege and work-product privilege to the same extent as any other person. Provided, however, that any board may disclose confidential information without the consent of the person involved in the course of voluntary interstate exchange of information, or in the course of any litigation concerning that person, or pursuant to a lawful request, or to other administrative or law enforcement agencies acting within the scope of their statutory authority. Information regarding identity, including names and addresses, registration, and currency of the license of the persons possessing licenses to engage in a professional occupation and the names and addresses of applicants for such licenses is not confidential information.

9. Any deliberations conducted and votes taken in rendering a final decision after a hearing before an agency assigned to the division shall be closed to the parties and the public. Once a final decision is rendered, that decision shall be made available to the parties and the public.

10. A compelling governmental interest shall be deemed to exist for the purposes of section 536.025 for licensure fees to be reduced by emergency rule, if the projected fund balance of any agency assigned to the division of professional registration is reasonably expected to exceed an amount that would require transfer from that fund to general revenue.

11. (1) The following boards and commissions are assigned by specific type transfers to the division of professional registration: Missouri state board of accountancy, chapter 326; board of cosmetology and barber examiners, chapters 328 and 329; Missouri board for architects, professional engineers, professional land surveyors and landscape architects, chapter 327; Missouri state board of chiropractic examiners, chapter 331; state board of registration for the healing arts, chapter 334; Missouri dental board, chapter 332; state board of embalmers and funeral directors, chapter 333; state board of optometry, chapter 336; Missouri state board of nursing, chapter 335; board of pharmacy, chapter 338; state board of podiatric medicine, chapter 330; Missouri real estate appraisers commission, chapter 339; and Missouri veterinary medical board, chapter 340. The governor shall appoint members of these boards by and with the advice and consent of the senate.

(2) The boards and commissions assigned to the division shall exercise all their respective statutory duties and powers, except those clerical and other staff services involving collecting and accounting for moneys and financial management relating to the issuance and renewal of licenses, which services shall be provided by the division, within the appropriation therefor. Nothing herein shall prohibit employment of professional examining or testing services from professional associations or others as required by the boards or commissions on contract. Nothing herein shall be construed to affect the power of a board or commission to expend its funds as appropriated. However, the division shall review the expense vouchers of each board. The results of such review shall be submitted to the board reviewed and to the house and senate appropriations committees annually.

(3) Notwithstanding any other provisions of law, the director of the division shall exercise only those management functions of the boards and commissions specifically provided in the Reorganization Act of 1974, and those relating to the allocation and assignment of space, personnel other than board personnel, and equipment.

(4) "Board personnel", as used in this section or chapters 317, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, and 345, shall mean personnel whose functions and responsibilities are in areas not related to the clerical duties involving the issuance and renewal of licenses, to the collecting and accounting for moneys, or to financial management relating to issuance and renewal of licenses; specifically included are executive secretaries (or comparable positions), consultants, inspectors, investigators, counsel, and secretarial support staff for these positions; and such other positions as are established and authorized by statute for a particular board or commission. Boards and commissions may employ legal counsel, if authorized by law, and temporary personnel if the board is unable to meet its responsibilities with the employees authorized above. Any board or commission which hires temporary employees shall annually provide the division director and the appropriation committees of the general assembly with a complete list of all persons employed in the previous year, the length of their employment, the amount of their remuneration, and a description of their responsibilities.

(5) Board personnel for each board or commission shall be employed by and serve at the pleasure of the board or commission, shall be supervised as the board or commission designates, and shall have their duties and compensation prescribed by the board or commission, within appropriations for that purpose, except that compensation for board personnel shall not exceed that established for comparable positions as determined by the board or commission pursuant to the job and pay plan of the department of insurance, financial institutions and professional registration. Nothing herein shall be construed to permit salaries for any board personnel to be lowered except by board action.

12. All the powers, duties, and functions of the division of athletics, chapter 317, and others, are assigned by type I transfer to the division of professional registration.

13. Wherever the laws, rules, or regulations of this state make reference to the "division of professional registration of the department of economic development", such references shall be deemed to refer to the division of professional registration.

14. (1) The state board of nursing, board of pharmacy, Missouri dental board, state committee of psychologists, state board of chiropractic examiners, state board of optometry, Missouri board of occupational therapy, or state board of registration for the healing arts may individually or collectively enter into a contractual agreement with the department of health and senior services, a public institution of higher education, or a nonprofit entity for the purpose of collecting and analyzing workforce data from its licensees, registrants, or permit holders for future workforce planning and to assess the accessibility and availability of qualified health care services and practitioners in Missouri. The boards shall work collaboratively with other state governmental entities to ensure coordination and avoid duplication of efforts.

(2) The boards may expend appropriated funds necessary for operational expenses of the program formed under this subsection. Each board is authorized to accept grants to fund the collection or analysis authorized in this subsection. Any such funds shall be deposited in the respective board's fund.

(3) Data collection shall be controlled and approved by the applicable state board conducting or requesting the collection. Notwithstanding the provisions of section 334.001, the boards may release identifying data to the contractor to facilitate data analysis of the health care workforce including, but not limited to, geographic, demographic, and practice or professional characteristics of licensees. The state board shall not request or be authorized to collect income or other financial earnings data.

(4) Data collected under this subsection shall be deemed the property of the state board requesting the data. Data shall be maintained by the state board in accordance with chapter 610, provided that any information deemed closed or confidential under subsection 8 of this section or any other provision of state law shall not be disclosed without consent of the applicable licensee or entity or as otherwise authorized by law. Data shall only be released in an aggregate form by geography, profession or professional specialization, or population characteristic in a manner that cannot be used to identify a specific individual or entity. Data suppression standards shall be addressed and established in the contractual agreement.

(5) Contractors shall maintain the security and confidentiality of data received or collected under this subsection and shall not use, disclose, or release any data without approval of the applicable state board. The contractual agreement between the applicable state board and contractor shall establish a data release and research review policy to include legal and institutional review board, or agency equivalent, approval.

(6) Each board may promulgate rules subject to the provisions of this subsection and chapter 536 to effectuate and implement the workforce data collection and analysis authorized by this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void."; and

A person may, subject to the provisions of subsection 2 of this section, use physical force upon another person when and to the extent he or she reasonably believes such force to be necessary to defend himself or herself or a third person from what he or she reasonably believes to be the use or imminent use of unlawful force by such other person, unless:

(1) The actor was the initial aggressor; except that in such case his or her use of force is nevertheless justifiable provided:

(a) He or she has withdrawn from the encounter and effectively communicated such withdrawal to such other person but the latter persists in continuing the incident by the use or threatened use of unlawful force; or

An association shall disclose, upon request, its energy policy statement and shall include the statement in its homeowners' common interest community or condominium unit owners' association declaration.

5. A solar energy system shall meet applicable standards and requirements imposed by state and local permitting authorities.

6. (1) "Asynchronous store-and-forward transfer", the collection of a patient's relevant health information and the subsequent transmission of that information from an originating site to a health care provider at a distant site without the patient being present;

(2) "Clinical staff", any health care provider licensed in this state;

(3) "Distant site", a site at which a health care provider is located while providing health care services by means of telemedicine;

(4) "Health care provider", as that term is defined in section 376.1350;

(5) "Originating site", a site at which a patient is located at the time health care services are provided to him or her by means of telemedicine. For the purposes of asynchronous store-and-forward transfer, originating site shall also mean the location at which the health care provider transfers information to the distant site;

(6) "Telehealth" or "telemedicine", the delivery of health care services by means of information and communication technologies which facilitate the assessment, diagnosis, consultation, treatment, education, care management, and self-management of a patient's health care while such patient is at the originating site and the health care provider is at the distant site. Telehealth or telemedicine shall also include the use of asynchronous store-and-forward technology.

2. Any licensed health care provider shall be authorized to provide telehealth services if such services are within the scope of practice for which the health care provider is licensed and are provided with the same standard of care as services provided in person.

3. In order to treat patients in this state through the use of telemedicine or telehealth, health care providers shall be fully licensed to practice in this state and shall be subject to regulation by their respective professional boards.

4. Nothing in subsection 3 of this section shall apply to:

(1) Informal consultation performed by a health care provider licensed in another state, outside of the context of a contractual relationship, and on an irregular or infrequent basis without the expectation or exchange of direct or indirect compensation;

(2) Furnishing of health care services by a health care provider licensed and located in another state in case of an emergency or disaster; provided that, no charge is made for the medical assistance; or

(3) Episodic consultation by a health care provider licensed and located in another state who provides such consultation services on request to a physician in this state.

5. Nothing in this section shall be construed to alter the scope of practice of any health care provider or to authorize the delivery of health care services in a setting or in a manner not otherwise authorized by the laws of this state.

6. No originating site for services or activities provided under this section shall be required to maintain immediate availability of on-site clinical staff during the telehealth services, except as necessary to meet the standard of care for the treatment of the patient's medical condition if such condition is being treated by an eligible health care provider who is not at the originating site, has not previously seen the patient in person in a clinical setting, and is not providing coverage for a health care provider who has an established relationship with the patient.

7. Nothing in this section shall be construed to alter any collaborative practice requirement as provided in chapters 334 and 335.

191.1146. 1. Physicians licensed under chapter 334 who use telemedicine shall ensure that a properly established physician-patient relationship exists with the person who receives the telemedicine services. The physician-patient relationship may be established by:

(1) An in-person encounter through a medical interview and physical examination;

(2) Consultation with another physician, or that physician's delegate, who has an established relationship with the patient and an agreement with the physician to participate in the patient's care; or

(3) A telemedicine encounter, if the standard of care does not require an in-person encounter, and in accordance with evidence-based standards of practice and telemedicine practice guidelines that address the clinical and technological aspects of telemedicine.

2. In order to establish a physician-patient relationship through telemedicine:

(1) The technology utilized shall be sufficient to establish an informed diagnosis as though the medical interview and physical examination has been performed in person; and

(2) Prior to providing treatment, including issuing prescriptions, a physician who uses telemedicine shall interview the patient, collect or review relevant medical history, and perform an examination sufficient for the diagnosis and treatment of the patient. 2. The department of social services, in consultation with the departments of mental health and health and senior services, shall promulgate rules governing the use of asynchronous store-and-forward technology in the practice of telehealth in the MO HealthNet program. Such rules shall include, but not be limited to:

(1) Appropriate standards for the use of asynchronous store-and-forward technology in the practice of telehealth;

(2) Certification of agencies offering asynchronous store-and-forward technology in the practice of telehealth;

(5) Security and privacy of such digital files;

(6) Participant consent for asynchronous store-and-forward services; and

Telehealth providers using asynchronous store-and-forward technology shall be required to obtain participant consent before asynchronous store-and-forward services are initiated and to ensure confidentiality of medical information.

3. Asynchronous store-and-forward technology in the practice of telehealth may be utilized to service individuals who are qualified as MO HealthNet participants under Missouri law. The total payment for both the treating provider and the consulting provider shall not exceed the payment for a face-to-face consultation of the same level.

4. The standard of care for the use of asynchronous store-and-forward technology in the practice of telehealth shall be the same as the standard of care for services provided in person.

208.673. 1. There is hereby established the "Telehealth Services Advisory Committee" to advise the department of social services and propose rules regarding the coverage of telehealth services in the MO HealthNet program utilizing asynchronous store-and-forward technology.

4. Members of the committee shall not receive any compensation for their services but shall be reimbursed for any actual and necessary expenses incurred in the performance of their duties.

5. Any member appointed by the governor may be removed from office by the governor without cause. If there is a vacancy for any cause, the governor shall make an appointment to become effective immediately for the unexpired term.

This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

4. The department shall determine whether the provision of home telemonitoring services to persons who are eligible to receive benefits under both the MO HealthNet and Medicare programs achieves cost savings for the Medicare program.

5. If, before implementing any provision of this section, the department determines that a waiver or authorization from a federal agency is necessary for implementation of that provision, the department shall

request the waiver or authorization and may delay implementing that provision until the waiver or authorization is granted.

6. The department shall promulgate rules and regulations to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. 4. No health care provider shall prescribe any drug, controlled substance, or other treatment to a patient based solely on an internet request or an internet questionnaire.

335.175. 1. An advanced practice registered nurse (APRN) providing nursing services under a collaborative practice arrangement under section 334.104 may provide such services outside the geographic proximity requirements of section 334.104 if the collaborating physician and advanced practice registered nurse utilize telehealth in the care of the patient and if the services are provided in a rural area of need. Telehealth providers shall be required to obtain patient consent before telehealth services are initiated and ensure confidentiality of medical information.

2. As used in this section, "telehealth" **[**means the use of medical information exchanged from one site to another via electronic communications to improve the health status of a patient, as defined in section 208.670**] shall have the same meaning as such term is defined in section 191.1145**.

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

4. For purposes of this section, "rural area of need" means any rural area of this state which is located in a health professional shortage area as defined in section 354.650.

House Amendment No. 2 was withdrawn.

Representative McGaugh offered **House Amendment No. 3**.

House Amendment No. 3

AMEND House Bill No. 1468, Page 1, In the Title, Line 3, by deleting the phrase "carrying concealed weapons" and inserting in lieu thereof the word "firearms"; and

Further amend said bill and page, Section A, Line 2, by inserting immediately after all of said section and line the following:

"563.031. 1. A person may, subject to the provisions of subsection 2 of this section, use physical force upon another person when and to the extent he or she reasonably believes such force to be necessary to defend himself or herself or a third person from what he or she reasonably believes to be the use or imminent use of unlawful force by such other person, unless:

(1) The actor was the initial aggressor; except that in such case his or her use of force is nevertheless justifiable provided:

(a) He or she has withdrawn from the encounter and effectively communicated such withdrawal to such other person but the latter persists in continuing the incident by the use or threatened use of unlawful force; or

(b) He or she is a law enforcement officer and as such is an aggressor pursuant to section 563.046; or

(c) The aggressor is justified under some other provision of this chapter or other provision of law;

(2) Under the circumstances as the actor reasonably believes them to be, the person whom he or she seeks to protect would not be justified in using such protective force;

(3) The actor was attempting to commit, committing, or escaping after the commission of a forcible felony.

2. A person may not use deadly force upon another person under the circumstances specified in subsection 1 of this section unless:

(1) He or she reasonably believes that such deadly force is necessary to protect himself, or herself or her unborn child, or another against death, serious physical injury, or any forcible felony;

(2) Such force is used against a person who unlawfully enters, remains after unlawfully entering, or attempts to unlawfully enter a dwelling, residence, or vehicle lawfully occupied by such person; or

(3) Such force is used against a person who unlawfully enters, remains after unlawfully entering, or attempts to unlawfully enter private property that is owned or leased by an individual**, or is occupied by an individual who has been given specific authority by the property owner to occupy the property,** claiming a justification of using protective force under this section.

3. A person does not have a duty to retreat from a dwelling, residence, or vehicle where the person is not unlawfully entering or unlawfully remaining. A person does not have a duty to retreat from private property that is owned or leased by such individual.

4. The justification afforded by this section extends to the use of physical restraint as protective force provided that the actor takes all reasonable measures to terminate the restraint as soon as it is reasonable to do so.

5. The defendant shall have the burden of injecting the issue of justification under this section. If a defendant asserts that his or her use of force is described under subdivision (2) of subsection 2 of this section, the burden shall then be on the state to prove beyond a reasonable doubt that the defendant did not reasonably believe that the use of such force was necessary to defend against what he or she reasonably believed was the use or imminent use of unlawful force."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

(14) One representative from the show-me extension for community health care outcomes (ECHO) program; and

(15) One representative from a federally qualified health center.

The director of the department of health and senior services and the director of the department of social services or their designees shall serve as ex officio members of the council and shall not have a vote. The department shall provide necessary staffing support to the council.

3. After holding multiple public hearings in diverse geographic regions of the state and seeking broad public and stakeholder input, the perinatal advisory council shall make recommendations in the best interest of patients for the division of the state into neonatal and maternal care regions. When making such recommendations, the council shall consider:

(1) Geographic proximity of facilities;

(2) Hospital systems;

(3) Insurance networks;

(4) Consistent geographic boundaries for neonatal and maternal care regions, if appropriate; and

(3) Necessary variance when considering the geographic and varied needs of citizens of this state.

5. Nothing in this section shall be construed in any way to modify or expand the licensure of any health care professional.

6. Nothing in this section shall be construed in any way to require a patient be transferred to a different facility.

7. The department shall promulgate rules to implement the provisions of this section no later than January 1, 2017. Such rules shall be limited to those necessary for the establishment of levels of neonatal care designations and levels of maternal care designations for birthing facilities and regional perinatal centers under subsection 4 of this section and the division of the state into neonatal and maternal care regions under subsection 3 of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

11. The department may partner with appropriate nationally recognized professional organizations with demonstrated expertise in maternal and neonatal standards of care to administer the provisions of this section.

(4) "Disability" or "disabled" shall have the same meaning as defined in 42 U.S.C. Section 12102, the Americans with Disabilities Act of 1990, as amended; provided that the term "this chapter" in that definition shall be deemed to refer to the Missouri health care decision-maker act;

(5) "Health care", a procedure to diagnose or treat a human disease, ailment, defect, abnormality, or complaint, whether of physical or mental origin and includes:

(10) "Physician", a treating, attending, or consulting physician licensed to practice medicine under Missouri law;

(11) "Reasonable medical judgment", a medical judgment that would be made by a reasonably prudent physician, knowledgeable about the case and the health care possibilities with respect to the medical conditions involved.

404.1102. The determination that a patient is incapacitated shall be made as set forth in section 404.825. A health care provider or health care facility may rely in the exercise of good faith and in accordance with reasonable medical judgment upon the health care decisions made for a patient by a designated health care decision-maker selected in accordance with section 404.1104, provided two licensed

physicians determine, after reasonable inquiry and in accordance with reasonable medical judgment, that such patient is incapacitated and has neither a guardian with medical decision-making authority appointed in accordance with chapter 475, an attorney in fact appointed in a durable power of attorney for health care in accordance with sections 404.800 to 404.865, is not a child under the jurisdiction of the juvenile court under section 211.031, nor any other known person who has the legal authority to make health care decisions.

404.1103. Upon a determination that a patient is incapacitated, the physician or another health care provider acting at the direction of the physician shall make reasonable efforts to inform potential designated health care decision-makers set forth in section 404.1104 of whom the physician or physician's designee is aware, of the need to appoint a designated health care decision-maker. Reasonable efforts include, without limitation, identifying potential designated health care decision-makers as set forth in subsection 1 of section 404.1104, a guardian with medical decision-making authority appointed in accordance with chapter 475, an attorney in fact appointed in a durable power of attorney for health care in accordance with sections 404.800 to 404.865, the juvenile court under section 211.031, or any other known person who has the legal authority to make health care decisions, by examining the patient's personal effects and medical records. If a family member, attorney in fact for health care or guardian with health care decision-making authority is identified, a documented attempt to contact that person by telephone, with all known telephone numbers and other contact information used, shall be made within twenty-four hours after a determination of incapacity is made as provided in section 404.1102.

404.1104. 1. If a patient is incapacitated under the circumstances described in section 404.1102 and is unable to provide consent regarding his or her own health care, and does not have a legally appointed guardian, an agent under a health care durable power of attorney, is not under the jurisdiction of the juvenile court, or does not have any other person who has legal authority to consent for the patient, decisions concerning the patient's health care may be made by the following competent persons in the following order of priority, with the exception of persons excluded under subsection 4 of section 404.1104:

(1) The spouse of the patient, unless the spouse and patient are separated under one of the following:

(a) A current dissolution of marriage or separation action;

(b) A signed written property or marital settlement agreement;

(c) A permanent order of separate maintenance or support or a permanent order approving a property or marital settlement agreement between the parties;

(2) An adult child of the patient;

(3) A parent of the patient;

(4) An adult sibling of the patient;

(5) A person who is a member of the same community of persons as the patient who is bound by vows to a religious life and who conducts or assists in the conducting of religious services and actually and regularly engages in religious, benevolent, charitable, or educational ministry, or performance of health care services;

(6) An adult who can demonstrate that he or she has a close personal relationship with the patient and is familiar with the patient's personal values; or

(7) Any other person designated by the unanimous mutual agreement of the persons listed above who is involved in the patient's care.

2. If a person who is a member of the classes listed in subsection 1 of this section, regardless of priority, or a health care provider or a health care facility involved in the care of the patient, disagrees on whether certain health care should be provided to or withheld or withdrawn from a patient, any such person, provider, or facility, or any other person interested in the welfare of the patient may petition the probate court for an order for the appointment of a temporary or permanent guardian in accordance with subsection 8 of this section to act in the best interest of the patient.

3. A person who is a member of the classes listed in subsection 1 of this section shall not be denied priority under this section based solely upon that person's support for, or direction to provide, withhold or withdraw health care to the patient, subject to the rights of other classes of potential designated decision-makers, a health care provider, or health care facility to petition the probate court for an order for the appointment of a temporary or permanent guardian under subsection 8 of this section to act in the best interests of the patient.

4. Priority under this section shall not be given to persons in any of the following circumstances:

(1) If a report of abuse or neglect of the patient has been made under section 192.2475, 198.070, 208.912, 210.115, 565.188, 630.163 or any other mandatory reporting statutes, and if the health care provider knows of such a report of abuse or neglect, then unless the report has been determined to be unsubstantiated or unfounded, or a determination of abuse was finally reversed after administrative or judicial review, the person reported as the alleged perpetrator of the abuse or neglect shall not be given priority or authority to make health care decisions under subsection 1 of this section, provided that such a report shall not be based on the person's support for, or direction to provide, health care to the patient;

(2) If the patient's physician or the physician's designee reasonably determines, after making a diligent effort to contact the designated health care decision-maker using known telephone numbers and other contact information and receiving no response, that such person is not reasonably available to make medical decisions as needed or is not willing to make health care decisions for the patient; or

(3) If a probate court in a proceeding under subsection 8 of this section finds that the involvement of the person in decisions concerning the patient's health care is contrary to instructions that the patient had unambiguously, and without subsequent contradiction or change, expressed before he or she became incapacitated. Such a statement to the patient's physician or other health care provider contemporaneously recorded in the patient's medical record and signed by the patient's physician or other health care provider shall be deemed such an instruction, subject to the ability of a party to a proceeding under subsection 8 of this section to dispute its accuracy, weight, or interpretation.

5. (1) The designated health care decision-maker shall make reasonable efforts to obtain information regarding the patient's health care preferences from health care providers, family, friends, or others who may have credible information.

(2) The designated health care decision-maker, and the probate court in any proceeding under subsection 8 of this section, shall always make health care decisions in the patient's best interests, and if the patient's religious and moral beliefs and health care preferences are known, in accordance with those beliefs and preferences.

6. This section does not authorize the provision or withholding of health care services that the patient has unambiguously, without subsequent contradiction or change of instruction, expressed that he or she would or would not want at a time when such patient had capacity. Such a statement to the patient's physician or other health care provider, contemporaneously recorded in the patient's medical record and signed by the patient's physician or other health care provider, shall be deemed such evidence, subject to the ability of a party to a proceeding under subsection 8 of this section to dispute its accuracy, weight, or interpretation.

7. A designated health care decision-maker shall be deemed a personal representative for the purposes of access to and disclosure of private medical information under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), 42 U.S.C. Section 1320d and 45 CFR 160-164.

8. Nothing in sections 404.1100 to 404.1110 shall preclude any person interested in the welfare of a patient including, but not limited to, a designated health care decision-maker, a member of the classes listed in subsection 1 of this section regardless of priority, or a health care provider or health care facility involved in the care of the patient, from petitioning the probate court for the appointment of a temporary or permanent guardian for the patient including expedited adjudication under chapter 475.

9. Pending the final outcome of proceedings initiated under subsection 8 of this section, the designated health care decision-maker, health care provider, or health care facility shall not withhold or withdraw, or direct the withholding or withdrawal, of health care, nutrition, or hydration whose withholding or withdrawal, in reasonable medical judgment, would result in or hasten the death of the patient, would jeopardize the health or limb of the patient, or would result in disfigurement or impairment of the patient's faculties. If a health care provider or a health care facility objects to the provision of such health care, nutrition, or hydration on the basis of religious beliefs or sincerely held moral convictions, the provider or facility shall not impede the transfer of the patient to another health care provider or health care facility willing to provide it, and shall provide such health care, nutrition, or hydration to the patient pending the completion of the transfer. For purposes of this section, artificially supplied nutrition and hydration may be withheld or withdrawn during the pendency of the guardianship proceeding only if, based on reasonable medical judgment, the patient's physician and a second licensed physician certify that the patient meets the standard set forth in subdivision (2) of subsection 1 of section 404.1105. If tolerated by the patient and adequate to supply the patient's needs for nutrition or hydration, natural feeding should be the preferred method.

404.1105. 1. No designated health care decision-maker may, with the intent of hastening or causing the death of the patient, authorize the withdrawal or withholding of nutrition or hydration supplied through either natural or artificial means. A designated health care decision-maker may authorize the withdrawal or withholding of artificially supplied nutrition and hydration only when the physician and a second licensed physician certify in the patient's medical record based on reasonable medical judgment that:

(1) Artificially supplied nutrition or hydration are not necessary for comfort care or the relief of pain and would serve only to prolong artificially the dying process and where death will occur within a short period of time whether or not such artificially supplied nutrition or hydration is withheld or withdrawn; or

(2) Artificially supplied nutrition or hydration cannot be physiologically assimilated or tolerated by the patient.

2. When tolerated by the patient and adequate to supply the patient's need for nutrition or hydration, natural feeding should be the preferred method.

3. The provisions of this section shall not apply to subsection 3 of section 459.010.

404.1106. If any of the individuals specified in section 404.1104 or the designated health care decision-maker or physician believes the patient is no longer incapacitated, the patient's physician shall reexamine the patient and determine in accordance with reasonable medical judgment whether the patient is no longer incapacitated, shall certify the decision and the basis therefor in the patient's medical record, and shall notify the patient, the designated health care decision-maker, and the person who initiated the redetermination of capacity. Rights of the designated health care decision-maker shall end upon the physician's certification that the patient is no longer incapacitated.

404.1107. No health care provider or health care facility that makes good faith and reasonable attempts to identify, locate, and communicate with potential designated health care decision-makers in accordance with sections 404.1100 to 404.1110 shall be subject to civil or criminal liability or regulatory sanction for any act or omission related to his or her or its effort to identify, locate, and communicate with or act upon any decision by or for such actual or potential designated health care decision-makers.

404.1108. 1. A health care provider or a health care facility may decline to comply with the health care decision of a patient or a designated health care decision-maker if such decision is contrary to the religious beliefs or sincerely held moral convictions of a health care provider or health care facility.

2. If at any time, a health care facility or health care provider determines that any known or anticipated health care preferences expressed by the patient to the health care provider or health care facility, or as expressed through the patient's designated health care decision-maker, are contrary to the religious beliefs or sincerely held moral convictions of the health care provider or health care facility, such provider or facility shall promptly inform the patient or the patient's designated health care decision-maker.

3. If a health care provider declines to comply with such health care decision, no health care provider or health care facility shall impede the transfer of the patient to another health care provider or health care facility willing to comply with the health care decision.

4. Nothing in this section shall relieve or exonerate a health care provider or a health care facility from the duty to provide for the health care, care, and comfort of a patient pending transfer under this section. If withholding or withdrawing certain health care would, in reasonable medical judgment, result in or hasten the death of the patient, such health care shall be provided pending completion of the transfer. Notwithstanding any other provision of this section, no such health care shall be denied on the basis of a view that treats extending the life of an elderly, disabled, or terminally ill individual as of lower value than extending the life of an individual who is younger, nondisabled, or not terminally ill, or on the basis of the health care provider's or facility's disagreement with how the patient or individual authorized to act on the patient's behalf values the tradeoff between extending the length of the patient's life and the risk of disability.

404.1109. No health care decision-maker shall withhold or withdraw health care from a pregnant patient, consistent with existing law, as set forth in section 459.025.

404.1110. Nothing in sections 404.1100 to 404.1110 is intended to:

(1) Be construed as condoning, authorizing, or approving euthanasia or mercy killing; or

(2) Be construed as permitting any affirmative or deliberate act to end a person's life, except to permit natural death as provided by sections 404.1100 to 404.1110."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

House Amendment No. 3

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 621, Page 20, Section 208.686, Line 55, by inserting after all of said section and line the following:

"324.001. 1. For the purposes of this section, the following terms mean:
(1) "Department", the department of insurance, financial institutions and professional registration;
(2) "Director", the director of the division of professional registration; and
(3) "Division", the division of professional registration.
2. There is hereby established a "Division of Professional Registration" assigned to the department of insurance, financial institutions and professional registration as a type III transfer, headed by a director appointed by the governor with the advice and consent of the senate. All of the general provisions, definitions and powers enumerated in section 1 of the Omnibus State Reorganization Act of 1974 and Executive Order 06-04 shall apply to this department and its divisions, agencies, and personnel.
3. The director of the division of professional registration shall promulgate rules and regulations which designate for each board or commission assigned to the division the renewal date for licenses or certificates. After the initial establishment of renewal dates, no director of the division shall promulgate a rule or regulation which would change the renewal date for licenses or certificates if such change in renewal date would occur prior to the date on which the renewal date in effect at the time such new renewal date is specified next occurs. Each board or commission shall by rule or regulation establish licensing periods of one, two, or three years. Registration fees set by a board or commission shall be effective for the entire licensing period involved, and shall not be increased during any current licensing period. Persons who are required to pay their first registration fees shall be allowed to pay the pro rata share of such fees for the remainder of the period remaining at the time the fees are paid. Each board or commission shall provide the necessary forms for initial registration, and thereafter the director may prescribe standard forms for renewal of licenses and certificates. Each board or commission shall by rule and regulation require each applicant to provide the information which is required to keep the board's records current. Each board or commission shall have the authority to collect and analyze information required to support workforce planning and policy development. Such information shall not be publicly disclosed so as to identify a specific health care provider, as defined in section 376.1350. Each board or commission shall issue the original license or certificate.
4. The division shall provide clerical and other staff services relating to the issuance and renewal of licenses for all the professional licensing and regulating boards and commissions assigned to the division. The division shall perform the financial management and clerical functions as they each relate to issuance and renewal of licenses and certificates. "Issuance and renewal of licenses and certificates" means the ministerial function of preparing and delivering licenses or certificates, and obtaining material and information for the board or commission in connection with the renewal thereof. It does not include any discretionary authority with regard to the original review of an applicant's qualifications for licensure or certification, or the subsequent review of licensee's or certificate holder's qualifications, or any disciplinary action contemplated against the licensee or certificate holder. The division may develop and implement microfilming systems and automated or manual management information systems.
5. The director of the division shall maintain a system of accounting and budgeting, in cooperation with the director of the department, the office of administration, and the state auditor's office, to ensure proper charges are made to the various boards for services rendered to them. The general assembly shall appropriate to the division and other state agencies from each board's funds moneys sufficient to reimburse the division and other state agencies for all services rendered and all facilities and supplies furnished to that board.

6. For accounting purposes, the appropriation to the division and to the office of administration for the payment of rent for quarters provided for the division shall be made from the "Professional Registration Fees Fund", which is hereby created, and is to be used solely for the purpose defined in subsection 5 of this section. The fund shall consist of moneys deposited into it from each board's fund. Each board shall contribute a prorated amount necessary to fund the division for services rendered and rent based upon the system of accounting and budgeting established by the director of the division as provided in subsection 5 of this section. Transfers of funds to the professional registration fees fund shall be made by each board on July first of each year; provided, however, that the director of the division may establish an alternative date or dates of transfers at the request of any board. Such transfers shall be made until they equal the prorated amount for services rendered and rent by the division. The provisions of section 33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of general revenue.

7. The director of the division shall be responsible for collecting and accounting for all moneys received by the division or its component agencies. Any money received by a board or commission shall be promptly given, identified by type and source, to the director. The director shall keep a record by board and state accounting system classification of the amount of revenue the director receives. The director shall promptly transmit all receipts to the department of revenue for deposit in the state treasury to the credit of the appropriate fund. The director shall provide each board with all relevant financial information in a timely fashion. Each board shall cooperate with the director by providing necessary information.

8. All educational transcripts, test scores, complaints, investigatory reports, and information pertaining to any person who is an applicant or licensee of any agency assigned to the division of professional registration by statute or by the department are confidential and may not be disclosed to the public or any member of the public, except with the written consent of the person whose records are involved. The agency which possesses the records or information shall disclose the records or information if the person whose records or information is involved has consented to the disclosure. Each agency is entitled to the attorney-client privilege and work-product privilege to the same extent as any other person. Provided, however, that any board may disclose confidential information without the consent of the person involved in the course of voluntary interstate exchange of information, or in the course of any litigation concerning that person, or pursuant to a lawful request, or to other administrative or law enforcement agencies acting within the scope of their statutory authority. Information regarding identity, including names and addresses, registration, and currency of the license of the persons possessing licenses to engage in a professional occupation and the names and addresses of applicants for such licenses is not confidential information.

9. Any deliberations conducted and votes taken in rendering a final decision after a hearing before an agency assigned to the division shall be closed to the parties and the public. Once a final decision is rendered, that decision shall be made available to the parties and the public.

10. A compelling governmental interest shall be deemed to exist for the purposes of section 536.025 for licensure fees to be reduced by emergency rule, if the projected fund balance of any agency assigned to the division of professional registration is reasonably expected to exceed an amount that would require transfer from that fund to general revenue.

11. (1) The following boards and commissions are assigned by specific type transfers to the division of professional registration: Missouri state board of accountancy, chapter 326; board of cosmetology and barber examiners, chapters 328 and 329; Missouri board for architects, professional engineers, professional land surveyors and landscape architects, chapter 327; Missouri state board of chiropractic examiners, chapter 331; state board of registration for the healing arts, chapter 334; Missouri dental board, chapter 332; state board of embalmers and funeral directors, chapter 333; state board of optometry, chapter 336; Missouri state board of nursing, chapter 335; board of pharmacy, chapter 338; state board of podiatric medicine, chapter 330; Missouri real estate appraisers commission, chapter 339; and Missouri veterinary medical board, chapter 340. The governor shall appoint members of these boards by and with the advice and consent of the senate.

(2) The boards and commissions assigned to the division shall exercise all their respective statutory duties and powers, except those clerical and other staff services involving collecting and accounting for moneys and financial management relating to the issuance and renewal of licenses, which services shall be provided by the division, within the appropriation therefor. Nothing herein shall prohibit employment of professional examining or testing services from professional associations or others as required by the boards or commissions on contract. Nothing herein shall be construed to affect the power of a board or commission to expend its funds as appropriated. However, the division shall review the expense vouchers of each board. The results of such review shall be submitted to the board reviewed and to the house and senate appropriations committees annually.

(3) Notwithstanding any other provisions of law, the director of the division shall exercise only those management functions of the boards and commissions specifically provided in the Reorganization Act of 1974, and those relating to the allocation and assignment of space, personnel other than board personnel, and equipment.

(4) "Board personnel", as used in this section or chapters 317, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, and 345, shall mean personnel whose functions and responsibilities are in areas not related to the clerical duties involving the issuance and renewal of licenses, to the collecting and accounting for moneys, or to financial management relating to issuance and renewal of licenses; specifically included are executive secretaries (or comparable positions), consultants, inspectors, investigators, counsel, and secretarial support staff for these positions; and such other positions as are established and authorized by statute for a particular board or commission. Boards and commissions may employ legal counsel, if authorized by law, and temporary personnel if the board is unable to meet its responsibilities with the employees authorized above. Any board or commission which hires temporary employees shall annually provide the division director and the appropriation committees of the general assembly with a complete list of all persons employed in the previous year, the length of their employment, the amount of their remuneration, and a description of their responsibilities.

(5) Board personnel for each board or commission shall be employed by and serve at the pleasure of the board or commission, shall be supervised as the board or commission designates, and shall have their duties and compensation prescribed by the board or commission, within appropriations for that purpose, except that compensation for board personnel shall not exceed that established for comparable positions as determined by the board or commission pursuant to the job and pay plan of the department of insurance, financial institutions and professional registration. Nothing herein shall be construed to permit salaries for any board personnel to be lowered except by board action.

12. All the powers, duties, and functions of the division of athletics, chapter 317, and others, are assigned by type I transfer to the division of professional registration.

Such rules shall be limited to **[**specifying geographic areas to be covered,**]** the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating authority to prescribe controlled substances. 5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. In subsequent applications or representations relating to his medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

8. A collaborating physician shall not enter into a collaborative practice arrangement with more than **[**three**]** **five** full-time equivalent advanced practice registered nurses. 9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other agreement shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other agreement shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advanced practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician."; and

198.593. Within six months of the effective date of sections 198.575 to 198.605, all facilities shall provide to each patient or surrogate a form prescribed by the department explaining the provisions of sections 198.575 to 198.605 and giving each patient or surrogate a choice to have a monitoring device installed in the patient's room. 2. Nothing in sections 198.610 to 198.630 shall be construed to allow the use of an electronic monitoring device to take still photographs or for the nonconsensual interception of private communications.

3. Except as otherwise provided in this section, a resident, a resident's representative, or the parent of a resident under eighteen years of age shall consent in writing on a notification and consent form prescribed by the department in order for authorized electronic monitoring to be conducted in the resident's room. If the resident has not affirmatively objected to the authorized electronic monitoring and the resident's physician determines that the resident lacks the ability to understand and appreciate the nature and consequences of electronic monitoring, the following individuals may consent on behalf of the resident in order of priority:

(1) An attorney-in-fact under a durable power of attorney for health care;

(2) A resident's representative;

4. Prior to another person, other than a resident's representative, consenting on behalf of a resident eighteen years of age or older in accordance with the provisions of sections 198.610 to 198.630, the resident shall be asked by that person, in the presence of a facility employee, if he or she wants authorized electronic monitoring to be conducted. The person shall explain to the resident:

(4) The resident's ability to decline all recording.

For the purposes of this subsection, a resident affirmatively objects if he or she orally, visually, or through the use of auxiliary aids or services declines authorized electronic monitoring. The resident's response shall be documented on the notification and consent form.

5. A resident or roommate may consent to authorized electronic monitoring with any conditions of the resident's choosing including, but not limited to, the list of standard conditions provided in subdivision (7) of subsection 2 of section 198.614. A resident or roommate may request that the electronic monitoring device be turned off or the visual recording component of the electronic monitoring device be blocked at any time.

6. Prior to the authorized electronic monitoring, a resident shall obtain the written consent of any other resident residing in the room on the notification and consent form prescribed by the department. Except as otherwise provided in this subsection, a roommate, a roommate's legal representative, or the parent of a roommate under eighteen years of age shall consent in writing to the authorized electronic monitoring in the resident's room. 8. Any resident previously conducting authorized electronic monitoring shall obtain consent from any new roommate before the resident may resume authorized electronic monitoring. If a new roommate does not consent to authorized electronic monitoring and the resident conducting the authorized electronic monitoring does not remove or disable the electronic monitoring device, the facility may turn off the device.

9. Consent may be withdrawn by the resident or roommate at any time, and the withdrawal of consent shall be documented in the resident's clinical record. If a roommate withdraws consent and the resident conducting the authorized electronic monitoring does not remove or disable the electronic monitoring device, the facility may turn off the electronic monitoring device.

10. If a resident who is residing in a shared room wants to conduct authorized electronic monitoring and another resident living in or moving into the same shared room refuses to consent to the use of an electronic monitoring device, the facility shall make a reasonable attempt to accommodate the resident who wants to conduct authorized electronic monitoring. A facility has met the requirement to make a reasonable attempt to accommodate a resident who wants to conduct authorized electronic monitoring if, upon notification that a roommate has not consented to the use of an electronic monitoring device in his or her room, the facility offers to move either resident to another shared room that is available at the time of the request. If a resident chooses to reside in a private room in order to accommodate the use of an electronic monitoring device, the resident shall pay the private room rate. If a facility is unable to accommodate a resident due to lack of space, the facility shall reevaluate the request every two weeks until the request is fulfilled.

198.614. 1. Authorized electronic monitoring may begin only after a notification and consent form prescribed by the department has been completed and submitted to the facility.

4. Health care providers, and the department under subsection 8 of this section, shall include with any estimate of costs the following: "Your estimated cost is based on the information entered and assumptions about typical utilization and costs. The actual amount billed to you may be different from the estimate of costs provided to you. Many factors affect the actual bill you will receive, and this estimate of costs does not account for all of them. Additionally, the estimate of costs is not a guarantee of insurance coverage. You will be billed at the health care provider's charge for any service provided to you that is not a covered benefit under your plan. Please check with your insurance company to receive an estimate of the amount you will owe under your plan or if you need help understanding your benefits for the service chosen.".

5. Health carriers shall include with any insurance costs the following: "Your insurance costs are based on the information entered and assumptions about typical utilization and costs. The actual amount of insurance costs and the amount billed to you may be different from the insurance costs provided to you. Many factors affect the actual insurance costs, and the insurance costs provided do not account for all of them. Additionally, the insurance costs provided are limited to the specific information provided and are not a guarantee of insurance coverage for additional services. You will be billed at the health care provider's charge for any service provided to you that is not a covered benefit under your plan. You may contact us if you need further assistance in understanding your benefits for the service chosen.".

6. Each health care provider shall also make available the percentage or amount of any discounts for cash payment of any charges incurred through the health care provider's website or by making it available at the health care provider's location.

7. Nothing in this section shall be construed as violating any health care provider contract provisions with a health carrier that prohibit disclosure of the health care provider's fee schedule with a health carrier to third parties.

8. The department shall make available to the public on its website the most current price information it receives from hospitals under subsections 9 and 10 of this section. The department shall provide this information in a manner that is easily understood by the public and meets the following minimum requirements:

(1) Information for each participating hospital shall be listed separately and hospitals shall be listed in groups by category as determined by the department in rules adopted under this section; and

(2) Information for each hospital outpatient department shall be listed separately.

9. Beginning with the quarter ending June 30, 2017, and quarterly thereafter, each participating hospital shall provide to the department, in the manner and format determined by the department, the following information about the one hundred most frequently reported admissions by DRG for inpatients as established by the department:

(1) The amount that will be charged to a patient for each DRG if all charges are paid in full without a public or private third party paying for any portion of the charges;

(2) The average negotiated settlement on the amount that will be charged to a patient required to be provided in subdivision (1) of this subsection;

(3) The amount of MO HealthNet reimbursement for each DRG, including claims and pro rata supplemental payments; and

(4) The amount of Medicare reimbursement for each DRG.

A hospital shall not report or be required to report the information required by this subsection for any of the one hundred most frequently reported admissions where the reporting of that information reasonably could lead to the identification of the person or persons admitted to the hospital in violation of the federal Health Insurance Portability and Accountability Act of 1996 (HIPAA) or other federal law.

10. Beginning with the quarter ending June 30, 2017, and quarterly thereafter, each participating hospital shall provide to the department, in a manner and format determined by the department, information on the total costs for the twenty most common outpatient surgical procedures and the twenty most common imaging procedures, by volume, performed in hospital outpatient settings. Participating hospitals shall report this information in the same manner as required by subsection 9 of this section, provided that hospitals shall not report or be required to report the information required by this subsection where the reporting of that information reasonably could lead to the identification of the person or persons admitted to the hospital in violation of HIPAA or other federal law.

11. A hospital shall provide the information specified under subsections 9 and 10 of this section to the department. A hospital which does so shall not be required to provide that information pursuant to subsection 3 of this section.

12. Any data disclosed to the department by a hospital under subsections 9 and 10 of this section shall be the sole property of the hospital that submitted the data. Any data or product derived from the data disclosed under subsections 9 and 10 of this section, including a consolidation or analysis of the data, shall be the sole property of the state. Any proprietary information received by the department shall be a proprietary interest and may be closed under the provisions of subdivision (15) of section 610.021. The department shall not allow information it receives or discloses under subsections 9 and 10 of this section to be used by any person or entity for commercial purposes.

13. The department shall promulgate rules to implement the provisions of this section. The rules relating to subsections 8 to 12 of this section shall include all of the following:

(1) The one hundred most frequently reported DRGs for inpatients for which participating hospitals will provide the data required under subsection 9 of this section;

(2) Specific categories by which hospitals shall be grouped for the purpose of disclosing this information to the public on the department's website; and

(3) The twenty most common outpatient surgical procedures and the twenty most common imaging procedures, by volume, performed in a hospital outpatient setting required under subsection 10 of this section.

Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void."; and"; and

Further amend said bill, Page 5, Section 191.1146, Line 20, by inserting after all of said line the following:

"197.315. 1. Any person who proposes to develop or offer a new institutional health service within the state must obtain a certificate of need from the committee prior to the time such services are offered.

2. Only those new institutional health services which are found by the committee to be needed shall be granted a certificate of need. Only those new institutional health services which are granted certificates of need shall be offered or developed within the state. No expenditures for new institutional health services in excess of the applicable expenditure minimum shall be made by any person unless a certificate of need has been granted.

3. After October 1, 1980, no state agency charged by statute to license or certify health care facilities shall issue a license to or certify any such facility, or distinct part of such facility, that is developed without obtaining a certificate of need.

4. If any person proposes to develop any new institutional health care service without a certificate of need as required by sections 197.300 to 197.366, the committee shall notify the attorney general, and he shall apply for an injunction or other appropriate legal action in any court of this state against that person.

5. After October 1, 1980, no agency of state government may appropriate or grant funds to or make payment of any funds to any person or health care facility which has not first obtained every certificate of need required pursuant to sections 197.300 to 197.366.

6. A certificate of need shall be issued only for the premises and persons named in the application and is not transferable except by consent of the committee.

7. Project cost increases, due to changes in the project application as approved or due to project change orders, exceeding the initial estimate by more than ten percent shall not be incurred without consent of the committee.

8. Periodic reports to the committee shall be required of any applicant who has been granted a certificate of need until the project has been completed. The committee may order the forfeiture of the certificate of need upon failure of the applicant to file any such report.

9. A certificate of need shall be subject to forfeiture for failure to incur a capital expenditure on any approved project within six months after the date of the order. The applicant may request an extension from the committee of not more than six additional months based upon substantial expenditure made.

10. Each application for a certificate of need must be accompanied by an application fee. The time of filing commences with the receipt of the application and the application fee. The application fee is one thousand dollars, or one-tenth of one percent of the total cost of the proposed project, whichever is greater. All application fees shall be deposited in the state treasury. Because of the loss of federal funds, the general assembly will appropriate funds to the Missouri health facilities review committee.

11. In determining whether a certificate of need should be granted, no consideration shall be given to the facilities or equipment of any other health care facility located more than a fifteen-mile radius from the applying facility.

12. When a nursing facility shifts from a skilled to an intermediate level of nursing care, it may return to the higher level of care if it meets the licensure requirements, without obtaining a certificate of need.

14. A certificate of need shall not be required for the transfer of ownership of an existing and operational health facility in its entirety.

15. A certificate of need may be granted to a facility for an expansion, an addition of services, a new institutional service, or for a new hospital facility which provides for something less than that which was sought in the application.

16. The provisions of this section shall not apply to facilities operated by the state, and appropriation of funds to such facilities by the general assembly shall be deemed in compliance with this section, and such facilities shall be deemed to have received an appropriate certificate of need without payment of any fee or charge. **The provisions of this subsection shall not apply to hospitals operated**

17. Notwithstanding other provisions of this section, a certificate of need may be issued after July 1, 1983, for an intermediate care facility operated exclusively for the intellectually disabled.

18. To assure the safe, appropriate, and cost-effective transfer of new medical technology throughout the state, a certificate of need shall not be required for the purchase and operation of**:**

(1) Research equipment that is to be used in a clinical trial that has received written approval from a duly constituted institutional review board of an accredited school of medicine or osteopathy located in Missouri to establish its safety and efficacy and does not increase the bed complement of the institution in which the equipment is to be located. After the clinical trial has been completed, a certificate of need must be obtained for continued use in such facility**; or**

"**(a) For purposes of this subdivision, "durable medical equipment" means equipment including repair and replacement parts for same, but does not include "mobility enhancing equipment" which can withstand repeated use, is primarily and customarily used to serve a medical purpose, and is not worn in or on the body;**

(b) For purposes of this subdivision, "prosthetic device" means a replacement, corrective, or supportive device including repair and replacement parts for same worn on or in the body to artificially replace a missing portion of the body, prevent or correct physical deformity or malfunction, or support a weak or deformed portion of the body;"; and

Further amend said bill, Page 11, said section, Line 370, by inserting after all of said line the following:

"144.087. 1. The director of revenue shall require all applicants for retail sales licenses and all licensees in default in filing a return and paying their taxes when due to file a bond in an amount to be determined by the director, which may be a corporate surety bond or a cash bond, but such bond shall not be more than **[**three**] two** times the average monthly tax liability of the taxpayer, estimated in the case of a new applicant, otherwise based on the previous twelve months' experience. At such time as the director of revenue shall deem the amount of a bond required by this section to be insufficient to cover the average monthly tax liability of a given taxpayer, he may

require such taxpayer to adjust the amount of the bond to the level satisfactory to the director which will cover the amount of such liability. The director shall, after a reasonable period of satisfactory tax compliance for **[**two years**]** **one year** from the initial date of bonding, release such taxpayer from the bonding requirement as set forth in this section. All itinerant or temporary businesses shall be required to procure the license and post the bond required under the provisions of sections 144.083 and 144.087 prior to the selling of goods at retail, and in the event that such business is to be conducted for less than one month, the amount of the bond shall be determined by the director.

2. All cash bonds shall be deposited by the director of revenue into the state general revenue fund, and shall be released to the taxpayer pursuant to subsection 1 of this section from funds appropriated by the general assembly for such purpose. If appropriated funds are available, the commissioner of administration and the state treasurer shall cause such refunds to be paid within thirty days of the receipt of a warrant request for such payment from the director of the department of revenue.

3. An applicant or licensee in default may, in lieu of filing any bond required under this section, provide the director of revenue with an irrevocable letter of credit, as defined in section 400.5-103, issued by any state or federally chartered financial institution, in an amount to be determined by the director or may obtain a certificate of deposit issued by any state or federally chartered financial institution, in an amount to be determined by the director, where such certificate of deposit is pledged to the department of revenue until released by the director in the same manner as bonds are released pursuant to subsection 1 of this section. As used in this subsection, the term "certificate of deposit" means a certificate representing any deposit of funds in a state or federally chartered financial institution for a specified period of time which earns interest at a fixed or variable rate, where such funds cannot be withdrawn prior to a specified time without forfeiture of some or all of the earned interest."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

FIFTY-SEVENTH DAY, THURSDAY, APRIL 21, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

If My people humble themselves, and pray, and seek My face, and turn from their wicked ways, then will I hear from heaven, and will forgive their sin and heal their land. (II Chronicles 7:14)

Almighty Creator, at this sacred moment of morning prayer we pause in silence before You, seeking the wise guidance of Your worthy spirit, as we face the decisions that surround us and think of the votes we must cast today.

In these critical days of this session's conclusion, help us to see the way and give us the courage to walk in it, that we may promote the values which have made our State great and possess the virtues which have kept her strong and true.

During this election time when the spirit of change is in the air, when untruths seem at times triumphant and goodness so weak, may we be sure of You and know that behind the shadows stands Your presence, which never fails or abandons us.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-sixth day was approved as printed.

SECOND READING OF SENATE CONCURRENT RESOLUTIONS

The following Senate Concurrent Resolution was read the second time:

SCR 67, relating to eggs.

only to the penalties provided in section 313.812. The commission shall have no authority to determine the validity or enforceability of a credit instrument or the enforceability of the debt that the credit instrument represents. Failure to comply with any regulation promulgated by the commission shall not impact the validity or enforceability of the credit instrument or the debt that the credit instrument represents.

9. In addition to the other creditor protections contained in this section, a licensee **[**may**]** **shall** not lend anything of value or extend credit to any person for the purpose of permitting that person to wager on any gambling game except through the use of a credit instrument**; credit instruments of ten thousand dollars or less may be accepted only if the licensee determines the qualified person's creditworthiness to be at least twice the amount of the credit instrument or ten thousand dollars, whichever is less; credit instruments of more than ten thousand dollars may be accepted only if the licensee determines the qualified person's creditworthiness to be equal or in excess of the amount of the credit instrument; and no credit instrument shall be secured by any individual's house or other real property, tangible personal property, investments, IRAs, a 401(k), pensions or other retirement accounts, any college savings plans, or any assets whatsoever other than a demand deposit account or accounts**. All credit instruments shall provide that any credit extended shall be due no later than thirty days from the date credit is extended. JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

FIFTY-EIGHTH DAY, MONDAY, APRIL 25, 2016

The House met pursuant to adjournment.

Representative Leara in the Chair.

Prayer by Rep. John McCaherty.

Father, today we come to You with humility, admiration, and repentance. Help us to follow You, to be kind to one another, even when we disagree; let us lift each other up and not tear each other down. Forgive us when we fail You, when we fail each other, and remind us that You are our comforter, our guidance, and source of strength when we need help. Guide us in the last three weeks of session. Guide our decisions and our attitudes. Let us do what is good, right, and acceptable in Your eyes, and that which is best for the great state of Missouri.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Abbygail Louise Sebacher.

AMEND House Bill No. 1870, Page 2, Section 1.310, Line 30, by inserting immediately after all of said line the following:

"143.121. 1. The Missouri adjusted gross income of a resident individual shall be the taxpayer's federal adjusted gross income subject to the modifications in this section.

2. There shall be added to the taxpayer's federal adjusted gross income:

(1) The amount of any federal income tax refund received for a prior year which resulted in a Missouri income tax benefit;

(2) Interest on certain governmental obligations excluded from federal gross income by Section 103 of the Internal Revenue Code. The previous sentence shall not apply to interest on obligations of the state of Missouri or any of its political subdivisions or authorities and shall not apply to the interest described in subdivision (1) of subsection 3 of this section. The amount added pursuant to this subdivision shall be reduced by the amounts applicable to such interest that would have been deductible in computing the taxable income of the taxpayer except only for the application of Section 265 of the Internal Revenue Code. The reduction shall only be made if it is at least five hundred dollars;

(3) The amount of any deduction that is included in the computation of federal taxable income pursuant to Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002 to the extent the amount deducted relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent the amount deducted exceeds the amount that would have been deductible pursuant to Section 168 of the Internal Revenue Code of 1986 as in effect on January 1, 2002;

(4) The amount of any deduction that is included in the computation of federal taxable income for net operating loss allowed by Section 172 of the Internal Revenue Code of 1986, as amended, other than the deduction allowed by Section 172(b)(1)(G) and Section 172(i) of the Internal Revenue Code of 1986, as amended, for a net operating loss the taxpayer claims in the tax year in which the net operating loss occurred or carries forward for a period of more than twenty years and carries backward for more than two years. Any amount of net operating loss taken against federal taxable income but disallowed for Missouri income tax purposes pursuant to this subdivision after June 18, 2002, may be carried forward and taken against any income on the Missouri income tax return for a period of not more than twenty years from the year of the initial loss; and

(5) For nonresident individuals in all taxable years ending on or after December 31, 2006, the amount of any property taxes paid to another state or a political subdivision of another state for which a deduction was allowed on such nonresident's federal return in the taxable year unless such state, political subdivision of a state, or the District of Columbia allows a subtraction from income for property taxes paid to this state for purposes of calculating income for the income tax for such state, political subdivision of a state, or the District of Columbia.

3. There shall be subtracted from the taxpayer's federal adjusted gross income the following amounts to the extent included in federal adjusted gross income:

(1) Interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission or instrumentality of the United States to the extent exempt from Missouri income taxes pursuant to the laws of the United States. The amount subtracted pursuant to this subdivision shall be reduced by any interest on indebtedness incurred to carry the described obligations or securities and by any expenses incurred in the production of interest or dividend income described in this subdivision. The reduction in the previous sentence shall only apply to the extent that such expenses including amortizable bond premiums are deducted in determining the taxpayer's federal adjusted gross income or included in the taxpayer's Missouri itemized deduction. The reduction shall only be made if the expenses total at least five hundred dollars;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis to the taxpayer for Missouri income tax purposes than for federal income tax purposes on December 31, 1972, that

does not exceed such difference in basis. If a gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to one-half of such portion of the gain;

(3) The amount necessary to prevent the taxation pursuant to this chapter of any annuity or other amount of income or gain which was properly included in income or gain and was taxed pursuant to the laws of Missouri for a taxable year prior to January 1, 1973, to the taxpayer, or to a decedent by reason of whose death the taxpayer acquired the right to receive the income or gain, or to a trust or estate from which the taxpayer received the income or gain;

(4) Accumulation distributions received by a taxpayer as a beneficiary of a trust to the extent that the same are included in federal adjusted gross income;

(5) The amount of any state income tax refund for a prior year which was included in the federal adjusted gross income;

(6) The portion of capital gain specified in section 135.357 that would otherwise be included in federal adjusted gross income;

(7) The amount that would have been deducted in the computation of federal taxable income pursuant to Section 168 of the Internal Revenue Code as in effect on January 1, 2002, to the extent that amount relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent that amount exceeds the amount actually deducted pursuant to Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002;

(8) For all tax years beginning on or after January 1, 2005, the amount of any income received for military service while the taxpayer serves in a combat zone which is included in federal adjusted gross income and not otherwise excluded therefrom. As used in this section, "combat zone" means any area which the President of the United States by Executive Order designates as an area in which Armed Forces of the United States are or have engaged in combat. JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

FIFTY-NINTH DAY, TUESDAY, APRIL 26, 2016

The House met pursuant to adjournment.

Speaker Pro Tem Hoskins in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Watch ye, stand fast in the faith, quit you like men, be strong. (I Corinthians 16:13)

All praise, honor and glory be unto You, O God Almighty, for Your loving kindness and Your tender mercies which have been ours all the days of our lives. Enlighten us in our debates and preserve us in our charity by Your spirit of humility revealed to us as we pray.

Cleanse the ambitions of our hearts, and clear our minds of stress and strain that inner peace may be ours and enduring calm may come to our districts and their citizens.

During this day may we as a body not curse the political darkness but keep the candles of hope and love bright that all may see the way to a better life in Missouri, following and guided by liberty and justice for all in our beloved home.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-eighth day was approved as printed.

Speaker Pro Tem Hoskins declared the bill passed.

HCS SB 639, relating to public employee retirement systems, was taken up by Representative Walker.

Representative Fitzwater (144) offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Bill No. 639, Page 9, Section 70.621, Line 24, by inserting after all of said section and line the following:

"169.070. 1. The retirement allowance of a member whose age at retirement is sixty years or more and whose creditable service is five years or more, or whose sum of age and creditable service equals eighty years or more, or who has attained age fifty-five and whose creditable service is twenty-five years or more, or whose creditable service is thirty years or more regardless of age, may be the sum of the following items, not to exceed one hundred percent of the member's final average salary:

(1) Two and five-tenths percent of the member's final average salary for each year of membership service;

(2) Six-tenths of the amount payable for a year of membership service for each year of prior service not exceeding thirty years. In lieu of the retirement allowance otherwise provided in subdivisions (1) and (2) of this subsection, a member may elect to receive a retirement allowance of:

(3) Two and four-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-nine years or more but less than thirty years, and the member has not attained age fifty-five;

(4) Two and thirty-five-hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-eight years or more but less than twenty-nine years, and the member has not attained age fifty-five;

(5) Two and three-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-seven years or more but less than twenty-eight years, and the member has not attained age fifty-five;

(6) Two and twenty-five-hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-six years or more but less than twenty-seven years, and the member has not attained age fifty-five;

(7) Two and two-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-five years or more but less than twenty-six years, and the member has not attained age fifty-five;

(8) **[**Between July 1, 2001, and July 1, 2014**,]** Two and fifty-five hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is thirty-one years or more regardless of age.

2. In lieu of the retirement allowance provided in subsection 1 of this section, a member whose age is sixty years or more on September 28, 1975, may elect to have the member's retirement allowance calculated as a sum of the following items:

(1) Sixty cents plus one and five-tenths percent of the member's final average salary for each year of membership service;

(2) Six-tenths of the amount payable for a year of membership service for each year of prior service not exceeding thirty years;

(3) Three-fourths of one percent of the sum of subdivisions (1) and (2) of this subsection for each month of attained age in excess of sixty years but not in excess of age sixty-five.

3. (1) In lieu of the retirement allowance provided either in subsection 1 or 2 of this section, collectively called "option 1", a member whose creditable service is twenty-five years or more or who has attained the age of fifty-five with five or more years of creditable service may elect in the member's application for retirement to receive the actuarial equivalent of the member's retirement allowance in reduced monthly payments for life during retirement with the provision that:

Option 2. Upon the member's death the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member as the member shall have nominated in the member's election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the retired member elected option 1;

OR

Option 3. Upon the death of the member three-fourths of the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the member elected option 1;

OR

Option 4. Upon the death of the member one-half of the reduced retirement allowance shall be continued throughout the life of, and paid to, such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance shall be increased to the amount the retired member would be receiving had the member elected option 1;

OR

Option 5. Upon the death of the member prior to the member having received one hundred twenty monthly payments of the member's reduced allowance, the remainder of the one hundred twenty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the

remainder of the one hundred twenty monthly payments, the total of the remainder of such one hundred twenty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the one hundred twenty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum;

OR

Option 6. Upon the death of the member prior to the member having received sixty monthly payments of the member's reduced allowance, the remainder of the sixty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the sixty monthly payments, the total of the remainder of such sixty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the sixty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum.

(2) The election of an option may be made only in the application for retirement and such application must be filed prior to the date on which the retirement of the member is to be effective. If either the member or the person nominated to receive the survivorship payments dies before the effective date of retirement, the option shall not be effective, provided that:

(a) If the member or a person retired on disability retirement dies after acquiring twenty-five or more years of creditable service or after attaining the age of fifty-five years and acquiring five or more years of creditable service and before retirement, except retirement with disability benefits, and the person named by the member as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either survivorship benefits under option 2 or a payment of the accumulated contributions of the member. If survivorship benefits under option 2 are elected and the member at the time of death would have been eligible to receive an actuarial equivalent of the member's retirement allowance, the designated beneficiary may further elect to defer the option 2 payments until the date the member would have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section;

(b) If the member or a person retired on disability retirement dies before attaining age fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the person named as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either a payment of the member's accumulated contributions, or survivorship benefits under option 2 to begin on the date the member would first have been eligible to receive an actuarial equivalent of the member's retirement allowance, or to begin on the date the member would first have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section.

4. If the total of the retirement or disability allowance paid to an individual before the death of the individual is less than the accumulated contributions at the time of retirement, the difference shall be paid to the beneficiary of the individual, or to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the individual in that order of precedence. If an optional benefit as provided in option 2, 3 or 4 in subsection 3 of this section had been elected, and the beneficiary dies after receiving the optional benefit, and if the total retirement allowance paid to the retired individual and the beneficiary of the retired individual is less than the total of the contributions, the difference shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence, unless the retired individual designates a different recipient with the board at or after retirement.

5. If a member dies and his or her financial institution is unable to accept the final payment or payments due to the member, the final payment or payments shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated. If the beneficiary of a deceased member dies and

his or her financial institution is unable to accept the final payment or payments, the final payment or payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated.

6. If a member dies before receiving a retirement allowance, the member's accumulated contributions at the time of the death of the member shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or to the estate of the member, in that order of precedence; except that, no such payment shall be made if the beneficiary elects option 2 in subsection 3 of this section, unless the beneficiary dies before having received benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid pursuant to that subsection shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence.

7. If a member ceases to be a public school employee as herein defined and certifies to the board of trustees that such cessation is permanent, or if the membership of the person is otherwise terminated, the member shall be paid the member's accumulated contributions with interest.

8. Notwithstanding any provisions of Sections 169.010 to 169.141 to the contrary, if a member ceases to be a public school employee after acquiring five or more years of membership service in Missouri, the member may at the option of the member leave the member's contributions with the retirement system and claim a retirement allowance any time after reaching the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in Sections 169.010 to 169.141 on the basis of the member's age, years of service, and the provisions of the law in effect at the time the member requests the member's retirement to become effective.

9. The retirement allowance of a member retired because of disability shall be nine-tenths of the allowance to which the member's creditable service would entitle the member if the member's age were sixty, or fifty percent of one-twelfth of the annual salary rate used in determining the member's contributions during the last school year for which the member received a year of creditable service immediately prior to the member's disability, whichever is greater, except that no such allowance shall exceed the retirement allowance to which the member would have been entitled upon retirement at age sixty if the member had continued to teach from the date of disability until age sixty at the same salary rate.

10. Notwithstanding any provisions of Sections 169.010 to 169.141 to the contrary, from October 13, 1961, the contribution rate pursuant to Sections 169.010 to 169.141 shall be multiplied by the factor of two-thirds for any member of the system for whom federal Old Age and Survivors Insurance tax is paid from state or local tax funds on account of the member's employment entitling the person to membership in the system. The monetary benefits for a member who elected not to exercise an option to pay into the system a retroactive contribution of four percent on that part of the member's annual salary rate which was in excess of four thousand eight hundred dollars but not in excess of eight thousand four hundred dollars for each year of employment in a position covered by this system between July 1, 1957, and July 1, 1961, as provided in subsection 10 of this section as it appears in RSMo, 1969, shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, and prior to July 1, 1961, the benefits provided in this section as it appears in RSMo, 1959; except that if the member has at least thirty years of creditable service at retirement the member shall receive the benefit payable pursuant to that section as though the member's age were sixty-five at retirement;

(4) For years of membership service after July 1, 1961, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

11. The monetary benefits for each other member for whom federal Old Age and Survivors Insurance tax is or was paid at any time from state or local funds on account of the member's employment entitling the member to membership in the system shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

12. Any retired member of the system who was retired prior to September 1, 1972, or beneficiary receiving payments under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 1, 1972, will be eligible to receive an increase in the retirement allowance of the member of two percent for each year, or major fraction of more than one-half of a year, which the retired member has been retired prior to July 1, 1975. This increased amount shall be payable commencing with January, 1976, and shall thereafter be referred to as the member's retirement allowance. The increase provided for in this subsection shall not affect the retired member's eligibility for compensation provided for in Section 169.580 or 169.585, nor shall the amount being paid pursuant to these sections be reduced because of any increases provided for in this section.

13. If the board of trustees determines that the cost of living, as measured by generally accepted standards, increases two percent or more in the preceding fiscal year, the board shall increase the retirement allowances which the retired members or beneficiaries are receiving by two percent of the amount being received by the retired member or the beneficiary at the time the annual increase is granted by the board with the provision that the increases provided for in this subsection shall not become effective until the fourth January first following the member's retirement or January 1, 1977, whichever later occurs, or in the case of any member retiring on or after July 1, 2000, the increase provided for in this subsection shall not become effective until the third January first following the member's retirement, or in the case of any member retiring on or after July 1, 2001, the increase provided for in this subsection shall not become effective until the second January first following the member's retirement. Commencing with January 1, 1992, if the board of trustees determines that the cost of living has increased five percent or more in the preceding fiscal year, the board shall increase the retirement allowances by five percent. The total of the increases granted to a retired member or the beneficiary after December 31, 1976, may not exceed eighty percent of the retirement allowance established at retirement or as previously adjusted by other subsections. If the cost of living increases less than five percent, the board of trustees may determine the percentage of increase to be made in retirement allowances, but at no time can the increase exceed five percent per year. If the cost of living decreases in a fiscal year, there will be no increase in allowances for retired members on the following January first.

14. The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection 13 of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the cost of living was at the time of the first increase granted to the member; except that, the reductions shall not exceed the amount of increases which have been made to the member's allowance after December 31, 1976.

15. Any application for retirement shall include a sworn statement by the member certifying that the spouse of the member at the time the application was completed was aware of the application and the plan of retirement elected in the application.

16. Notwithstanding any other provision of law, any person retired prior to September 28, 1983, who is receiving a reduced retirement allowance under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 28, 1983, and whose beneficiary nominated to receive continued retirement allowance payments under the elected option dies or has died, shall upon application to the board of trustees have his or her retirement allowance increased to the amount he or she would have been receiving had the option not been elected, actuarially adjusted to recognize any excessive benefits which would have been paid to him or her up to the time of application.

17. Benefits paid pursuant to the provisions of the public school retirement system of Missouri shall not exceed the limitations of Section 415 of Title 26 of the United States Code except as provided pursuant to this subsection. Notwithstanding any other law to the contrary, the board of trustees may establish a benefit plan

pursuant to Section 415(m) of Title 26 of the United States Code. Such plan shall be created solely for the purpose described in Section 415(m)(3)(A) of Title 26 of the United States Code. The board of trustees may promulgate regulations necessary to implement the provisions of this subsection and to create and administer such benefit plan.

18. Notwithstanding any other provision of law to the contrary, any person retired before, on, or after May 26, 1994, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive an amount based on the person's years of service so that the total amount received pursuant to Sections 169.010 to 169.141 shall be at least the minimum amounts specified in subdivisions (1) to (4) of this subsection. In determining the minimum amount to be received, the amounts in subdivisions (3) and (4) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance. In determining the minimum amount to be received, beginning September 1, 1996, the amounts in subdivisions (1) and (2) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance due to election of an optional form of retirement having a continued monthly payment after the person's death. Notwithstanding any other provision of law to the contrary, no person retired before, on, or after May 26, 1994, and no beneficiary of such a person, shall receive a retirement benefit pursuant to Sections 169.010 to 169.141 based on the person's years of service less than the following amounts:

(1) Thirty or more years of service, one thousand two hundred dollars;

(2) At least twenty-five years but less than thirty years, one thousand dollars;

(3) At least twenty years but less than twenty-five years, eight hundred dollars;

(4) At least fifteen years but less than twenty years, six hundred dollars.

19. Notwithstanding any other provisions of law to the contrary, any person retired prior to May 26, 1994, and any designated beneficiary of such a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement or aging and upon request shall give written or oral opinions to the board in response to such requests. Beginning September 1, 1996, as compensation for such service, the member shall have added, pursuant to this subsection, to the member's monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. Beginning September 1, 1999, the designated beneficiary of the deceased member shall as compensation for such service have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. The total compensation provided by this section including the compensation provided by this subsection shall be used in calculating any future cost-of-living adjustments provided by subsection 13 of this section.

20. Any member who has retired prior to July 1, 1998, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive a payment equivalent to eight and seven-tenths percent of the previous month's benefit, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

21. Any member who has retired shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such request. As compensation for such duties, the beneficiary of the retired member, or, if there is no beneficiary, the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the retired member, in that order of precedence, shall receive as a part of compensation for these duties a death benefit of five thousand dollars.

22. Any member who has retired prior to July 1, 1999, and the designated beneficiary of a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests.

As compensation for such duties, the person shall have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to five dollars times the member's number of years of creditable service.

23. Any member who has retired prior to July 1, 2000, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a payment equivalent to three and five-tenths percent of the previous month's benefit, which shall be added to the member or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

24. Any member who has retired prior to July 1, 2001, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a dollar amount equal to three dollars times the member's number of years of creditable service, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

Section B. Because of the importance of providing an additional retirement allowance option to Missouri teachers, Section 169.070 of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and Section 169.070 of this act shall be in full force and effect upon its passage and approval."; and

AMEND House Committee Substitute for Senate Bill No. 639, Page 9, Section 70.621, Line 24, by inserting after all of said section and line the following:

"169.141. 1. Any person receiving a retirement allowance under Sections 169.010 to 169.140, and who elected a reduced retirement allowance under subsection 3 of Section 169.070 with his spouse as the nominated beneficiary, may nominate a successor beneficiary under either of the following circumstances:

(1) If the nominated beneficiary precedes the retired person in death, the retired person may, upon remarriage, nominate the new spouse under the same option elected in the application for retirement;

(2) If the marriage of the retired person and the nominated beneficiary is dissolved, and if the dissolution decree provides for sole retention by the retired person of all rights in the retirement allowance, the retired person may, upon remarriage, nominate the new spouse under the same option elected in the application for retirement.

2. Any nomination of a successor beneficiary under subdivision (1) or (2) of subsection 1 of this section must be made in accordance with procedures established by the board of trustees, and must be filed within ninety days of May 6, 1993, or within **[**ninety days**] one year** of the remarriage, whichever later occurs. Upon receipt of a successor nomination filed in accordance with those procedures, the board shall adjust the retirement allowance to reflect actuarial considerations of that nomination as well as previous beneficiary and successor beneficiary nominations.

3. Any person receiving a retirement allowance under Sections 169.010 to 169.140 who elected a reduced retirement allowance under subsection 3 of Section 169.070 with his or her spouse as the nominated beneficiary may have the retirement allowance increased to the amount the retired member would be receiving had the retired member elected option 1 if:

(1) The marriage of the retired person and the nominated spouse is dissolved on or after September 1, 2016;

(2) If the dissolution decree provides for sole retention by the retired person of all rights in the retirement allowance; and

(3) The person receives a retirement allowance under subsection 3 of Section 169.070.

Any such increase in the retirement allowance shall be effective upon the receipt of an application for such increase and a certified copy of the decree of dissolution that meets the requirements of this section.

169.324. 1. The annual service retirement allowance payable pursuant to Section 169.320 shall be the retirant's number of years of creditable service multiplied by a percentage of the retirant's average final compensation, determined as follows:

(1) A retirant whose last employment as a regular employee ended prior to June 30, 1999, shall receive an annual service retirement allowance payable pursuant to Section 169.320 in equal monthly installments for life equal to the retirant's number of years of creditable service multiplied by one and three-fourths percent of the person's average final compensation, subject to a maximum of sixty percent of the person's average final compensation;

(2) A retirant whose number of years of creditable service is greater than thirty-four and one-quarter on August 28, 1993, shall receive an annual service retirement allowance payable pursuant to Section 169.320 in equal monthly installments for life equal to the retirant's number of years of creditable service as of August 28, 1993, multiplied by one and three-fourths percent of the person's average final compensation but shall not receive a greater annual service retirement allowance based on additional years of creditable service after August 28, 1993;

(3) A retirant who was an active member of the retirement system at any time on or after June 30, 1999, and who either retires before January 1, 2014, or is a member of the retirement system on December 31, 2013, and remains a member continuously to retirement shall receive an annual service retirement allowance payable pursuant to Section 169.320 in equal monthly installments for life equal to the retirant's number of years of creditable service multiplied by two percent of the person's average final compensation, subject to a maximum of sixty percent of the person's final compensation;

(4) A retirant who becomes a member of the retirement system on or after January 1, 2014, including any retirant who was a member of the retirement system before January 1, 2014, but ceased to be a member for any reason other than retirement, shall receive an annual service retirement allowance payable pursuant to Section 169.320 in equal monthly installments for life equal to the retirant's number of years of creditable service multiplied by one and three-fourths percent of the person's average final compensation, subject to a maximum of sixty percent of the person's average final compensation;

(5) Notwithstanding the provisions of subdivisions (1) to (4) of this subsection, effective January 1, 1996, any retirant who retired on, before or after January 1, 1996, with at least twenty years of creditable service shall receive at least three hundred dollars each month as a retirement allowance, or the actuarial equivalent thereof if the retirant elected any of the options available under Section 169.326. Any retirant who retired with at least ten years of creditable service shall receive at least one hundred fifty dollars each month as a retirement allowance, plus fifteen dollars for each additional full year of creditable service greater than ten years but less than twenty years (or the actuarial equivalent thereof if the retirant elected any of the options available under Section 169.326). Any beneficiary of a deceased retirant who retired with at least ten years of creditable service and elected one of the options available under Section 169.326 shall also be entitled to the actuarial equivalent of the minimum benefit provided by this subsection, determined from the option chosen.

2. Except as otherwise provided in Sections 169.331, 169.580 and 169.585, payment of a retirant's retirement allowance will be suspended for any month for which such person receives remuneration from the person's employer or from any other employer in the retirement system established by Section 169.280 for the performance of services except any such person other than a person receiving a disability retirement allowance under Section 169.322 may serve as a nonregular substitute, part-time or temporary employee for not more than six hundred hours in any school year without becoming a member and without having the person's retirement allowance discontinued, provided that through such substitute, part-time, or temporary employment, the person may earn no more than fifty percent of the annual salary or wages the person was last paid by the employer before the person retired and commenced receiving a retirement allowance, adjusted for inflation. If a person exceeds such hours limit or such compensation limit, payment of the person's retirement allowance shall be suspended for the month in which such limit was exceeded and each subsequent month in the school year for which the person receives remuneration from any employer in the retirement system. **In addition to the conditions set forth above, this subsection shall apply to any person retired and currently receiving a retirement allowance under Sections 169.270 to 169.400, other than for disability, who is employed by a third party or is performing work as an independent contractor if such person is performing work in a district included in the retirement system as a temporary or long-term substitute teacher or in any other position that would normally require that person to be duly certificated under the laws governing the certification of teachers in Missouri if such person was employed by the district. The retirement system may require the district, the third-party employer, the independent contractor, and the retiree subject to this subsection to provide documentation showing compliance with this subsection. If such documentation is not provided, the retirement system may deem the retiree to have exceeded the limitations provided in this subsection**. If a retirant is reemployed by any employer in any capacity, whether pursuant to this section, or Section 169.331, 169.580, or 169.585, or as a regular employee, the amount of such person's retirement allowance attributable to service prior to the person's first retirement date shall not be changed by the reemployment. If the person again becomes an active member and earns additional creditable service, upon the person's second retirement the person's retirement allowance shall be the sum of:

(1) The retirement allowance the person was receiving at the time the person's retirement allowance was suspended, pursuant to the payment option elected as of the first retirement date, plus the amount of any increase in

such retirement allowance the person would have received pursuant to subsection 3 of this section had payments not been suspended during the person's reemployment; and

(2) An additional retirement allowance computed using the benefit formula in effect on the person's second retirement date, the person's creditable service following reemployment, and the person's average final annual compensation as of the second retirement date. The sum calculated pursuant to this subsection shall not exceed the greater of sixty percent of the person's average final compensation as of the second retirement date or the amount determined pursuant to subdivision (1) of this subsection. Compensation earned prior to the person's first retirement date shall be considered in determining the person's average final compensation as of the second retirement date if such compensation would otherwise be included in determining the person's average final compensation.

3. The board of trustees shall determine annually whether the investment return on funds of the system can provide for an increase in benefits for retirants eligible for such increase. A retirant shall and will be eligible for an increase awarded pursuant to this section as of the second January following the date the retirant commenced receiving retirement benefits. Any such increase shall also apply to any monthly joint and survivor retirement allowance payable to such retirant's beneficiaries, regardless of age. The board shall make such determination as follows:

(1) After determination by the actuary of the investment return for the preceding year as of December thirty-first (the "valuation year"), the actuary shall recommend to the board of trustees what portion of the investment return is available to provide such benefits increase, if any, and shall recommend the amount of such benefits increase, if any, to be implemented as of the first day of the thirteenth month following the end of the valuation year, and first payable on or about the first day of the fourteenth month following the end of the valuation year. The actuary shall make such recommendations so as not to affect the financial soundness of the retirement system, recognizing the following safeguards:

(a) The retirement system's funded ratio as of January first of the year preceding the year of a proposed increase shall be at least one hundred percent after adjusting for the effect of the proposed increase. The funded ratio is the ratio of assets to the pension benefit obligation;

(b) The actuarially required contribution rate, after adjusting for the effect of the proposed increase, may not exceed the then applicable employer and member contribution rate as determined under subsection 4 of Section 169.350;

(c) The actuary shall certify to the board of trustees that the proposed increase will not impair the actuarial soundness of the retirement system;

(d) A benefit increase, under this section, once awarded, cannot be reduced in succeeding years;

(2) The board of trustees shall review the actuary's recommendation and report and shall, in their discretion, determine if any increase is prudent and, if so, shall determine the amount of increase to be awarded.

4. This section does not guarantee an annual increase to any retirant.

5. If an inactive member becomes an active member after June 30, 2001, and after a break in service, unless the person earns at least four additional years of creditable service without another break in service, upon retirement the person's retirement allowance shall be calculated separately for each separate period of service ending in a break in service. The retirement allowance shall be the sum of the separate retirement allowances computed for each such period of service using the benefit formula in effect, the person's average final compensation as of the last day of such period of service and the creditable service the person earned during such period of service; provided, however, if the person earns at least four additional years of creditable service without another break in service, all of the person's creditable service prior to and including such service shall be aggregated and, upon retirement, the retirement allowance shall be computed using the benefit formula in effect and the person's average final compensation as of the last day of such period of four or more years and all of the creditable service the person earned prior to and during such period.

6. Notwithstanding anything contained in this section to the contrary, the amount of the annual service retirement allowance payable to any retirant pursuant to the provisions of Sections 169.270 to 169.400, including any adjustments made pursuant to subsection 3 of this section, shall at all times comply with the provisions and limitations of Section 415 of the Internal Revenue Code of 1986, as amended, and the regulations thereunder, the terms of which are specifically incorporated herein by reference.

7. All retirement systems established by the laws of the state of Missouri shall develop a procurement action plan for utilization of minority and women money managers, brokers and investment counselors. Such retirement systems shall report their progress annually to the joint committee on public employee retirement and the governor's minority advocacy commission.

169.560. Any person retired and currently receiving a retirement allowance pursuant to Sections 169.010 to 169.141, other than for disability, may be employed in any capacity in a district included in the retirement system created by those sections on either a part-time or temporary-substitute basis not to exceed a total of five hundred fifty hours in any one school year, and through such employment may earn up to fifty percent of the annual compensation payable under the **[**employing**]** district's salary schedule for the position or positions filled by the retiree, given such person's level of experience and education, without a discontinuance of the person's retirement allowance. If the **[**employing**]** school district does not utilize a salary schedule, or if the position in question is not subject to the **[**employing**]** district's salary schedule, a retiree employed in accordance with the provisions of this section may earn up to fifty percent of the annual compensation paid to the person or persons who last held such position or positions. If the position or positions did not previously exist, the compensation limit shall be determined in accordance with rules duly adopted by the board of trustees of the retirement system; provided that, it shall not exceed fifty percent of the annual compensation payable for the position in the **[**employing**]** school district that is most comparable to the position filled by the retiree. In any case where a retiree fills more than one position during the school year, the fifty-percent limit on permitted earning shall be based solely on the annual compensation of the highest paid position occupied by the retiree for at least one-fifth of the total hours worked during the year. Such a person shall not contribute to the retirement system or to the public education employee retirement system established by Sections 169.600 to 169.715 because of earnings during such period of employment. If such a person is employed in any capacity by such a district **[**on a regular, full-time basis,**] in excess of the limitations set forth in this section,** the person shall not be eligible to receive the person's retirement allowance for any month during which the person is so employed**. In addition, such person [**and**]** shall contribute to the retirement system **if the person satisfies the retirement system's membership eligibility requirements. In addition to the conditions set forth above, this section shall apply to any person retired and currently receiving a retirement allowance under Sections 169.010 to 169.141, other than for disability, who is employed by a third party or is performing work as an independent contractor if such person is performing work in a district included in the retirement system as a temporary or long-term substitute teacher or in any other position that would normally require that person to be duly certificated under the laws governing the certification of teachers in Missouri if such person was employed by the district. The retirement system may require the district, the third-party employer, the independent contractor, and the retiree subject to this section to provide documentation showing compliance with this section. If such documentation is not provided, the retirement system may deem the retiree to have exceeded the limitations provided in this section**.

169.715. 1. Any person receiving a retirement allowance under Sections 169.600 to 169.712, and who elected a reduced retirement allowance under subsection 4 of Section 169.670 with his spouse as the nominated beneficiary, may nominate a successor beneficiary under either of the following circumstances:

(1) If the nominated beneficiary precedes the retired person in death, the retired person may, upon remarriage, nominate the new spouse under the same option elected in the application for retirement;

(2) If the marriage of the retired person and the nominated beneficiary is dissolved, and if the dissolution decree provides for sole retention by the retired person of all rights in the retirement allowance, the retired person may, upon remarriage, nominate the new spouse under the same option elected in the application for retirement.

2. Any nomination of a successor beneficiary under subdivision (1) or (2) of subsection 1 of this section must be made in accordance with procedures established by the board of trustees, and must be filed within ninety days of May 6, 1993, or within **[**ninety days**] one year** of the remarriage, whichever later occurs. Upon receipt of a successor nomination filed in accordance with those procedures, the board shall adjust the retirement allowance to reflect actuarial considerations of that nomination as well as previous beneficiary and successor beneficiary nominations.

3. Any person receiving a retirement allowance under Sections 169.600 to 169.715 who elected a reduced retirement allowance under subsection 4 of Section 169.670 with his or her spouse as the nominated beneficiary may have the retirement allowance increased to the amount the retired member would be receiving had the retired member elected option 1 if:

(1) The marriage of the retired person and the nominated spouse is dissolved on or after September 1, 2016;

(2) If the dissolution decree provides for sole retention by the retired person of all rights in the retirement allowance; and

(3) The person receives a retirement allowance under subsection 4 of Section 169.670.

Any such increase in the retirement allowance shall be effective upon the receipt of an application for such increase and a certified copy of the decree of dissolution that meets the requirements of this section."; and

70.605. 1. For the purpose of providing for the retirement or pensioning of the officers and employees and the widows and children of deceased officers and employees of any political subdivision of the state, there is hereby created and established a retirement system which shall be a body corporate, which shall be under the management of a board of trustees herein described, and shall be known as the "Missouri Local Government Employees' Retirement System". Such system may sue and be sued, transact business, invest funds, and hold cash, securities, and other property. All suits or proceedings directly or indirectly against the system shall be brought in Cole County. The system shall begin operations on the first day of the calendar month next following sixty days after the date the board of trustees has received certification from ten political subdivisions that they have elected to become employers.

2. The general administration and the responsibility for the proper operation of the system is vested in a board of trustees of seven persons: three persons to be elected as trustees by the members of the system; three persons to be elected trustees by the governing bodies of employers; and one person, to be appointed by the governor, who is not a member, retirant, or beneficiary of the system and who is not a member of the governing body of any political subdivision.

3. Trustees shall be chosen for terms of four years from the first day of January next following their election or appointment, except that of the first board shall all be appointed by the governor by and with the consent of the senate, as follows:

(1) Three persons who are officers or officials of political subdivisions, one for a term of three years, one for a term of two years, and one for a term of one year; and

(2) Three persons who are employees of political subdivisions and who would, if the subdivision by which they are employed becomes an employer, be eligible as members, one for a term of three years, one for a term of two years, and one for a term of one year; and

(3) That person appointed by the governor under the provisions of subsection 2 of this section. All the members of the first board shall take office as soon as appointed by the governor, but their terms shall be computed from the first day of January next following their appointment, and only one member may be from any political subdivision or be a **[**policeman**] police officer** or **[**fireman**] firefighter**.

4. Successor trustees elected or appointed as member trustees shall be members of the retirement system; provided, that not more than one member trustee shall be employed by any one employer, and not more than one member trustee shall be a **[**policeman**] police officer**, and not more than one member trustee shall be a **[**fireman**] firefighter**.

5. Successor trustees elected as employer trustees shall be elected or appointed officials of employers and shall not be members of the retirement system; provided, that not more than one employer trustee shall be from any one employer.

6. An annual meeting of the retirement system shall be called by the board in the last calendar quarter of each year in Jefferson City, or at such place as the board shall determine, for the purpose of electing trustees and to transact such other business as may be required for the proper operation of the system. Notice of such meeting shall be sent by registered mail to the clerk or secretary of each employer not less than thirty days prior to the date of such meeting. The governing body of each employer shall certify to the board the name of one delegate who shall be an officer of the employer, and the members of the employer shall certify to the board a member of the employer to represent such employer at such meeting. The delegate certified as member delegate shall be elected by secret ballot by the members of such employer, and the clerk or secretary of each employer shall be charged with the duty of conducting such election in a manner which will permit each member to vote in such election. Under such rules and regulations as the board shall adopt, approved by the delegates, the member delegates shall elect a member trustee for each such position on the board to be filled, and the officer delegates shall elect an employer trustee for each such position on the board to be filled.

7. In the event any member trustee ceases to be a member of the retirement system, or any employer trustee ceases to be an appointed or elected official of an employer, or becomes a member of the retirement system, or if the trustee appointed by the governor becomes a member of the retirement system or an elected or appointed official of a political subdivision, or if any trustee fails to attend three consecutive meetings of the board, unless in each case excused for cause by the remaining trustees attending such meeting or meetings, he or she shall be considered as having resigned from the board and the board shall, by resolution, declare his or her office of trustee vacated. If a vacancy occurs in the office of trustee, the vacancy shall be filled for the unexpired term in the same manner as the office was previously filled; provided, however, that the remaining trustees may fill employer and member trustee vacancies on the board until the next annual meeting.

8. Each trustee shall be commissioned by the governor, and before entering upon the duties of his or her office, shall take and subscribe to an oath or affirmation to support the Constitution of the United States, and of the state of Missouri, and to demean himself **or herself** faithfully in his **or her** office. Such oath as subscribed to shall be filed in the office of the secretary of state of this state.

9. Each trustee shall be entitled to one vote in the board of trustees. Four votes shall be necessary for a decision by the trustees at any meeting of the board of trustees. Four trustees, of whom at least two shall be member trustees and at least two shall be employer trustees, shall constitute a quorum at any meeting of the board. Unless otherwise expressly provided herein, a meeting need not be called or held to make any decision on a matter before the board. Each member must be sent by the executive secretary a copy of the matter to be decided with full information from the files of the board. The concurring decisions of four trustees may decide the issue by signing a document declaring their decision and sending the written instrument to the executive secretary, provided that no other trustee shall send a dissenting decision to the executive secretary within fifteen days after the document and information was mailed to him or her. If any trustee is not in agreement with the four trustees, the matter is to be passed on at a regular board meeting or a special meeting called for that purpose. The board shall hold regular meetings at least once each quarter, the dates of these meetings to be designated in the rules and regulations adopted by the board. (2) All persons who become employed by a political subdivision as neither **[**policemen**] police officers** nor **[**firemen**] firefighters** on or after the date such political subdivision becomes an employer shall become members of the system.

2. In no event shall an employee become a member if continuous employment to time of retirement will leave the employee with less than minimum number of years of credited service specified in Section 70.645.

3. In any case of question as to the system membership status of any person, the board shall decide the question.

70.631. 1. Each political subdivision may, by majority vote of its governing body, elect to cover jailers as police officer members of the system and emergency medical service personnel as firefighter members of the system. The clerk or secretary of the political subdivision shall certify an election concerning the coverage of jailers as police officer members of the system and emergency medical service personnel as firefighter members of the system to the board within ten days after such vote. The date on which the political subdivision's election becomes effective shall be the first day of the calendar month specified by such governing body, the first day of the calendar month next following receipt by the board of the certification of the election, or the effective date of the political subdivision becoming an employer, whichever is the latest date. If the election is made, the coverage provisions shall be applicable to the past and future employment with the employer by present and future employees.

2. If an employer elects to cover jailers as police officer members of the system and emergency medical service personnel as firefighter members of the system, the employer contributions shall be correspondingly changed effective the same date as the effective date of the political subdivision's election.

3. The limitation on increases in an employer's contributions under subsection 6 of Section 70.730 shall not apply to any contribution increase resulting from an employer making an election under the provisions of this section.

70.730. 1. Each employer's contributions to the system shall be the total of the contribution amounts provided for in subsections 2 through 5 of this section; provided, that such contributions shall be subject to the provisions of subsection 6 of this section.

2. An employer's normal cost contributions shall be determined as follows: using the financial assumptions adopted by the board from time to time, the actuary shall annually compute the rate of contributions which, if paid annually by each employer during the total service of its members, will be sufficient to provide the pension reserves required at the time of their retirements to cover the pensions to which they might be entitled or which might be payable on their behalf. The board shall annually certify to the governing body of each employer the amount of membership service contribution so determined, and each employer shall pay such amount to the system during the employer's next fiscal year which begins six months or more after the date of such board certification. Such payments shall be made in such manner and form and in such frequency and shall be accompanied by such supporting data as the board shall from time to time determine. When received, such payments shall be credited to the employer's account in the employer accumulation fund.

3. An employer's accrued service contributions shall be determined as follows: using the financial assumptions adopted by the board from time to time, the actuary shall annually compute for each employer the portions of pension reserves for pensions which will not be provided by future normal cost contributions. The accrued service pension reserves so determined for each employer less the employer's applicable balance in the employer accumulation fund shall be amortized over a period of years, as determined by the board. Such period of years shall not extend beyond the latest of**:**

(1) Forty years from the date the political subdivision became an employer**[**, or**] ;**

(2) Thirty years from the date the employer last elected to increase its optional benefit program**[**,**] ;** or

(3) Fifteen years from the date of the annual actuarial computation.

The board shall annually certify to the governing body of each employer the amount of accrued service contribution so determined for the employer, and each employer shall pay such amount to the system during the employer's next fiscal year which begins six months or more after the date of such board certification. Such payments shall be made in such manner and form and in such frequency and shall be accompanied by such supporting data as the board shall from time to time determine. When received, such payments shall be credited to the employer's account in the employer accumulation fund.

4. The employer's contributions for the portions of disability pensions or pensions that result from a member's death that was the natural and proximate result of a personal injury or disease arising out of and in the course of his or her actual performance of duty as an employee not covered by accrued service pension reserves shall be determined on a one-year term basis. The board may determine different rates of contributions for employers having **[**policeman**] police officer** members or having **[**fireman**] firefighter** members or having neither **[**policeman**] police officer** members nor **[**fireman**] firefighter** members. The board shall annually certify to the governing body of each employer the amount of contribution so ascertained for the employer, and each employer shall pay such amount to the system during the employer's next fiscal year which begins six months or more after the date of such board certification. Such payments shall be made in such manner and form and in such frequency and shall be accompanied by such supporting data as the board shall from time to time ascertain. When received, such payments shall be credited to the casualty reserve fund.

5. Each employer shall provide its share, as determined by the board, of the administrative expenses of the system and shall pay the same to the system to be credited to the income-expense fund.

6. The employer's total contribution to the system, expressed as a percent of active member compensations, in any employer fiscal year, beginning with the second fiscal year that the political subdivision is an employer, shall not exceed its total contributions for the immediately preceding fiscal year, expressed as a percent of active member compensations, by more than one percent.

Except as provided herein, all persons who become **[**policemen**] police officers** and all **[**policemen**] police officers** who enter or reenter the service of any city not within a county after the first day of October, 1957, become members as a condition of their employment and shall receive no pensions or retirement allowance from any other pension or retirement system supported wholly or in part by the city not within a county or the state of Missouri, nor shall they be required to make contributions under any other pension or retirement system of the city not within a county or the state of Missouri for the same period of service, anything to the contrary notwithstanding. Any employee of a city not within a county who is earning creditable service in a retirement plan established by said city under Section 95.540 and subsequently becomes a **[**policeman**] police officer** may elect to remain a member of said retirement plan and shall not be required to become a member of a police retirement system established under Sections 86.200 **to 86.366**. However, an employee of a city not within a county who is earning creditable service in a retirement plan established by said city under Section 95.540 and who subsequently becomes a **[**policeman**] police officer** may elect to transfer membership and creditable service to the police retirement system created under Sections 86.200 **to 86.366**. Such transfers are subject to the conditions and requirements contained in Section 105.691 and are also subject to any existing agreements between the said retirement plans; provided however, transfers completed prior to January 1, **[**2016**] 2017**, shall occur without regard to the vesting requirements of the receiving plan contained in Section 105.691. As part of the transfer process described herein, the respective retirement plans may require the employee to acknowledge and agree as a condition of transfer that any election made under this section is irrevocable, constitutes a waiver of any right to receive retirement and disability benefits except as provided by the police retirement system, and that plan terms may be modified in the future.

2. If any member ceases to be in service for more than one year unless the member has attained the age of fifty-five or has twenty years or more of creditable service, or if the member withdraws the member's accumulated contributions or if the member receives benefits under the retirement system or dies, the member thereupon ceases to be a member; except in the case of a member who has served in the Armed Forces of the United States and has subsequently been reinstated as a **[**policeman**] police officer**. A member who has terminated employment as a police officer, has actually retired and is receiving retirement benefits under the system shall be considered a retired member.

3. A reserve officer shall not be considered a member of the system for the purpose of determining creditable service, nor shall any contributions be due. A reserve officer shall not be entitled to any benefits from the system other than those awarded when the reserve officer originally retired under Section 86.250, nor shall service as a reserve officer prohibit distribution of those benefits.

86.210. 1. Under such rules and regulations as the board of trustees shall adopt, each member who was a **[**policeman**] police officer** on and prior to the date the retirement system becomes operative and who becomes a member within one year from such date and each member who was a **[**policeman**] police officer** prior to reentering the service of the city as a **[**policeman**] police officer**, shall file a detailed statement of all service as a **[**policeman**] police officer** rendered by the member prior to the date the retirement system becomes operative or prior to the date of last becoming a member, for which the member claims credit. If such member has withdrawn the member's accumulated contributions prior to reentering said service, then the member shall repay all such accumulated contributions plus the applicable members' interest thereon from the date of withdrawal to the date of repayment in order to receive credit for such prior service.

2. The board of trustees shall fix and determine by proper rules and regulations how much service in any year is equivalent to one year of service, but in no case shall more than one year of service be creditable for all service in one calendar year, nor shall the board of trustees allow credit as service for any period of more than one month's duration during which the member was absent without pay.

3. Subject to the above restrictions and to such other rules and regulations as the board of trustees may adopt, the board of trustees shall verify the service claims as soon as practicable after the filing of such statement of service.

4. Upon verification of the statements of service the board of trustees shall issue prior service certificates, certifying to each member the length of prior service with which the member is credited on the basis of such member's statement of service. So long as the holder of such a certificate continues to be a member, a prior service certificate shall be final and conclusive for retirement purposes as to such service; provided, however, that any member may, within one year from the date of issuance or modification of such certificate, request the board of trustees to modify or correct such prior service certificate. When any **[**policeman**] police officer** ceases to be a member, the former member's prior service certificate shall become void. Should the former member again become a member, the former member shall enter the retirement system as a member not entitled to prior service credit except as provided in Sections 86.200 to 86.366.

5. Creditable service at retirement on which the retirement allowance of a member shall be based shall consist of the membership service rendered by the member since last becoming a member and also if the member has a prior service certificate which is in full force and effect, the amount of the service certified on such prior service certificate.

86.253. 1. Upon termination of employment as a police officer and actual retirement for service, a member shall receive a service retirement allowance which shall be an amount equal to two percent of the member's average final compensation multiplied by the number of years of the member's creditable service, up to twenty-five years, plus an amount equal to four percent of the member's average final compensation for each year of creditable service in excess of twenty-five years but not in excess of thirty years; plus an additional five percent of the member's average final compensation for any creditable service in excess of thirty years. Notwithstanding the foregoing, the service retirement allowance of a member who does not earn any creditable service after August 11, 1999, shall not exceed an amount equal to seventy percent of the member's average final compensation, and the service retirement allowance of a member who earns creditable service on or after August 12, 1999, shall not exceed an amount equal to seventy-five percent of the member's average final compensation; provided, however, that the service retirement allowance of a member who is participating in the DROP pursuant to Section 86.251 on August 12, 1999, who returns to active participation in the system pursuant to Section 86.251, and who terminates

employment as a police officer and actually retires for reasons other than death or disability before earning at least two years of creditable service after such return shall be the sum of (1) the member's service retirement allowance as of the date the member entered DROP and (2) an additional service retirement allowance based solely on the creditable service earned by the member following the member's return to active participation. The member's total years of creditable service shall be taken into account for the purpose of determining whether the additional allowance attributable to such additional creditable service is two percent, four percent or five percent of the member's average final compensation.

2. If, at any time since first becoming a member of the retirement system, the member has served in the Armed Forces of the United States, and has subsequently been reinstated as a **[**policeman**] police officer** within ninety days after the member's discharge, the member shall be granted credit for such service as if the member's service in the police department of such city had not been interrupted by the member's induction into the Armed Forces of the United States. If earnable compensation is needed for such period in computation of benefits it shall be calculated on the basis of the compensation payable to the officers of the member's rank during the period of the member's absence. Notwithstanding any provision of Sections 86.200 to 86.366 to the contrary, the retirement system governed by Sections 86.200 to 86.366 shall be operated and administered in accordance with the applicable provisions of the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended.

3. The service retirement allowance of each present and future retired member who terminated employment as a police officer and actually retired from service after attaining age fifty-five or after completing twenty years of creditable service shall be increased annually at a rate not to exceed three percent as approved by the board of trustees beginning with the first increase in the second October following the member's retirement and subsequent increases in each October thereafter, provided that each increase is subject to a determination by the board of trustees that the consumer price index (United States City Average Index) as published by the United States Department of Labor shows an increase of not less than the approved rate during the latest twelve-month period for which the index is available at the date of determination; and provided further, that if the increase is in excess of the approved rate for any year, such excess shall be accumulated as to any retired member and increases may be granted in subsequent years subject to a maximum of three percent for each full year from October following the member's retirement but not to exceed a total percentage increase of thirty percent. In no event shall the increase described under this subsection be applied to the amount, if any, paid to a member or surviving spouse of a deceased member for services as a special consultant under subsection 5 of this section **[**or, if applicable, subsection 6 of this section**]**. If the board of trustees determines that the index has decreased for any year, the benefits of any retired member that have been increased shall be decreased but not below the member's initial benefit. No annual increase shall be made of less than one percent and no decrease of less than three percent except that any decrease may be limited in amount by the initial benefit.

4. In addition to any other retirement allowance payable under this section and Section 86.250, a member, upon termination of employment as police officer and actual service retirement, may request payment of the total amount of the member's mandatory contributions to the retirement system without interest. Upon receipt of such request, the board shall pay the retired member such total amount of the member's mandatory contributions to the retirement system to be paid pursuant to this subsection within sixty days after such retired member's date of termination of employment as a police officer and actual retirement.

5. Any person who is receiving retirement benefits from the retirement system, upon application to the board of trustees, shall be made, constituted, appointed and employed by the board of trustees as a special consultant on the problems of retirement, aging and other matters, for the remainder of the person's life or, in the case of a deceased member's surviving spouse, until the earlier of the person's death or remarriage, and upon request of the board of trustees shall give opinions and be available to give opinions in writing or orally, in response to such requests, as may be required. For such services the special consultant shall be compensated monthly, in an amount which, when added to any monthly retirement benefits being received from the retirement system, including any cost-of-living increases under subsection 3 of this section, shall total six hundred fifty dollars a month. This employment shall in no way affect any person's eligibility for retirement benefits under this chapter, or in any way have the effect of reducing retirement benefits, notwithstanding any provisions of law to the contrary.

86.267. 1. Upon termination of employment as a police officer and actual retirement for accidental disability, other than permanent total disability as defined in subsection 2, a member shall receive a retirement allowance of seventy-five percent of the member's average final compensation.

2. Any member who, as the natural and proximate result of an accident occurring at some definite time and place in the actual performance of the member's duty through no negligence on the member's part, is permanently and totally incapacitated from performing any work, occupation or vocation of any kind whatsoever shall receive a

retirement allowance as under subsection 1 or, in the discretion of the board of trustees, may receive a larger retirement allowance in an amount not exceeding the member's rate of compensation as a **[**policeman**] police officer** in effect as of the date the allowance begins.

3. The board of trustees, in its discretion, may, in addition to the allowance granted in accordance with the provisions of subsections 1 and 2, grant an allowance in an amount to be determined by the board of trustees, to provide such member with surgical, medical and hospital care reasonably required after retirement, which are the result and in consequence of the accident causing such disability.

4. Any person who is receiving benefits pursuant to subsection 2 of this section on or after August 28, 1997, and any person who is receiving benefits pursuant to subsection 1 of this section on or after October 1, 2001, and who made mandatory contributions to the retirement system, upon application to the board of trustees, shall be made, constituted, appointed and employed by the board of trustees as a special consultant on the problems of retirement, aging and other matters, and upon request of the board of trustees shall give opinions and be available to give opinions in writing or orally, in response to such requests, as may be required. For such services the retired member shall be paid a lump sum payment in an amount equal to the total amount of the member's mandatory contributions to the retirement system, without interest, within sixty days after approval of the retired member's application by the board of trustees.

86.290. Should a member cease to be a **[**policeman**] police officer** except by death or actual retirement, the member may request payment of the amount of the accumulated contributions standing to the credit of the member's individual account, including members' interest, in which event such amount shall be paid to the member not later than one year after the member ceases to be a **[**policeman**] police officer**. If the former member is reemployed as a **[**policeman**] police officer** before any portion of such former member's accumulated contributions is distributed, no distribution shall be made. If the former member is reemployed as a **[**policeman**] police officer** after a portion of the former member's accumulated contributions is distributed, the amount remaining shall also be distributed.

86.360. The board of trustees provided for by Section 86.213 is hereby authorized to consolidate, combine and transfer funds provided by Sections 86.010 to 86.193 with the funds provided by Sections 86.200 to 86.366 in such a manner as will simplify the operations of the two systems. Separate records shall be maintained only to the extent necessary to determine and pay the benefits provided by Sections 86.010 to 86.193 for those **[**policemen**] police officers** electing not to become members of the retirement system provided by Sections 86.200 to 86.366. The board of trustees may accept the membership records of the older system in lieu of the requirements in Section 86.210. The board of trustees may authorize the use of the same actuarial assumptions and interest rate in the calculation of the contributions by the cities for both systems and the accrued liability rate may be a combined rate for both systems."; and

Earnable compensation shall not include a member's additional compensation for overtime, standby time, court time, nonuniform time or unused vacation time. Notwithstanding the foregoing, the earnable compensation taken into account under the plan established pursuant to Sections 86.200 to 86.366 with respect to a member who is a noneligible participant, as defined in this subdivision, for any plan year beginning on or after October 1, 1996, shall not exceed the amount of compensation that may be taken into account under Section 401(a)(17) of the Internal Revenue Code, as adjusted for increases in the cost of living, for such plan year. (15) "Plan year" or "limitation year", the twelve consecutive-month period beginning each October first and ending each September thirtieth;

(21) "Surviving spouse", the surviving spouse of a member who was the member's spouse at the time of the member's death.

86.207. 1. Except as provided herein, all persons who become **[**policemen**] police officers** and all **[**policemen**] police officers** who enter or reenter the service of any city not within a county after the first day of October, 1957, become members as a condition of their employment and shall receive no pensions or retirement allowance from any other pension or retirement system supported wholly or in part by the city not within a county or the state of Missouri, nor shall they be required to make contributions under any other pension or retirement system of the city not within a county or the state of Missouri for the same period of service, anything to the contrary notwithstanding. Any employee of a city not within a county who is earning creditable service in a retirement plan established by said city under Section 95.540 and subsequently becomes a **[**policeman**] police officer** may elect to remain a member of said retirement plan and shall not be required to become a member of a police retirement system established under **[**section**] Sections** 86.200 **to 86.366**. However, an employee of a city not within a county who is earning creditable service in a retirement plan established by said city under Section 95.540 and who subsequently becomes a **[**policeman**] police officer** may elect to transfer membership and creditable service to the police retirement system created under **[**section**] Sections** 86.200 **to 86.366**. Such transfers are subject to the conditions and requirements contained in Section 105.691 and are also subject to any existing agreements between the said retirement plans; provided however, transfers completed **[**prior to January 1, 2016,**] within one year of becoming a police officer** shall occur without regard to the vesting requirements of the receiving plan contained in Section 105.691. As part of the transfer process described herein, the respective retirement plans may require the employee to acknowledge and agree as a condition of transfer that any election made under this section is irrevocable, constitutes a waiver of any right to receive retirement and disability benefits except as provided by the police retirement system, and that plan terms may be modified in the future.

2. If any member ceases to be in service for more than one year unless the member has attained the age of fifty-five or has twenty years or more of creditable service, or if the member withdraws the member's accumulated contributions or if the member receives benefits under the retirement system or dies, the member thereupon ceases

to be a member; except in the case of a member who has served in the Armed Forces of the United States and has subsequently been reinstated as a **[**policeman**] police officer**. A member who has terminated employment as a police officer, has actually retired and is receiving retirement benefits under the system shall be considered a retired member.

3. A reserve officer shall not be considered a member of the system for the purpose of determining creditable service, nor shall any contributions be due. A reserve officer shall not be entitled to any benefits from the system other than those awarded when the reserve officer originally retired under Section 86.250, nor shall service as a reserve officer prohibit distribution of those benefits.

86.210. 1. Under such rules and regulations as the board of trustees shall adopt, each member who was a **[**policeman**] police officer** on and prior to the date the retirement system becomes operative and who becomes a member within one year from such date and each member who was a **[**policeman**] police officer** prior to reentering the service of the city as a **[**policeman**] police officer**, shall file a detailed statement of all service as a **[**policeman**] police officer** rendered by the member prior to the date the retirement system becomes operative or prior to the date of last becoming a member, for which the member claims credit. If such member has withdrawn the member's accumulated contributions prior to reentering said service, then the member shall repay all such accumulated contributions plus the applicable members' interest thereon from the date of withdrawal to the date of repayment in order to receive credit for such prior service.

2. The board of trustees shall fix and determine by proper rules and regulations how much service in any year is equivalent to one year of service, but in no case shall more than one year of service be creditable for all service in one calendar year, nor shall the board of trustees allow credit as service for any period of more than one month's duration during which the member was absent without pay.

3. Subject to the above restrictions and to such other rules and regulations as the board of trustees may adopt, the board of trustees shall verify the service claims as soon as practicable after the filing of such statement of service.

4. Upon verification of the statements of service the board of trustees shall issue prior service certificates, certifying to each member the length of prior service with which the member is credited on the basis of such member's statement of service. So long as the holder of such a certificate continues to be a member, a prior service certificate shall be final and conclusive for retirement purposes as to such service; provided, however, that any member may, within one year from the date of issuance or modification of such certificate, request the board of trustees to modify or correct such prior service certificate. When any **[**policeman**] police officer** ceases to be a member, the former member's prior service certificate shall become void. Should the former member again become a member, the former member shall enter the retirement system as a member not entitled to prior service credit except as provided in Sections 86.200 to 86.366.

5. Creditable service at retirement on which the retirement allowance of a member shall be based shall consist of the membership service rendered by the member since last becoming a member and also if the member has a prior service certificate which is in full force and effect, the amount of the service certified on such prior service certificate.

86.253. 1. Upon termination of employment as a police officer and actual retirement for service, a member shall receive a service retirement allowance which shall be an amount equal to two percent of the member's average final compensation multiplied by the number of years of the member's creditable service, up to twenty-five years, plus an amount equal to four percent of the member's average final compensation for each year of creditable service in excess of twenty-five years but not in excess of thirty years; plus an additional five percent of the member's average final compensation for any creditable service in excess of thirty years. Notwithstanding the foregoing, the service retirement allowance of a member who does not earn any creditable service after August 11, 1999, shall not exceed an amount equal to seventy percent of the member's average final compensation, and the service retirement allowance of a member who earns creditable service on or after August 12, 1999, shall not exceed an amount equal to seventy-five percent of the member's average final compensation; provided, however, that the service retirement allowance of a member who is participating in the DROP pursuant to Section 86.251 on August 12, 1999, who returns to active participation in the system pursuant to Section 86.251, and who terminates employment as a police officer and actually retires for reasons other than death or disability before earning at least two years of creditable service after such return shall be the sum of (1) the member's service retirement allowance as of the date the member entered DROP and (2) an additional service retirement allowance based solely on the creditable service earned by the member following the member's return to active participation. The member's total years of creditable service shall be taken into account for the purpose of determining whether the additional

allowance attributable to such additional creditable service is two percent, four percent or five percent of the member's average final compensation.

2. If, at any time since first becoming a member of the retirement system, the member has served in the Armed Forces of the United States, and has subsequently been reinstated as a **[**policeman**] police officer** within ninety days after the member's discharge, the member shall be granted credit for such service as if the member's service in the police department of such city had not been interrupted by the member's induction into the Armed Forces of the United States. If earnable compensation is needed for such period in computation of benefits it shall be calculated on the basis of the compensation payable to the officers of the member's rank during the period of the member's absence. Notwithstanding any provision of Sections 86.200 to 86.366 to the contrary, the retirement system governed by Sections 86.200 to 86.366 shall be operated and administered in accordance with the applicable provisions of the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended.

3. The service retirement allowance of each present and future retired member who terminated employment as a police officer and actually retired from service after attaining age fifty-five or after completing twenty years of creditable service shall be increased annually at a rate not to exceed three percent as approved by the board of trustees beginning with the first increase in the second October following the member's retirement and subsequent increases in each October thereafter, provided that each increase is subject to a determination by the board of trustees that the consumer price index (United States City Average Index) as published by the United States Department of Labor shows an increase of not less than the approved rate during the latest twelve-month period for which the index is available at the date of determination; and provided further, that if the increase is in excess of the approved rate for any year, such excess shall be accumulated as to any retired member and increases may be granted in subsequent years subject to a maximum of three percent for each full year from October following the member's retirement but not to exceed a total percentage increase of thirty percent. In no event shall the increase described under this subsection be applied to the amount, if any, paid to a member or surviving spouse of a deceased member for services as a special consultant under subsection 5 of this section **[**or, if applicable, subsection 6 of this section**]**. If the board of trustees determines that the index has decreased for any year, the benefits of any retired member that have been increased shall be decreased but not below the member's initial benefit. No annual increase shall be made of less than one percent and no decrease of less than three percent except that any decrease may be limited in amount by the initial benefit.

4. In addition to any other retirement allowance payable under this section and Section 86.250, a member, upon termination of employment as police officer and actual service retirement, may request payment of the total amount of the member's mandatory contributions to the retirement system without interest. Upon receipt of such request, the board shall pay the retired member such total amount of the member's mandatory contributions to the retirement system to be paid pursuant to this subsection within sixty days after such retired member's date of termination of employment as a police officer and actual retirement.

5. Any person who is receiving retirement benefits from the retirement system, upon application to the board of trustees, shall be made, constituted, appointed and employed by the board of trustees as a special consultant on the problems of retirement, aging and other matters, for the remainder of the person's life or, in the case of a deceased member's surviving spouse, until the earlier of the person's death or remarriage, and upon request of the board of trustees shall give opinions and be available to give opinions in writing or orally, in response to such requests, as may be required. For such services the special consultant shall be compensated monthly, in an amount which, when added to any monthly retirement benefits being received from the retirement system, including any cost-of-living increases under subsection 3 of this section, shall total six hundred fifty dollars a month. This employment shall in no way affect any person's eligibility for retirement benefits under this chapter, or in any way have the effect of reducing retirement benefits, notwithstanding any provisions of law to the contrary.

86.267. 1. Upon termination of employment as a police officer and actual retirement for accidental disability, other than permanent total disability as defined in subsection 2, a member shall receive a retirement allowance of seventy-five percent of the member's average final compensation.

2. Any member who, as the natural and proximate result of an accident occurring at some definite time and place in the actual performance of the member's duty through no negligence on the member's part, is permanently and totally incapacitated from performing any work, occupation or vocation of any kind whatsoever shall receive a retirement allowance as under subsection 1 or, in the discretion of the board of trustees, may receive a larger retirement allowance in an amount not exceeding the member's rate of compensation as a **[**policeman**] police officer** in effect as of the date the allowance begins.

3. The board of trustees, in its discretion, may, in addition to the allowance granted in accordance with the provisions of subsections 1 and 2, grant an allowance in an amount to be determined by the board of trustees, to provide such member with surgical, medical and hospital care reasonably required after retirement, which are the result and in consequence of the accident causing such disability.

4. Any person who is receiving benefits pursuant to subsection 2 of this section on or after August 28, 1997, and any person who is receiving benefits pursuant to subsection 1 of this section on or after October 1, 2001, and who made mandatory contributions to the retirement system, upon application to the board of trustees, shall be made, constituted, appointed and employed by the board of trustees as a special consultant on the problems of retirement, aging and other matters, and upon request of the board of trustees shall give opinions and be available to give opinions in writing or orally, in response to such requests, as may be required. For such services the retired member shall be paid a lump sum payment in an amount equal to the total amount of the member's mandatory contributions to the retirement system, without interest, within sixty days after approval of the retired member's application by the board of trustees.

86.290. Should a member cease to be a **[**policeman**] police officer** except by death or actual retirement, the member may request payment of the amount of the accumulated contributions standing to the credit of the member's individual account, including members' interest, in which event such amount shall be paid to the member not later than one year after the member ceases to be a **[**policeman**] police officer**. If the former member is reemployed as a **[**policeman**] police officer** before any portion of such former member's accumulated contributions is distributed, no distribution shall be made. If the former member is reemployed as a **[**policeman**] police officer** after a portion of the former member's accumulated contributions is distributed, the amount remaining shall also be distributed.

86.360. The board of trustees provided for by Section 86.213 is hereby authorized to consolidate, combine and transfer funds provided by Sections 86.010 to 86.193 with the funds provided by Sections 86.200 to 86.366 in such a manner as will simplify the operations of the two systems. Separate records shall be maintained only to the extent necessary to determine and pay the benefits provided by Sections 86.010 to 86.193 for those **[**policemen**] police officers** electing not to become members of the retirement system provided by Sections 86.200 to 86.366. The board of trustees may accept the membership records of the older system in lieu of the requirements in Section 86.210. The board of trustees may authorize the use of the same actuarial assumptions and interest rate in the calculation of the contributions by the cities for both systems and the accrued liability rate may be a combined rate for both systems."; and

Speaker Pro Tem Hoskins declared the bill passed.

HCS SB 677, relating to emergency administration of epinephrine by auto-injector, was taken up by Representative Franklin.

Representative Franklin offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Bill No. 677, Page 1, In the Title, Lines 2 and 3, by deleting the words, "emergency administration of epinephrine by auto-injector" and insert in lieu thereof the words, "health care"; and

Further amend said bill, Page 3, Section 196.990, Line 84, by inserting after all of said line the following:

"324.001. 1. For the purposes of this section, the following terms mean:

(1) "Department", the department of insurance, financial institutions and professional registration;

(2) "Director", the director of the division of professional registration; and

(3) "Division", the division of professional registration.

2. There is hereby established a "Division of Professional Registration" assigned to the department of insurance, financial institutions and professional registration as a type III transfer, headed by a director appointed by the governor with the advice and consent of the senate. All of the general provisions, definitions and powers enumerated in section 1 of the Omnibus State Reorganization Act of 1974 and Executive Order 06-04 shall apply to this department and its divisions, agencies, and personnel.

3. The director of the division of professional registration shall promulgate rules and regulations which designate for each board or commission assigned to the division the renewal date for licenses or certificates. After the initial establishment of renewal dates, no director of the division shall promulgate a rule or regulation which would change the renewal date for licenses or certificates if such change in renewal date would occur prior to the date on which the renewal date in effect at the time such new renewal date is specified next occurs. Each board or commission shall by rule or regulation establish licensing periods of one, two, or three years. Registration fees set by a board or commission shall be effective for the entire licensing period involved, and shall not be increased during any current licensing period. Persons who are required to pay their first registration fees shall be allowed to pay the pro rata share of such fees for the remainder of the period remaining at the time the fees are paid. Each board or commission shall provide the necessary forms for initial registration, and thereafter the director may prescribe standard forms for renewal of licenses and certificates. Each board or commission shall by rule and regulation require each applicant to provide the information which is required to keep the board's records current. Each board or commission shall have the authority to collect and analyze information required to support workforce planning and policy development. Such information shall not be publicly disclosed so as to identify a specific health care provider, as defined in Section 376.1350. Each board or commission shall issue the original license or certificate.

4. The division shall provide clerical and other staff services relating to the issuance and renewal of licenses for all the professional licensing and regulating boards and commissions assigned to the division. The division shall perform the financial management and clerical functions as they each relate to issuance and renewal of licenses and certificates. "Issuance and renewal of licenses and certificates" means the ministerial function of preparing and delivering licenses or certificates, and obtaining material and information for the board or commission in connection with the renewal thereof. It does not include any discretionary authority with regard to the original review of an applicant's qualifications for licensure or certification, or the subsequent review of licensee's or certificate holder's qualifications, or any disciplinary action contemplated against the licensee or certificate holder. The division may develop and implement microfilming systems and automated or manual management information systems.

5. The director of the division shall maintain a system of accounting and budgeting, in cooperation with the director of the department, the office of administration, and the state auditor's office, to ensure proper charges are made to the various boards for services rendered to them. The general assembly shall appropriate to the division and other state agencies from each board's funds moneys sufficient to reimburse the division and other state agencies for all services rendered and all facilities and supplies furnished to that board.

6. For accounting purposes, the appropriation to the division and to the office of administration for the payment of rent for quarters provided for the division shall be made from the "Professional Registration Fees Fund", which is hereby created, and is to be used solely for the purpose defined in subsection 5 of this section. The fund shall consist of moneys deposited into it from each board's fund. Each board shall contribute a prorated amount necessary to fund the division for services rendered and rent based upon the system of accounting and budgeting established by the director of the division as provided in subsection 5 of this section. Transfers of funds to the

professional registration fees fund shall be made by each board on July first of each year; provided, however, that the director of the division may establish an alternative date or dates of transfers at the request of any board. Such transfers shall be made until they equal the prorated amount for services rendered and rent by the division. The provisions of Section 33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of general revenue.

7. The director of the division shall be responsible for collecting and accounting for all moneys received by the division or its component agencies. Any money received by a board or commission shall be promptly given, identified by type and source, to the director. The director shall keep a record by board and state accounting system classification of the amount of revenue the director receives. The director shall promptly transmit all receipts to the department of revenue for deposit in the state treasury to the credit of the appropriate fund. The director shall provide each board with all relevant financial information in a timely fashion. Each board shall cooperate with the director by providing necessary information.

8. All educational transcripts, test scores, complaints, investigatory reports, and information pertaining to any person who is an applicant or licensee of any agency assigned to the division of professional registration by statute or by the department are confidential and may not be disclosed to the public or any member of the public, except with the written consent of the person whose records are involved. The agency which possesses the records or information shall disclose the records or information if the person whose records or information is involved has consented to the disclosure. Each agency is entitled to the attorney-client privilege and work-product privilege to the same extent as any other person. Provided, however, that any board may disclose confidential information without the consent of the person involved in the course of voluntary interstate exchange of information, or in the course of any litigation concerning that person, or pursuant to a lawful request, or to other administrative or law enforcement agencies acting within the scope of their statutory authority. Information regarding identity, including names and addresses, registration, and currency of the license of the persons possessing licenses to engage in a professional occupation and the names and addresses of applicants for such licenses is not confidential information.

9. Any deliberations conducted and votes taken in rendering a final decision after a hearing before an agency assigned to the division shall be closed to the parties and the public. Once a final decision is rendered, that decision shall be made available to the parties and the public.

10. A compelling governmental interest shall be deemed to exist for the purposes of Section 536.025 for licensure fees to be reduced by emergency rule, if the projected fund balance of any agency assigned to the division of professional registration is reasonably expected to exceed an amount that would require transfer from that fund to general revenue.

11. (1) The following boards and commissions are assigned by specific type transfers to the division of professional registration: Missouri state board of accountancy, chapter 326; board of cosmetology and barber examiners, chapters 328 and 329; Missouri board for architects, professional engineers, professional land surveyors and landscape architects, chapter 327; Missouri state board of chiropractic examiners, chapter 331; state board of registration for the healing arts, chapter 334; Missouri dental board, chapter 332; state board of embalmers and funeral directors, chapter 333; state board of optometry, chapter 336; Missouri state board of nursing, chapter 335; board of pharmacy, chapter 338; state board of podiatric medicine, chapter 330; Missouri real estate appraisers commission, chapter 339; and Missouri veterinary medical board, chapter 340. The governor shall appoint members of these boards by and with the advice and consent of the senate.

(2) The boards and commissions assigned to the division shall exercise all their respective statutory duties and powers, except those clerical and other staff services involving collecting and accounting for moneys and financial management relating to the issuance and renewal of licenses, which services shall be provided by the division, within the appropriation therefor. Nothing herein shall prohibit employment of professional examining or testing services from professional associations or others as required by the boards or commissions on contract. Nothing herein shall be construed to affect the power of a board or commission to expend its funds as appropriated. However, the division shall review the expense vouchers of each board. The results of such review shall be submitted to the board reviewed and to the house and senate appropriations committees annually.

(3) Notwithstanding any other provisions of law, the director of the division shall exercise only those management functions of the boards and commissions specifically provided in the Reorganization Act of 1974, and those relating to the allocation and assignment of space, personnel other than board personnel, and equipment.

(4) "Board personnel", as used in this section or chapters 317, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, and 345, shall mean personnel whose functions and responsibilities are in areas not related to the clerical duties involving the issuance and renewal of licenses, to the collecting and accounting for moneys, or to financial management relating to issuance and renewal of licenses; specifically included are executive secretaries (or comparable positions), consultants, inspectors, investigators, counsel, and secretarial support staff for

these positions; and such other positions as are established and authorized by statute for a particular board or commission. Boards and commissions may employ legal counsel, if authorized by law, and temporary personnel if the board is unable to meet its responsibilities with the employees authorized above. Any board or commission which hires temporary employees shall annually provide the division director and the appropriation committees of the general assembly with a complete list of all persons employed in the previous year, the length of their employment, the amount of their remuneration, and a description of their responsibilities.

(5) Board personnel for each board or commission shall be employed by and serve at the pleasure of the board or commission, shall be supervised as the board or commission designates, and shall have their duties and compensation prescribed by the board or commission, within appropriations for that purpose, except that compensation for board personnel shall not exceed that established for comparable positions as determined by the board or commission pursuant to the job and pay plan of the department of insurance, financial institutions and professional registration. Nothing herein shall be construed to permit salaries for any board personnel to be lowered except by board action.

12. All the powers, duties, and functions of the division of athletics, chapter 317, and others, are assigned by type I transfer to the division of professional registration.

13. Wherever the laws, rules, or regulations of this state make reference to the "division of professional registration of the department of economic development", such references shall be deemed to refer to the division of professional registration.

14. (1) The state board of nursing, board of pharmacy, Missouri dental board, state committee of psychologists, state board of chiropractic examiners, state board of optometry, Missouri board of occupational therapy, or state board of registration for the healing arts may individually or collectively enter into a contractual agreement with the department of health and senior services, a public institution of higher education, or a nonprofit entity for the purpose of collecting and analyzing workforce data from its licensees, registrants, or permit holders for future workforce planning and to assess the accessibility and availability of qualified health care services and practitioners in Missouri. The boards shall work collaboratively with other state governmental entities to ensure coordination and avoid duplication of efforts.

(2) The boards may expend appropriated funds necessary for operational expenses of the program formed under this subsection. Each board is authorized to accept grants to fund the collection or analysis authorized in this subsection. Any such funds shall be deposited in the respective board's fund.

(3) Data collection shall be controlled and approved by the applicable state board conducting or requesting the collection. Notwithstanding the provisions of Section 334.001, the boards may release identifying data to the contractor to facilitate data analysis of the health care workforce including, but not limited to, geographic, demographic, and practice or professional characteristics of licensees. The state board shall not request or be authorized to collect income or other financial earnings data.

(4) Data collected under this subsection shall be deemed the property of the state board requesting the data. Data shall be maintained by the state board in accordance with chapter 610, provided that any information deemed closed or confidential under subsection 8 of this section or any other provision of state law shall not be disclosed without consent of the applicable licensee or entity or as otherwise authorized by law. Data shall only be released in an aggregate form by geography, profession or professional specialization, or population characteristic in a manner that cannot be used to identify a specific individual or entity. Data suppression standards shall be addressed and established in the contractual agreement.

(5) Contractors shall maintain the security and confidentiality of data received or collected under this subsection and shall not use, disclose, or release any data without approval of the applicable state board. The contractual agreement between the applicable state board and contractor shall establish a data release and research review policy to include legal and institutional review board, or agency equivalent, approval.

(6) Each board may promulgate rules subject to the provisions of this subsection and chapter 536 to effectuate and implement the workforce data collection and analysis authorized by this subsection. Any rule or portion of a rule, as that term is defined in Section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, Section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void."; and

2. The commission shall defend any member, officer, executive director, employee or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

3. The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

D. The commission shall promptly notify all member states of any adverse action taken against a licensee or an individual applying for a license. Adverse action information pertaining to a licensee in any member state will be available to any other member state.

E. Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

F. Any information submitted to the data system that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the data system.

334.1224. RULEMAKING

A. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

B. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within four years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

C. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

D. Prior to promulgation and adoption of a final rule or rules by the commission, and at least thirty days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:

1. On the website of the commission or other publicly accessible platform; and

2. On the website of each member state physical therapy licensing board or other publicly accessible platform or the publication in which each state would otherwise publish proposed rules.

E. The notice of proposed rulemaking shall include:

1. The proposed time, date, and location of the meeting in which the rule will be considered and voted upon;

2. The text of the proposed rule or amendment and the reason for the proposed rule;

F. Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

G. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

1. At least twenty-five persons;

2. A state or federal governmental subdivision or agency; or

3. An association having at least twenty-five members.

H. If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing. If the hearing is held via electronic means, the commission shall publish the mechanism for access to the electronic hearing.

1. All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

2. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

3. All hearings will be recorded. A copy of the recording will be made available on request.

4. Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

I. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

J. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

K. The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

L. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;

2. Prevent a loss of commission or member state funds;

3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

4. Protect public health and safety.

M. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of

the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

334.1227. OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

A. Oversight

1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities or actions of the commission.

3. The commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

B. Default, Technical Assistance, and Termination

1. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

a. Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default and/or any other action to be taken by the commission; and

b. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

4. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

6. The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

C. Dispute Resolution

1. Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

2. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement

1. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

2. By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules

and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

334.1230. DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR PHYSICAL THERAPY PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

A. The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

B. Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

C. Any member state may withdraw from this compact by enacting a statute repealing the same.

1. A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's physical therapy licensing board to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

D. Nothing contained in this compact shall be construed to invalidate or prevent any physical therapy licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

E. This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

334.1233. CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any party state, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters."; and

The tax authorized in this section shall be not more than one percent, and shall be imposed solely for the purpose of funding the hospital district. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes.

2. No such resolution adopted under this section shall become effective unless the governing body of the hospital district submits to the voters residing within the district at a state general, primary, or special election a proposal to authorize the governing body of the district to impose a tax under this section. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter after the director of revenue receives notification of adoption of the local sales tax. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

Any funds in the special fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. The governing body of any hospital district that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the district. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

5. Whenever the governing body of any hospital district that has adopted the sales tax authorized in this section receives a petition, signed by a number of registered voters of the district equal to at least ten percent of the number of registered voters of the district voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the district a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. After one year has elapsed after the effective date of abolition of the tax in such district,

the director shall remit the balance in the account to the district and close the account of that district. The director shall notify each district of each instance of any amount refunded or any check redeemed from receipts due the district."; and

"**404.1100. Sections 404.1100 to 404.1110 shall be known and may be cited as the "Designated Health Care Decision-Maker Act".**

404.1101. As used in Sections 404.1100 to 404.1110, the following terms mean:

(1) "Artificially supplied nutrition and hydration", any medical procedure whereby nutrition or hydration is supplied through a tube inserted into a person's nose, mouth, stomach, or intestines, or nutrients or fluids are administered into a person's bloodstream or provided subcutaneously;

(2) "Best interests":

(3) "Designated health care decision-maker", the person designated to make health care decisions for a patient under Section 404.1104, not including a person acting as a guardian or an agent under a durable power of attorney for health care or any other person legally authorized to consent for the patient under any other law to make health care decisions for an incapacitated patient;

(4) "Disability" or "disabled" shall have the same meaning as defined in 42 U.S.C. Section 12102, the Americans with Disabilities Act of 1990, as amended; provided that the term "this chapter" in that definition shall be deemed to refer to the Missouri health care decision-maker act;

(5) "Health care", a procedure to diagnose or treat a human disease, ailment, defect, abnormality, or complaint, whether of physical or mental origin and includes:

(9) "Patient", any adult person or any person otherwise authorized to make health care decisions for himself or herself under Missouri law;

(10) "Physician", a treating, attending, or consulting physician licensed to practice medicine under Missouri law;

(11) "Reasonable medical judgment", a medical judgment that would be made by a reasonably prudent physician, knowledgeable about the case and the health care possibilities with respect to the medical conditions involved.

404.1102. The determination that a patient is incapacitated shall be made as set forth in Section 404.825. A health care provider or health care facility may rely in the exercise of good faith and in accordance with reasonable medical judgment upon the health care decisions made for a patient by a designated health care decision-maker selected in accordance with Section 404.1104, provided two licensed physicians determine, after reasonable inquiry and in accordance with reasonable medical judgment, that such patient is incapacitated and has neither a guardian with medical decision-making authority appointed in accordance with chapter 475, an attorney in fact appointed in a durable power of attorney for health care in accordance with Sections 404.800 to 404.865, is not a child under the jurisdiction of the juvenile court under Section 211.031, nor any other known person who has the legal authority to make health care decisions.

404.1103. Upon a determination that a patient is incapacitated, the physician or another health care provider acting at the direction of the physician shall make reasonable efforts to inform potential designated health care decision-makers set forth in Section 404.1104 of whom the physician or physician's designee is aware, of the need to appoint a designated health care decision-maker. Reasonable efforts include, without limitation, identifying potential designated health care decision-makers as set forth in subsection 1 of Section 404.1104, a guardian with medical decision-making authority appointed in accordance with chapter 475, an attorney in fact appointed in a durable power of attorney for health care in accordance with Sections 404.800 to 404.865, the juvenile court under Section 211.031, or any other known person who has the legal authority to make health care decisions, by examining the patient's personal effects and medical records. If a family member, attorney in fact for health care or guardian with health care decision-making authority is identified, a documented attempt to contact that person by telephone, with all known telephone numbers and other contact information used, shall be made within twenty-four hours after a determination of incapacity is made as provided in Section 404.1102.

404.1104. 1. If a patient is incapacitated under the circumstances described in Section 404.1102 and is unable to provide consent regarding his or her own health care, and does not have a legally appointed guardian, an agent under a health care durable power of attorney, is not under the jurisdiction of the juvenile court, or does not have any other person who has legal authority to consent for the patient, decisions concerning the patient's health care may be made by the following competent persons in the following order of priority, with the exception of persons excluded under subsection 4 of Section 404.1104:

(1) The spouse of the patient, unless the spouse and patient are separated under one of the following:

(a) A current dissolution of marriage or separation action;

(b) A signed written property or marital settlement agreement;

(c) A permanent order of separate maintenance or support or a permanent order approving a property or marital settlement agreement between the parties;

(2) An adult child of the patient;

(3) A parent of the patient;

(4) An adult sibling of the patient;

(5) A person who is a member of the same community of persons as the patient who is bound by vows to a religious life and who conducts or assists in the conducting of religious services and actually and regularly engages in religious, benevolent, charitable, or educational ministry, or performance of health care services;

(6) An adult who can demonstrate that he or she has a close personal relationship with the patient and is familiar with the patient's personal values; or

(7) Any other person designated by the unanimous mutual agreement of the persons listed above who is involved in the patient's care.

2. If a person who is a member of the classes listed in subsection 1 of this section, regardless of priority, or a health care provider or a health care facility involved in the care of the patient, disagrees on

whether certain health care should be provided to or withheld or withdrawn from a patient, any such person, provider, or facility, or any other person interested in the welfare of the patient may petition the probate court for an order for the appointment of a temporary or permanent guardian in accordance with subsection 8 of this section to act in the best interest of the patient.

3. A person who is a member of the classes listed in subsection 1 of this section shall not be denied priority under this section based solely upon that person's support for, or direction to provide, withhold or withdraw health care to the patient, subject to the rights of other classes of potential designated decision-makers, a healthcare provider, or healthcare facility to petition the probate court for an order for the appointment of a temporary or permanent guardian under subsection 8 of this section to act in the best interests of the patient.

4. Priority under this section shall not be given to persons in any of the following circumstances:

(1) If a report of abuse or neglect of the patient has been made under Sections 192.2475, 198.070, 208.912, 210.115, 565.188, 630.163 or any other mandatory reporting statutes, and if the health care provider knows of such a report of abuse or neglect, then unless the report has been determined to be unsubstantiated or unfounded, or a determination of abuse was finally reversed after administrative or judicial review, the person reported as the alleged perpetrator of the abuse or neglect shall not be given priority or authority to make health care decisions under subsection 1 of this section, provided that such a report shall not be based on the person's support for, or direction to provide, health care to the patient;

(2) If the patient's physician or the physician's designee reasonably determines, after making a diligent effort to contact the designated health care decision-maker using known telephone numbers and other contact information and receiving no response, that such person is not reasonably available to make medical decisions as needed or is not willing to make health care decisions for the patient; or

(3) If a probate court in a proceeding under subsection 8 of this section finds that the involvement of the person in decisions concerning the patient's health care is contrary to instructions that the patient had unambiguously, and without subsequent contradiction or change, expressed before he or she became incapacitated. Such a statement to the patient's physician or other health care provider contemporaneously recorded in the patient's medical record and signed by the patient's physician or other health care provider shall be deemed such an instruction, subject to the ability of a party to a proceeding under subsection 8 of this section to dispute its accuracy, weight, or interpretation.

5. (1) The designated health care decision-maker shall make reasonable efforts to obtain information regarding the patient's health care preferences from health care providers, family, friends, or others who may have credible information.

(2) The designated health care decision-maker, and the probate court in any proceeding under subsection 8 of this section, shall always make health care decisions in the patient's best interests, and if the patient's religious and moral beliefs and health care preferences are known, in accordance with those beliefs and preferences.

6. This section does not authorize the provision or withholding of health care services that the patient has unambiguously, without subsequent contradiction or change of instruction, expressed that he or she would or would not want at a time when such patient had capacity. Such a statement to the patient's physician or other health care provider, contemporaneously recorded in the patient's medical record and signed by the patient's physician or other health care provider, shall be deemed such evidence, subject to the ability of a party to a proceeding under subsection 8 of this section to dispute its accuracy, weight, or interpretation.

7. A designated health care decision-maker shall be deemed a personal representative for the purposes of access to and disclosure of private medical information under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), 42 U.S.C. Section 1320d and 45 CFR 160-164.

8. Nothing in Sections 404.1100 to 404.1110 shall preclude any person interested in the welfare of a patient including, but not limited to, a designated health care decision-maker, a member of the classes listed in subsection 1 of this section regardless of priority, or a health care provider or health care facility involved in the care of the patient, from petitioning the probate court for the appointment of a temporary or permanent guardian for the patient including expedited adjudication under chapter 475.

9. Pending the final outcome of proceedings initiated under subsection 8 of this section, the designated health care decision-maker, health care provider, or health care facility shall not withhold or withdraw, or direct the withholding or withdrawal, of health care, nutrition, or hydration whose withholding

or withdrawal, in reasonable medical judgment, would result in or hasten the death of the patient, would jeopardize the health or limb of the patient, or would result in disfigurement or impairment of the patient's faculties. If a health care provider or a health care facility objects to the provision of such health care, nutrition, or hydration on the basis of religious beliefs or sincerely held moral convictions, the provider or facility shall not impede the transfer of the patient to another health care provider or health care facility willing to provide it, and shall provide such health care, nutrition, or hydration to the patient pending the completion of the transfer. For purposes of this section, artificially supplied nutrition and hydration may be withheld or withdrawn during the pendency of the guardianship proceeding only if, based on reasonable medical judgment, the patient's physician and a second licensed physician certify that the patient meets the standard set forth in subdivision (2) of subsection 1 of Section 404.1105. If tolerated by the patient and adequate to supply the patient's needs for nutrition or hydration, natural feeding should be the preferred method.

404.1105. 1. No designated health care decision-maker may, with the intent of hastening or causing the death of the patient, authorize the withdrawal or withholding of nutrition or hydration supplied through either natural or artificial means. A designated health care decision-maker may authorize the withdrawal or withholding of artificially supplied nutrition and hydration only when the physician and a second licensed physician certify in the patient's medical record based on reasonable medical judgment that:

(1) Artificially supplied nutrition or hydration are not necessary for comfort care or the relief of pain and would serve only to prolong artificially the dying process and where death will occur within a short period of time whether or not such artificially supplied nutrition or hydration is withheld or withdrawn; or

(2) Artificially supplied nutrition or hydration cannot be physiologically assimilated or tolerated by the patient.

2. When tolerated by the patient and adequate to supply the patient's need for nutrition or hydration, natural feeding should be the preferred method.

3. The provisions of this section shall not apply to subsection 3 of Section 459.010.

404.1106. If any of the individuals specified in Section 404.1104 or the designated health care decision-maker or physician believes the patient is no longer incapacitated, the patient's physician shall reexamine the patient and determine in accordance with reasonable medical judgment whether the patient is no longer incapacitated, shall certify the decision and the basis therefor in the patient's medical record, and shall notify the patient, the designated health care decision-maker, and the person who initiated the redetermination of capacity. Rights of the designated health care decision-maker shall end upon the physician's certification that the patient is no longer incapacitated.

404.1107. No health care provider or health care facility that makes good faith and reasonable attempts to identify, locate, and communicate with potential designated health care decision-makers in accordance with Sections 404.1100 to 404.1110 shall be subject to civil or criminal liability or regulatory sanction for any act or omission related to his or her or its effort to identify, locate, and communicate with or act upon any decision by or for such actual or potential designated health care decision-makers.

404.1108. 1. A health care provider or a health care facility may decline to comply with the health care decision of a patient or a designated health care decision-maker if such decision is contrary to the religious beliefs or sincerely held moral convictions of a health care provider or health care facility.

2. If at any time, a health care facility or health care provider determines that any known or anticipated health care preferences expressed by the patient to the health care provider or health care facility, or as expressed through the patient's designated health care decision-maker, are contrary to the religious beliefs or sincerely held moral convictions of the health care provider or health care facility, such provider or facility shall promptly inform the patient or the patient's designated health care decision-maker.

3. If a health care provider declines to comply with such health care decision, no health care provider or health care facility shall impede the transfer of the patient to another health care provider or health care facility willing to comply with the health care decision.

4. Nothing in this section shall relieve or exonerate a health care provider or a health care facility from the duty to provide for the health care, care, and comfort of a patient pending transfer under this section. If withholding or withdrawing certain health care would, in reasonable medical judgment, result in or hasten the death of the patient, such health care shall be provided pending completion of the transfer.

Notwithstanding any other provision of this section, no such health care shall be denied on the basis of a view that treats extending the life of an elderly, disabled, or terminally ill individual as of lower value than extending the life of an individual who is younger, nondisabled, or not terminally ill, or on the basis of the health care provider's or facility's disagreement with how the patient or individual authorized to act on the patient's behalf values the tradeoff between extending the length of the patient's life and the risk of disability.

404.1109. No health care decision-maker shall withhold or withdraw health care from a pregnant patient, consistent with existing law, as set forth in Section 459.025.

404.1110. Nothing in Sections 404.1100 to 404.1110 is intended to:

(1) Be construed as condoning, authorizing, or approving euthanasia or mercy killing; or

(2) Be construed as permitting any affirmative or deliberate act to end a person's life, except to permit natural death as provided by Sections 404.1100 to 404.1110."; and

The coroner or deputy coroner shall take possession of all property of value found on the body, making exact inventory of such property on the report and shall direct the return of such property to the person entitled to its custody or possession. 2. When a death occurs outside a licensed health care facility, **except under the care of a licensed, certified hospice as defined under Section 197.250,** the first licensed medical professional or law enforcement official learning of such death shall immediately contact the county coroner. 4. Further amend said bill, Page 3, Section 196.990, Line 84, by inserting after all of said line the following:

"338.010. 1. The "practice of pharmacy" means the interpretation, implementation, and evaluation of medical prescription orders, including any legend drugs under 21 U.S.C. Section 353; receipt, transmission, or handling of such orders or facilitating the dispensing of such orders; the designing, initiating, implementing, and monitoring of a medication therapeutic plan as defined by the prescription order so long as the prescription order is specific to each patient for care by a pharmacist; the compounding, dispensing, labeling, and administration of drugs and devices pursuant to medical prescription orders and administration of viral influenza, pneumonia, shingles, hepatitis A, hepatitis B, diphtheria, tetanus, pertussis, and meningitis vaccines by written protocol authorized by a physician for persons twelve years of age or older as authorized by rule or the administration of pneumonia, shingles, hepatitis A, hepatitis B, diphtheria, tetanus, pertussis, and meningitis vaccines by written protocol

authorized by a physician for a specific patient as authorized by rule; the participation in drug selection according to state law and participation in drug utilization reviews; the proper and safe storage of drugs and devices and the maintenance of proper records thereof; consultation with patients and other health care practitioners, and veterinarians and their clients about legend drugs, about the safe and effective use of drugs and devices; **the prescribing and dispensing of self-administered oral hormonal contraceptives under Section 338.660;** and the offering or performing of those acts, services, operations, or transactions necessary in the conduct, operation, management and control of a pharmacy. No person shall engage in the practice of pharmacy unless he is licensed under the provisions of this chapter. This chapter shall not be construed to prohibit the use of auxiliary personnel under the direct supervision of a pharmacist from assisting the pharmacist in any of his or her duties. This assistance in no way is intended to relieve the pharmacist from his or her responsibilities for compliance with this chapter and he or she will be responsible for the actions of the auxiliary personnel acting in his or her assistance. This chapter shall also not be construed to prohibit or interfere with any legally registered practitioner of medicine, dentistry, or podiatry, or veterinary medicine only for use in animals, or the practice of optometry in accordance with and as provided in Sections 195.070 and 336.220 in the compounding, administering, prescribing, or dispensing of his or her own prescriptions.

2. Any pharmacist who accepts a prescription order for a medication therapeutic plan shall have a written protocol from the physician who refers the patient for medication therapy services. The written protocol and the prescription order for a medication therapeutic plan shall come from the physician only, and shall not come from a nurse engaged in a collaborative practice arrangement under Section 334.104, or from a physician assistant engaged in a supervision agreement under Section 334.735.

3. Nothing in this section shall be construed as to prevent any person, firm or corporation from owning a pharmacy regulated by Sections 338.210 to 338.315, provided that a licensed pharmacist is in charge of such pharmacy.

4. Nothing in this section shall be construed to apply to or interfere with the sale of nonprescription drugs and the ordinary household remedies and such drugs or medicines as are normally sold by those engaged in the sale of general merchandise.

5. No health carrier as defined in chapter 376 shall require any physician with which they contract to enter into a written protocol with a pharmacist for medication therapeutic services.

6. This section shall not be construed to allow a pharmacist to diagnose or independently prescribe pharmaceuticals.

7. The state board of registration for the healing arts, under Section 334.125, and the state board of pharmacy, under Section 338.140, shall jointly promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Such rules shall require protocols to include provisions allowing for timely communication between the pharmacist and the referring physician, and any other patient protection provisions deemed appropriate by both boards. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither board shall separately promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Any rule or portion of a rule, as that term is defined in Section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, Section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

8. The state board of pharmacy may grant a certificate of medication therapeutic plan authority to a licensed pharmacist who submits proof of successful completion of a board-approved course of academic clinical study beyond a bachelor of science in pharmacy, including but not limited to clinical assessment skills, from a nationally accredited college or university, or a certification of equivalence issued by a nationally recognized professional organization and approved by the board of pharmacy.

9. Any pharmacist who has received a certificate of medication therapeutic plan authority may engage in the designing, initiating, implementing, and monitoring of a medication therapeutic plan as defined by a prescription order from a physician that is specific to each patient for care by a pharmacist.

10. Nothing in this section shall be construed to allow a pharmacist to make a therapeutic substitution of a pharmaceutical prescribed by a physician unless authorized by the written protocol or the physician's prescription order.

11. "Veterinarian", "doctor of veterinary medicine", "practitioner of veterinary medicine", "DVM", "VMD", "BVSe", "BVMS", "BSe (Vet Science)", "VMB", "MRCVS", or an equivalent title means a person who has received a doctor's degree in veterinary medicine from an accredited school of veterinary medicine or holds an Educational Commission for Foreign Veterinary Graduates (EDFVG) certificate issued by the American Veterinary Medical Association (AVMA).

12. In addition to other requirements established by the joint promulgation of rules by the board of pharmacy and the state board of registration for the healing arts:

(1) A pharmacist shall administer vaccines in accordance with treatment guidelines established by the Centers for Disease Control and Prevention (CDC);

(2) A pharmacist who is administering a vaccine shall request a patient to remain in the pharmacy a safe amount of time after administering the vaccine to observe any adverse reactions. Such pharmacist shall have adopted emergency treatment protocols;

(3) In addition to other requirements by the board, a pharmacist shall receive additional training as required by the board and evidenced by receiving a certificate from the board upon completion, and shall display the certification in his or her pharmacy where vaccines are delivered.

13. A pharmacist shall provide a written report within fourteen days of administration of a vaccine to the patient's primary health care provider, if provided by the patient, containing:

(1) The identity of the patient;

(2) The identity of the vaccine or vaccines administered;

(3) The route of administration;

(4) The anatomic site of the administration;

(5) The dose administered; and

(6) The date of administration.

338.660. 1. For purposes of this chapter, "self-administered oral hormonal contraceptive" shall mean a drug composed of a combination of hormones that is approved by the Food and Drug Administration to prevent pregnancy and that the patient to whom the drug is prescribed may take orally.

2. A pharmacist may prescribe and dispense self-administered oral hormonal contraceptives to a person who is:

(1) Eighteen years of age or older, regardless of whether the person has evidence of a previous prescription from a primary care practitioner or women's health care practitioner for a self-administered oral hormonal contraceptive; or

(2) Under eighteen years of age, if the person has evidence of a previous prescription from a primary care practitioner or women's health care practitioner for a self-administered oral hormonal contraceptive.

3. The board of pharmacy shall adopt rules, in consultation with the board of registration for the healing arts, board of nursing, and department of health and senior services, and in consideration of guidelines established by the American Congress of Obstetricians and Gynecologists, to establish standard procedures for the prescribing of self-administered oral hormonal contraceptives by pharmacists. The board of pharmacy shall adopt rules and regulations to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in Section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, Section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

4. The rules adopted under this section shall require a pharmacist to:

(1) Complete a training program approved by the board of pharmacy that is related to prescribing self-administered oral hormonal contraceptives;

(2) Provide a self-screening risk assessment tool that the patient shall use prior to the pharmacist's prescribing the self-administered oral hormonal contraceptive;

(3) Refer the patient to the patient's primary care practitioner or women's health care practitioner upon prescribing and dispensing the self-administered oral hormonal contraceptive;

(4) Provide the patient with a written record of the self-administered oral hormonal contraceptive prescribed and dispensed and advise the patient to consult with a primary care practitioner or women's health care practitioner; and

(5) Dispense the self-administered oral hormonal contraceptive to the patient as soon as practicable after the pharmacist issues the prescription.

5. The rules adopted under this section shall prohibit a pharmacist from:

(1) Requiring a patient to schedule an appointment with the pharmacist for the prescribing or dispensing of a self-administered oral hormonal contraceptive; and

(2) Prescribing and dispensing a self-administered oral hormonal contraceptive to a patient who does not have evidence of a clinical visit for women's health within the three years immediately following the initial prescription and dispensation of a self-administered oral hormonal contraceptive by a pharmacist to the patient.

6. All state and federal laws governing insurance coverage of contraceptive drugs, devices, products, and services shall apply to self-administered oral hormonal contraceptives prescribed by a pharmacist under this section.

376.1240. 1. For purposes of this section, the terms "health carrier" and "health benefit plan" shall have the same meaning as defined in Section 376.1350. The term "prescription contraceptive" shall mean a drug or device that requires a prescription and is approved by the Food and Drug Administration to prevent pregnancy.

2. Each health carrier or health benefit plan that offers or issues health benefit plans which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2017, and that provides coverage for prescription contraceptives shall provide coverage to reimburse a health care provider or dispensing entity for a dispensing of prescription contraceptives intended to last for a:

(1) Three-month period for the first dispensing of the prescription contraceptive to an insured; and

(2) Twelve-month period for subsequent dispensations of the same contraceptive to the insured regardless of whether the insured was enrolled in the health benefit plan or policy at the time of the first dispensing.

3. The coverage required by this section shall not be subject to any greater deductible or co-payment than other similar health care services provided by the health benefit plan.

4. The provisions of this section shall not apply to a supplemental insurance policy including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies of six months' or less duration, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration."; and

404.1101. As used in Sections 404.1100 to 404.1110, the following terms mean:

(1) "Artificially supplied nutrition and hydration", any medical procedure whereby nutrition or hydration is supplied through a tube inserted into a person's nose, mouth, stomach, or intestines, or nutrients or fluids are administered into a person's bloodstream or provided subcutaneously;

(2) "Best interests":

(a) Promoting the incapacitated person's right to enjoy the highest attainable standard of health for that person;

(3) "Designated health care decision-maker", the person designated to make health care decisions for a patient under Section 404.1104, not including a person acting as a guardian or an agent under a durable power of attorney for health care or any other person legally authorized to consent for the patient under any other law to make health care decisions for an incapacitated patient;

(4) "Disability" or "disabled" shall have the same meaning as defined in 42 U.S.C. Section 12102, the Americans with Disabilities Act of 1990, as amended; provided that the term "this chapter" in that definition shall be deemed to refer to the Missouri health care decision-maker act;

(5) "Health care", a procedure to diagnose or treat a human disease, ailment, defect, abnormality, or complaint, whether of physical or mental origin and includes:

(8) "Incapacitated", a person who is unable by reason of any physical or mental condition to receive and evaluate information or to communicate decisions to such an extent that the person lacks capacity to meet essential requirements for food, clothing, shelter, safety, or other care such that serious physical injury, illness, or disease is likely to occur;

(9) "Patient", any adult person or any person otherwise authorized to make health care decisions for himself or herself under Missouri law;

(10) "Physician", a treating, attending, or consulting physician licensed to practice medicine under Missouri law;

(11) "Reasonable medical judgment", a medical judgment that would be made by a reasonably prudent physician, knowledgeable about the case and the health care possibilities with respect to the medical conditions involved.

404.1102. The determination that a patient is incapacitated shall be made as set forth in Section 404.825. A health care provider or health care facility may rely in the exercise of good faith and in accordance with reasonable medical judgment upon the health care decisions made for a patient by a designated health care decision-maker selected in accordance with Section 404.1104, provided two licensed physicians determine, after reasonable inquiry and in accordance with reasonable medical judgment, that such patient is incapacitated and has neither a guardian with medical decision-making authority appointed in accordance with chapter 475, an attorney in fact appointed in a durable power of attorney for health care in accordance with Sections 404.800 to 404.865, is not a child under the jurisdiction of the juvenile court under Section 211.031, nor any other known person who has the legal authority to make health care decisions.

404.1103. Upon a determination that a patient is incapacitated, the physician or another health care provider acting at the direction of the physician shall make reasonable efforts to inform potential designated health care decision-makers set forth in Section 404.1104 of whom the physician or physician's designee is aware, of the need to appoint a designated health care decision-maker. Reasonable efforts include, without limitation, identifying potential designated health care decision makers as set forth in subsection 1 of Section 404.1104, a guardian with medical decision-making authority appointed in accordance with chapter 475, an attorney in fact appointed in a durable power of attorney for health care in accordance with Sections 404.800 to 404.865, the juvenile court under Section 211.031, or any other known person who has the legal authority to make health care decisions, by examining the patient's personal effects and medical records. If a family member, attorney in fact for health care or guardian with health care decision-making authority is identified, a documented attempt to contact that person by telephone, with all known telephone numbers and other contact information used, shall be made within twenty-four hours after a determination of incapacity is made as provided in Section 404.1102.

404.1104. 1. If a patient is incapacitated under the circumstances described in Section 404.1102 and is unable to provide consent regarding his or her own health care, and does not have a legally appointed guardian, an agent under a health care durable power of attorney, is not under the jurisdiction of the juvenile court, or does not have any other person who has legal authority to consent for the patient, decisions concerning the patient's health care may be made by the following competent persons in the following order of priority, with the exception of persons excluded under subsection 4 of Section 404.1104:

(1) The spouse of the patient, unless the spouse and patient are separated under one of the following:

(a) A current dissolution of marriage or separation action;

(b) A signed written property or marital settlement agreement;

(c) A permanent order of separate maintenance or support or a permanent order approving a property or marital settlement agreement between the parties;

(2) An adult child of the patient;

(3) A parent of the patient;

(4) An adult sibling of the patient;

(5) A person who is a member of the same community of persons as the patient who is bound by vows to a religious life and who conducts or assists in the conducting of religious services and actually and regularly engages in religious, benevolent, charitable, or educational ministry, or performance of health care services;

(6) An adult who can demonstrate that he or she has a close personal relationship with the patient and is familiar with the patient's personal values; or

(7) Any other person designated by the unanimous mutual agreement of the persons listed above who is involved in the patient's care.

2. If a person who is a member of the classes listed in subsection 1 of this section, regardless of priority, or a health care provider or a health care facility involved in the care of the patient, disagrees on whether certain health care should be provided to or withheld or withdrawn from a patient, any such person, provider, or facility, or any other person interested in the welfare of the patient may petition the probate court for an order for the appointment of a temporary or permanent guardian in accordance with subsection 8 of this section to act in the best interest of the patient.

3. A person who is a member of the classes listed in subsection 1 of this section shall not be denied priority under this section based solely upon that person's support for, or direction to provide, withhold or withdraw health care to the patient, subject to the rights of other classes of potential designated decision-

makers, a healthcare provider, or healthcare facility to petition the probate court for an order for the appointment of a temporary or permanent guardian under subsection 8 of this section to act in the best interests of the patient.

4. Priority under this section shall not be given to persons in any of the following circumstances:

(1) If a report of abuse or neglect of the patient has been made under Section 192.2475, 198.070, 208.912, 210.115, 565.188, 630.163 or any other mandatory reporting statutes, and if the health care provider knows of such a report of abuse or neglect, then unless the report has been determined to be unsubstantiated or unfounded, or a determination of abuse was finally reversed after administrative or judicial review, the person reported as the alleged perpetrator of the abuse or neglect shall not be given priority or authority to make health care decisions under subsection 1 of this section, provided that such a report shall not be based on the person's support for, or direction to provide, health care to the patient;

(2) If the patient's physician or the physician's designee reasonably determines, after making a diligent effort to contact the designated health care decision-maker using known telephone numbers and other contact information and receiving no response, that such person is not reasonably available to make medical decisions as needed or is not willing to make health care decisions for the patient; or

(3) If a probate court in a proceeding under subsection 8 of this section finds that the involvement of the person in decisions concerning the patient's health care is contrary to instructions that the patient had unambiguously, and without subsequent contradiction or change, expressed before he or she became incapacitated. Such a statement to the patient's physician or other health care provider contemporaneously recorded in the patient's medical record and signed by the patient's physician or other health care provider shall be deemed such an instruction, subject to the ability of a party to a proceeding under subsection 8 of this section to dispute its accuracy, weight, or interpretation.

5. (1) The designated health care decision-maker shall make reasonable efforts to obtain information regarding the patient's health care preferences from health care providers, family, friends, or others who may have credible information.

(2) The designated health care decision-maker, and the probate court in any proceeding under subsection 8 of this section, shall always make health care decisions in the patient's best interests, and if the patient's religious and moral beliefs and health care preferences are known, in accordance with those beliefs and preferences.

6. This section does not authorize the provision or withholding of health care services that the patient has unambiguously, without subsequent contradiction or change of instruction, expressed that he or she would or would not want at a time when such patient had capacity. Such a statement to the patient's physician or other health care provider, contemporaneously recorded in the patient's medical record and signed by the patient's physician or other health care provider, shall be deemed such evidence, subject to the ability of a party to a proceeding under subsection 8 of this section to dispute its accuracy, weight, or interpretation.

7. A designated health care decision-maker shall be deemed a personal representative for the purposes of access to and disclosure of private medical information under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), 42 U.S.C. Section 1320d and 45 CFR 160-164.

8. Nothing in Sections 404.1100 to 404.1110 shall preclude any person interested in the welfare of a patient including, but not limited to, a designated health care decision-maker, a member of the classes listed in subsection 1 of this section regardless of priority, or a health care provider or health care facility involved in the care of the patient, from petitioning the probate court for the appointment of a temporary or permanent guardian for the patient including expedited adjudication under chapter 475.

9. Pending the final outcome of proceedings initiated under subsection 8 of this section, the designated health care decision-maker, health care provider, or health care facility shall not withhold or withdraw, or direct the withholding or withdrawal, of health care, nutrition, or hydration whose withholding or withdrawal, in reasonable medical judgment, would result in or hasten the death of the patient, would jeopardize the health or limb of the patient, or would result in disfigurement or impairment of the patient's faculties. If a health care provider or a health care facility objects to the provision of such health care, nutrition, or hydration on the basis of religious beliefs or sincerely held moral convictions, the provider or facility shall not impede the transfer of the patient to another health care provider or health care facility willing to provide it, and shall provide such health care, nutrition, or hydration to the patient pending the completion of the transfer. For purposes of this section, artificially supplied nutrition and hydration may be

withheld or withdrawn during the pendency of the guardianship proceeding only if, based on reasonable medical judgment, the patient's physician and a second licensed physician certify that the patient meets the standard set forth in subdivision (2) of subsection 1 of Section 404.1105. If tolerated by the patient and adequate to supply the patient's needs for nutrition or hydration, natural feeding should be the preferred method.

404.1105. 1. No designated health care decision-maker may, with the intent of hastening or causing the death of the patient, authorize the withdrawal or withholding of nutrition or hydration supplied through either natural or artificial means. A designated health care decision-maker may authorize the withdrawal or withholding of artificially supplied nutrition and hydration only when the physician and a second licensed physician certify in the patient's medical record based on reasonable medical judgment that:

(1) Artificially supplied nutrition or hydration are not necessary for comfort care or the relief of pain and would serve only to prolong artificially the dying process and where death will occur within a short period of time whether or not such artificially supplied nutrition or hydration is withheld or withdrawn; or

(2) Artificially supplied nutrition or hydration cannot be physiologically assimilated or tolerated by the patient.

2. When tolerated by the patient and adequate to supply the patient's need for nutrition or hydration, natural feeding should be the preferred method.

3. The provisions of this section shall not apply to subsection 3 of Section 459.010.

404.1106. If any of the individuals specified in Section 404.1104 or the designated health care decision-maker or physician believes the patient is no longer incapacitated, the patient's physician shall reexamine the patient and determine in accordance with reasonable medical judgment whether the patient is no longer incapacitated, shall certify the decision and the basis therefor in the patient's medical record, and shall notify the patient, the designated health care decision-maker, and the person who initiated the redetermination of capacity. Rights of the designated health care decision-maker shall end upon the physician's certification that the patient is no longer incapacitated.

404.1107. No health care provider or health care facility that makes good faith and reasonable attempts to identify, locate, and communicate with potential designated health care decision-makers in accordance with Sections 404.1100 to 404.1110 shall be subject to civil or criminal liability or regulatory sanction for any act or omission related to his or her or its effort to identify, locate, and communicate with or act upon any decision by or for such actual or potential designated health care decision-makers.

404.1108. 1. A health care provider or a health care facility may decline to comply with the health care decision of a patient or a designated health care decision-maker if such decision is contrary to the religious beliefs or sincerely held moral convictions of a health care provider or health care facility.

2. If at any time, a health care facility or health care provider determines that any known or anticipated health care preferences expressed by the patient to the health care provider or health care facility, or as expressed through the patient's designated health care decision-maker, are contrary to the religious beliefs or sincerely held moral convictions of the health care provider or health care facility, such provider or facility shall promptly inform the patient or the patient's designated health care decision-maker.

3. If a health care provider declines to comply with such health care decision, no health care provider or health care facility shall impede the transfer of the patient to another health care provider or health care facility willing to comply with the health care decision.

4. Nothing in this section shall relieve or exonerate a health care provider or a health care facility from the duty to provide for the health care, care, and comfort of a patient pending transfer under this section. If withholding or withdrawing certain health care would, in reasonable medical judgment, result in or hasten the death of the patient, such health care shall be provided pending completion of the transfer. Notwithstanding any other provision of this section, no such health care shall be denied on the basis of a view that treats extending the life of an elderly, disabled, or terminally ill individual as of lower value than extending the life of an individual who is younger, nondisabled, or not terminally ill, or on the basis of the health care provider's or facility's disagreement with how the patient or individual authorized to act on the patient's behalf values the tradeoff between extending the length of the patient's life and the risk of disability.

404.1109. No health care decision-maker shall withhold or withdraw health care from a pregnant patient, consistent with existing law, as set forth in Section 459.025.

404.1110. Nothing in Sections 404.1100 to 404.1110 is intended to:

(1) Be construed as condoning, authorizing, or approving euthanasia or mercy killing; or

(2) Be construed as permitting any affirmative or deliberate act to end a person's life, except to permit natural death as provided by Sections 404.1100 to 404.1110."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

House Committee Amendment No. 3

"475.125. 1. The court may make orders for the management of the estate of the protectee for the care, education, treatment, habilitation, **respite,** support and maintenance of the protectee and for the maintenance of his **or her** family and education of his **or her** children, according to his **or her** means and obligation, if any, out of the proceeds of his **or her** estate, and may direct that payments for such purposes shall be made weekly, monthly, quarterly, semiannually or annually. The payments ordered under this section may be decreased or increased from time to time as ordered by the court.

2. Appropriations for any such purposes, expenses of administration and allowed claims shall be paid from the property or income of the estate. The court may authorize the conservator to borrow money and obligate the estate for the payment thereof if the court finds that funds of the estate for the payment of such obligation will be available within a reasonable time and that the loan is necessary. 3. The director shall submit the plan to the chair of the house judiciary committee and the chair of the senate judiciary committee, with fiscal estimates, by December 31, 2014. The plan shall be implemented by December 31, **[**2018**]** **2021**.

2. No rule or portion of a rule promulgated under the authority of this chapter shall become effective unless it has been promulgated pursuant to the provisions of Section 536.024.

3. The director and defenders shall, within guidelines as established by the commission and as set forth in subsection 4 of this section, accept requests for legal services from eligible persons entitled to counsel under this chapter or otherwise so entitled under the constitution or laws of the United States or of the state of Missouri and provide such persons with legal services when, in the discretion of the director or the defenders, such provision of legal services is appropriate.

4. The director and defenders shall provide legal services to an eligible person:

(1) Who is detained or charged with a felony, including appeals from a conviction in such a case;

(2) Who is detained or charged with a misdemeanor which will probably result in confinement in the county jail upon conviction, including appeals from a conviction in such a case, unless the prosecuting or circuit attorney has waived a jail sentence;

(6) Who is charged in a case in which he or she faces a loss or deprivation of liberty, and in which the federal or the state constitution or any law of this state requires the appointment of counsel; however, the director and the defenders shall not be required to provide legal services to persons charged with violations of county or municipal ordinances, or misdemeanor offenses except as provided in this section.

5. The director may:

(1) Delegate the legal representation of **[**any**]** **an eligible** person to any member of the state bar of Missouri;

(2) Designate persons as representatives of the director for the purpose of making indigency determinations and assigning counsel.

600.090. 1. (1) If a person is determined to be eligible for the services provided by the state public defender system and if, at the time such determination is made, he is able to provide a limited cash contribution toward the cost of his representation without imposing a substantial hardship upon himself or his dependents, such contribution shall be required as a condition of his representation by the state public defender system.

(2) If at any time, either during or after the disposition of his case, such defendant becomes financially able to meet all or some part of the cost of services rendered to him, he shall be required to reimburse the commission in such amounts as he can reasonably pay, either by a single payment or by installments of reasonable amounts, in accordance with a schedule of charges for public defender services prepared by the commission.

(3) No difficulty or failure in the making of such payment shall reduce or in any way affect the rendering of public defender services to such persons.

2. (1) The reasonable value of the services rendered to a defendant pursuant to Sections 600.011 to 600.048 and 600.086 to 600.096 may in all cases be a lien on any and all property to which the defendant shall have or acquire an interest. The public defender shall effectuate such lien whenever the reasonable value of the services rendered to a defendant appears to exceed one hundred fifty dollars and may effectuate such lien where the reasonable value of those services appears to be less than one hundred fifty dollars.

(2) To effectuate such a lien, the public defender shall, prior to the final disposition of the case or within ten days thereafter, file a notice of lien setting forth the services rendered to the defendant and a claim for the reasonable value of such services with the clerk of the circuit court. The defendant shall be personally served with a copy of such notice of lien. The court shall rule on whether all or any part of the claim shall be allowed. The portion of the claim approved by the court as the value of defender services which has been provided to the defendant shall be a judgment at law. The public defender shall not be required to pay filing or recording fees for or relating to such claim.

(3) Such judgment shall be enforceable in the name of the state on behalf of the commission by the prosecuting attorney of the circuit in which the judgment was entered.

(4) The prosecuting attorney may compromise and make settlement of, or, with the concurrence of the director, forego any claims for services performed for any person pursuant to this chapter whenever the financial circumstances of such person are such that the best interests of the state will be served by such action.

3. The commission may contract with private attorneys for the collection and enforcement of liens and other judgments owed to the state for services rendered by the state public defender system.

4. The lien created by this section shall be from the time filed in the court by the defender a charge or claim against any assets of the defendant; provided further that the same shall be served upon the person in possession of the assets or shall be recorded in the office of the recorder of deeds in the county in which the person resides or in which the assets are located.

5. Funds collected pursuant to this section and Section 600.093 shall be credited to the "Legal Defense and Defender Fund" which is hereby created. 163.031. 1. The department of elementary and secondary education shall calculate and distribute to each school district qualified to receive state aid under Section 163.021 an amount determined by multiplying the district's weighted average daily attendance by the state adequacy target, multiplying this product by the dollar value modifier for the district, and subtracting from this product the district's local effort and subtracting payments from the classroom trust fund under Section 163.043.

2. Other provisions of law to the contrary notwithstanding:

(1) For districts with an average daily attendance of more than three hundred fifty in the school year preceding the payment year:

(b) For each year subsequent to the 2008-09 school year, the amount shall be no less than that computed in paragraph (a) of this subdivision, multiplied by the weighted average daily attendance pursuant to Section 163.036, less any increase in revenue received from the classroom trust fund under Section 163.043;

(2) For districts with an average daily attendance of three hundred fifty or less in the school year preceding the payment year:

(a) For the 2008-09 school year, the state revenue received by a district from the state aid calculation under subsections 1 and 4 of **[**this**]** Section **163.031 as it existed on July 1, 2015**, as applicable, and the classroom trust fund under Section 163.043 shall not be less than the greater of state revenue received by a district in the 2004-05 or 2005-06 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts multiplied by the dollar value modifier;

3. No district shall make a determination as to whether a child is gifted based on the child's participation in an advanced placement course or international baccalaureate course. Districts shall determine a child is gifted only if the child meets the definition of "gifted children" as provided in Section 162.675.

163.031. 1. The department of elementary and secondary education shall calculate and distribute to each school district qualified to receive state aid under Section 163.021 an amount determined by multiplying the district's weighted average daily attendance by the state adequacy target, multiplying this product by the dollar value modifier for the district, and subtracting from this product the district's local effort and subtracting payments from the classroom trust fund under Section 163.043.

2. Other provisions of law to the contrary notwithstanding:

(1) For districts with an average daily attendance of more than three hundred fifty in the school year preceding the payment year:

(a) For the 2008-09 school year, the state revenue per weighted average daily attendance received by a district from the state aid calculation under subsections 1 and 4 of this section, as applicable, and the classroom trust fund under Section 163.043 shall not be less than the state revenue received by a district in the 2005-06 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts multiplied by the dollar value modifier, and dividing this product by the weighted average daily attendance computed for the 2005-06 school year;

(b) For each year subsequent to the 2008-09 school year, the amount shall be no less than that computed in paragraph (a) of this subdivision, multiplied by the weighted average daily attendance pursuant to Section 163.036, less any increase in revenue received from the classroom trust fund under Section 163.043;

(2) For districts with an average daily attendance of three hundred fifty or less in the school year preceding the payment year:

(a) For the 2008-09 school year, the state revenue received by a district from the state aid calculation under subsections 1 and 4 of this section, as applicable, and the classroom trust fund under Section 163.043 shall not be less than the greater of state revenue received by a district in the 2004-05 or 2005-06 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts multiplied by the dollar value modifier;

(b) For each year subsequent to the 2008-09 school year, the amount shall be no less than that computed in paragraph (a) of this subdivision;

5. (1) No less than seventy-five percent of the state revenue received under the provisions of subsections 1 and 2 of this section shall be placed in the teachers' fund, and the remaining percent of such moneys shall be placed in the incidental fund. No less than seventy-five percent of one-half of the funds received from the school district trust fund distributed under Section 163.087 shall be placed in the teachers' fund. One hundred percent of revenue received under the provisions of Section 163.161 shall be placed in the incidental fund. One hundred percent of

revenue received under the provisions of Sections 168.500 to 168.515 shall be placed in the teachers' fund.

(a) An amount equal to at least seventy-five percent of the state revenue received under the provisions of subsections 1 and 2 of this section;

(b) An amount equal to at least seventy-five percent of one-half of the funds received from the school district trust fund distributed under Section 163.087 during the preceding school year; and

(c) Beginning in fiscal year 2008, as much as was spent per the second preceding year's weighted average daily attendance for certificated compensation and tuition expenditures the previous year from revenue produced by local and county tax sources in the teachers' fund, plus the amount of the incidental fund to teachers' fund transfer calculated to be local and county tax sources by dividing local and county tax sources in the incidental fund by total revenue in the incidental fund.

In the event a district fails to comply with this provision, the amount by which the district fails to spend funds as provided herein shall be deducted from the district's state revenue received under the provisions of subsections 1 and 2 of this section for the following year, provided that the state board of education may exempt a school district from this provision if the state board of education determines that circumstances warrant such exemption.

6. **(1)** If a school district's annual audit discloses that students were inappropriately identified as eligible for free and reduced lunch, special education, or limited English proficiency and the district does not resolve the audit finding, the department of elementary and secondary education shall require that the amount of aid paid pursuant to the weighting for free and reduced lunch, special education, or limited English proficiency in the weighted average daily attendance on the inappropriately identified pupils be repaid by the district in the next school year and shall additionally impose a penalty of one hundred percent of such aid paid on such pupils, which penalty shall also be paid within the next school year. Such amounts may be repaid by the district through the withholding of the amount of state aid.

(2) In the 2017-18 school year and in each subsequent school year, if a district experiences a decrease in its gifted program enrollment of twenty percent or more from the previous school year, an amount equal to the product of the difference between the number of students enrolled in the gifted program in the current school year and the number of students enrolled in the gifted program in the previous school year multiplied by six hundred eighty dollars shall be subtracted from the district's current year payment amount. The provisions of this subdivision shall apply to districts entitled to receive state aid payments under both subsections 1 and 2 of this section but shall not apply to any school district with an average daily attendance of three hundred fifty or less.

7. Notwithstanding any provision of law to the contrary, in any fiscal year during which the total formula appropriation is insufficient to fully fund the entitlement calculation of this section, the department of elementary and secondary education shall adjust the state adequacy target in order to accommodate the appropriation level for the given fiscal year. In no manner shall any payment modification be rendered for any district qualified to receive payments under subsection 2 of this section based on insufficient appropriations."; and

Further amend said bill and page, Section B, Lines 1-5, by deleting all of said lines and inserting in lieu thereof the following:

"Section B. 2. The commission on higher education is abolished and all its powers, duties, personnel and property are transferred by type I transfer to the "Coordinating Board for Higher Education", which is hereby created, and the coordinating board shall be the head of the department. The coordinating board shall consist of nine members appointed by the governor with the advice and consent of the senate, and not more than five of its members shall be of the same political party. None of the members shall be engaged professionally as an educator or educational administrator with a public or private institution of higher education at the time appointed or during his term. Moreover, no person shall be appointed to the coordinating board who shall not be a citizen of the United States, and

who shall not have been a resident of the state of Missouri two years next prior to appointment, and at least one but not more than two persons shall be appointed to said board from each congressional district. The term of service of a member of the coordinating board shall be six years and said members, while attending the meetings of the board, shall be reimbursed for their actual expenses. Notwithstanding any provision of law to the contrary, nothing in this section relating to a change in the composition and configuration of congressional districts in this state shall prohibit a member who is serving a term on August 28, 2011, from completing his or her term. (2) The coordinating board for higher education may promote and encourage the development of cooperative agreements between Missouri public four-year institutions of higher education which do not offer graduate degrees and Missouri public four-year institutions of higher education which do offer graduate degrees for the purpose of offering graduate degree programs on campuses of those public four-year institutions of higher education which do not otherwise offer graduate degrees. Such agreements shall identify the obligations and duties of the parties, including assignment of administrative responsibility. Any diploma awarded for graduate degrees under such a cooperative agreement shall include the names of both institutions inscribed thereon. Any cooperative agreement in place as of August 28, 2003, shall require no further approval from the coordinating board for higher education. Any costs incurred with respect to the administrative provisions of this subdivision may be paid from state funds allocated to the institution assigned the administrative authority for the program. The provisions of this subdivision shall not be construed to invalidate the provisions of subdivision (1) of this subsection;

(3) In consultation with the heads of the institutions of higher education affected and against a background of carefully collected data on enrollment, physical facilities, manpower needs, institutional missions, the coordinating board for higher education shall establish guidelines for appropriation requests by those institutions of higher education; however, other provisions of the Reorganization Act of 1974 notwithstanding, all funds shall be appropriated by the general assembly to the governing board of each public four-year institution of higher education which shall prepare expenditure budgets for the institution;

(4) No new state-supported senior colleges or residence centers shall be established except as provided by law and with approval of the coordinating board for higher education;

(5) The coordinating board for higher education shall establish admission guidelines consistent with institutional missions;

(6) The coordinating board for higher education shall require all public two-year and four-year higher education institutions to replicate best practices in remediation identified by the coordinating board and institutions from research undertaken by regional educational laboratories, higher education research organizations, and similar organizations with expertise in the subject, and identify and reduce methods that have been found to be ineffective in preparing or retaining students or that delay students from enrollment in college-level courses;

(7) The coordinating board shall establish policies and procedures for institutional decisions relating to the residence status of students;

(8) The coordinating board shall establish guidelines to promote and facilitate the transfer of students between institutions of higher education within the state and, with the assistance of the committee on transfer and articulation, shall require all public two-year and four-year higher education institutions to create by July 1, 2014, a statewide core transfer library of at least twenty-five lower division courses across all institutions that are transferable among all public higher education institutions. The coordinating board shall establish policies and procedures to ensure such courses are accepted in transfer among public institutions and treated as equivalent to similar courses at the receiving institutions. The coordinating board shall develop a policy to foster reverse transfer for any student who has accumulated enough hours in combination with at least one public higher education institution in Missouri that offers an associate degree and one public four-year higher education institution in the prescribed courses sufficient to meet the public higher education institution's requirements to be awarded an associate degree. The department of elementary and secondary education shall maintain the alignment of the assessments found in Section 160.518 and successor assessments with the competencies previously established under this subdivision for entry-level collegiate courses in English, mathematics, foreign language, sciences, and social sciences associated with an institution's general education core;

(9) The coordinating board shall collect the necessary information and develop comparable data for all institutions of higher education in the state. The coordinating board shall use this information to delineate the areas of competence of each of these institutions and for any other purposes deemed appropriate by the coordinating board;

If any such public institution willfully disregards board policy, the commissioner of higher education may order such institution to remit a fine in an amount not to exceed one percent of the institution's current fiscal year state operating appropriation to the board. The board shall hold such funds until such time that the institution, as determined by the commissioner of higher education, corrects the violation, at which time the board shall refund such amount to the institution. If the commissioner determines that the institution has not redressed the violation within one year, the fine amount shall be deposited into the general revenue fund, unless the institution appeals such decision to the full coordinating board, which shall have the authority to make a binding and final decision, by means of a majority vote, regarding the matter. However, nothing in this section shall prevent any institution of higher education in this state from presenting additional budget requests or from explaining or further clarifying its budget requests to the governor or the general assembly; **[**and**]**

(12) **In recognition of institutions that meet the requirements of subdivisions (2), (3), or (4) of subsection 1 of Section 173.616, are established by name as an educational institution in Missouri, and are authorized to operate programs beyond secondary education for purposes of authorization under 34 C.F.R 600.9, the coordinating board for higher education shall maintain and publish on its website a list of such postsecondary educational institutions; and**

(b) No later than July 1, 2008, the coordinating board shall promulgate rules regarding:

a. The board's approval process of proposed new degree programs and course offerings by any out-of-state public institution of higher education seeking to offer degree programs or course work within the state of Missouri; and

b. The board's approval process of degree programs and courses offered by any out-of-state public institutions of higher education that, prior to July 1, 2008, were approved by the board to operate a school in compliance with the provisions of Sections 173.600 to 173.618. The rules shall ensure that, as of July 1, 2008, all out-of-state public institutions seeking to offer degrees and courses within the state of Missouri are evaluated in a manner similar to Missouri public higher education institutions. Such out-of-state public institutions shall be held to standards no lower than the standards established by the coordinating board for program approval and the policy guidelines of the coordinating board for data collection, cooperation, and resolution of disputes between Missouri institutions of higher education under this section. Any such out-of-state public institutions of higher education wishing to continue operating within this state must be approved by the board under the rules promulgated under this subdivision. The coordinating board may charge and collect fees from out-of-state public institutions to cover the costs of reviewing and assuring the quality of programs offered by out-of-state public institutions. Any rule or portion of a rule, as that term is defined in Section 536.010, that is created under the authority delegated in this

section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, Section 536.028. JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

SIXTIETH DAY, WEDNESDAY, APRIL 27, 2016

The House met pursuant to adjournment.

Speaker Pro Tem Hoskins in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Continue steadfastly in prayer, being watchful in it with thanksgiving. (Colossians 4:2)

O Ancient God, who is above us and yet within us in all reverence of mind and heart, we bow our heads before You, acknowledging our dependence upon You, and offering to You the loyalty and love of our humble hearts. In this day when negative stress could overwhelm us and a depressing spirit could engulf our hearts, keep our honor true, our hearts pure, our minds clean, and our devotion to You and our citizens solid and honest.

During these long trying hours when difficult decisions and votes are made which will determine the direction our state takes, help us to maintain our integrity, to rise above personal ambition, and to put first that which is always first, the welfare of our state and the good of our people, rich and poor alike.

Finally, bless all who serve as Administrative Assistants in our state today, especially all under this dome. Let them know of our appreciation and admiration now and always.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Amelia Hoskins, Alexander Brower Curchin, Emilee Gulley, and Brooklyn Ratliff.

The Journal of the fifty-ninth day was approved as printed.

On motion of Representative Franklin, **House Amendment No. 2** was adopted.

Representative Fitzpatrick offered **House Amendment No. 3**.

House Amendment No. 3

AMEND House Committee Substitute for Senate Bill No. 607, Page 2, Section 208.800, Line 3, by inserting after all of said section and line the following:

"**208.1030. 1. An eligible provider, as described in subsection 2 of this section, may, in addition to the rate of payment that the provider would otherwise receive for Medicaid ground emergency medical transportation services, receive MO HealthNet supplemental reimbursement to the extent provided by law.**

2. A provider shall be eligible for Medicaid supplemental reimbursement if the provider meets the following characteristics during the state reporting period:

(1) Provides ground emergency medical transportation services to MO HealthNet participants;

(2) Is enrolled as a MO HealthNet provider for the period being claimed; and

(3) Is owned, operated, or contracted by the state or a political subdivision.

3. An eligible provider's Medicaid supplemental reimbursement under this section shall be calculated and paid as follows:

(1) The supplemental reimbursement to an eligible provider, as described in subsection 2 of this section, shall be equal to the amount of federal financial participation received as a result of the claims submitted under subdivision (2) of subsection 6 of this section;

(2) In no instance shall the amount certified under subdivision (1) of subsection 5 of this section, when combined with the amount received from all other sources of reimbursement from the MO HealthNet program, exceed one hundred percent of actual costs, as determined under the Medicaid state plan for ground emergency medical transportation services; and

(3) The supplemental Medicaid reimbursement provided by this section shall be distributed exclusively to eligible providers under a payment methodology based on ground emergency medical transportation services provided to MO HealthNet participants by eligible providers on a per-transport basis or other federally permissible basis. The department of social services shall obtain approval from the Centers for Medicare and Medicaid Services for the payment methodology to be utilized and shall not make any payment under this section prior to obtaining that approval.

4. An eligible provider, as a condition of receiving supplemental reimbursement under this section, shall enter into and maintain an agreement with the department's designee for the purposes of implementing this section and reimbursing the department of social services for the costs of administering this section. The non-federal share of the supplemental reimbursement submitted to the Centers for Medicare and Medicaid Services for purposes of claiming federal financial participation shall be paid with funds from the governmental entities described in subdivision (3) of subsection 2 of this section and certified to the state as provided in subsection 5 of this section.

5. Participation in the program by an eligible provider described in this section is voluntary. If an applicable governmental entity elects to seek supplemental reimbursement under this section on behalf of an eligible provider owned or operated by the entity, as described in subdivision (3) of subsection 2 of this section, the governmental entity shall do the following:

(1) Certify in conformity with the requirements of 42 CFR 433.51 that the claimed expenditures for the ground emergency medical transportation services are eligible for federal financial participation;

(2) Provide evidence supporting the certification as specified by the department of social services;

(3) Submit data as specified by the department of social services to determine the appropriate amounts to claim as expenditures qualifying for federal financial participation; and

(4) Keep, maintain, and have readily retrievable any records specified by the department of social services to fully disclose reimbursement amounts to which the eligible provider is entitled and any other records required by the Centers for Medicare and Medicaid Services.

6. The department of social services shall be authorized to seek any necessary federal approvals for the implementation of this section. The department may limit the program to those costs that are allowable expenditures under Title XIX of the Social Security Act, 42 U.S.C. Section 1396, et seq.

(1) The department of social services shall submit claims for federal financial participation for the expenditures for the services described in subsection 5 of this section that are allowable expenditures under federal law.

(2) The department of social services shall, on an annual basis, submit any necessary materials to the federal government to provide assurances that claims for federal financial participation shall include only those expenditures that are allowable under federal law.

208.1032. 1. The department of social services shall be authorized to design and implement in consultation and coordination with eligible providers as described in subsection 2 of this section an intergovernmental transfer program relating to ground emergency medical transport services, including those services provided at the emergency medical responder, emergency medical technician (EMT), advanced EMT, EMT intermediate, or paramedic levels in the pre-stabilization and preparation for transport, in order to increase capitation payments for the purpose of increasing reimbursement to eligible providers.

2. A provider shall be eligible for increased reimbursement under this section only if the provider meets the following conditions in an applicable state fiscal year:

(1) Provides ground emergency medical transport services to MO HealthNet managed care participants pursuant to a contract or other arrangement with MO HealthNet or a MO HealthNet managed care plan; and

(2) Is owned, operated, or contracted by the state or a political subdivision.

3. To the extent intergovernmental transfers are voluntarily made by and accepted from an eligible provider described in subsection 2 of this section or a governmental entity affiliated with an eligible provider, the department of social services shall make increased capitation payments to applicable MO HealthNet eligible providers for covered ground emergency medical transportation services.

(1) The increased capitation payments made under this section shall be in amounts at least actuarially equivalent to the supplemental fee-for-service payments and up to equivalent of commercial reimbursement rates available for eligible providers to the extent permissible under federal law.

(2) Except as provided in subsection 6 of this section, all funds associated with intergovernmental transfers made and accepted under this section shall be used to fund additional payments to eligible providers.

(3) MO HealthNet managed care plans and coordinated care organizations shall pay one hundred percent of any amount of increased capitation payments made under this section to eligible providers for providing and making available ground emergency medical transportation and pre-stabilization services pursuant to a contract or other arrangement with a MO HealthNet managed care plan or coordinated care organization.

4. The intergovernmental transfer program developed under this section shall be implemented on the date federal approval is obtained, and only to the extent intergovernmental transfers from the eligible provider, or the governmental entity with which it is affiliated, are provided for this purpose. The department of social services shall implement the intergovernmental transfer program and increased capitation payments under this section on a retroactive basis as permitted by federal law.

5. Participation in the intergovernmental transfers under this section is voluntary on the part of the transferring entities for purposes of all applicable federal laws.

6. As a condition of participation under this section, each eligible provider as described in subsection 2 of this section or the governmental entity affiliated with an eligible provider shall agree to reimburse the department of social services for any costs associated with implementing this section. Intergovernmental transfers described in this section are subject to an administration fee of up to twenty percent of the nonfederal share paid to the department of social services and shall be allowed to count as a cost of providing the services not to exceed one hundred twenty percent of the total amount.

7. As a condition of participation under this section, MO HealthNet managed care plans, coordinated care organizations, eligible providers as described in subsection 2 of this section, and governmental entities affiliated with eligible providers shall agree to comply with any requests for information or similar data requirements imposed by the department of social services for purposes of obtaining supporting documentation necessary to claim federal funds or to obtain federal approvals.

8. This section shall be implemented only if and to the extent federal financial participation is available and is not otherwise jeopardized, and any necessary federal approvals have been obtained.

9. To the extent that the director of the department of social services determines that the payments made under this section do not comply with federal Medicaid requirements, the director retains the discretion to return or not accept an intergovernmental transfer, and may adjust payments under this section as necessary to comply with federal Medicaid requirements."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Fitzpatrick, **House Amendment No. 3** was adopted.

Representative Hubrecht offered **House Amendment No. 4**.

House Amendment No. 4

AMEND House Committee Substitute for Senate Bill No. 607, Page 2, Section 208.065, Line 31, by inserting after all of said section and line the following:

"208.152. 1. MO HealthNet payments shall be made on behalf of those eligible needy persons as **[**defined**]** **described** in Section 208.151 who are unable to provide for it in whole or in part, with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Inpatient hospital services, except to persons in an institution for mental diseases who are under the age of sixty-five years and over the age of twenty-one years; provided that the MO HealthNet division shall provide through rule and regulation an exception process for coverage of inpatient costs in those cases requiring treatment beyond the seventy-fifth percentile professional activities study (PAS) or the MO HealthNet children's diagnosis length-of-stay schedule; and provided further that the MO HealthNet division shall take into account through its payment system for hospital services the situation of hospitals which serve a disproportionate number of low-income patients;

(2) All outpatient hospital services, payments therefor to be in amounts which represent no more than eighty percent of the lesser of reasonable costs or customary charges for such services, determined in accordance with the principles set forth in Title XVIII A and B, Public Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. Section 301, et seq.), but the MO HealthNet division may evaluate outpatient hospital services rendered under this section and deny payment for services which are determined by the MO HealthNet division not to be medically necessary, in accordance with federal law and regulations;

(3) Laboratory and X-ray services;

(4) Nursing home services for participants, except to persons with more than five hundred thousand dollars equity in their home or except for persons in an institution for mental diseases who are under the age of sixty-five years, when residing in a hospital licensed by the department of health and senior services or a nursing home licensed by the department of health and senior services or appropriate licensing authority of other states or government-owned and -operated institutions which are determined to conform to standards equivalent to licensing requirements in Title XIX of the federal Social Security Act (42 U.S.C. Section 301, et seq.), as amended, for nursing facilities. The MO HealthNet division may recognize through its payment methodology for nursing facilities those nursing facilities which serve a high volume of MO HealthNet patients. The MO HealthNet division when determining the amount of the benefit payments to be made on behalf of persons under the age of twenty-one in a nursing facility may consider nursing facilities furnishing care to persons under the age of twenty-one as a classification separate from other nursing facilities;

(5) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection for those days, which shall not exceed twelve per any period of six consecutive months, during which the participant is on a temporary leave of absence from the hospital or nursing home, provided that no such participant shall be allowed a temporary leave of absence unless it is specifically provided for in his plan of care. As used in this subdivision, the term "temporary leave of absence" shall include all periods of time during which a participant is away from the hospital or nursing home overnight because he is visiting a friend or relative;

(6) Physicians' services, whether furnished in the office, home, hospital, nursing home, or elsewhere;

(7) Drugs and medicines when prescribed by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse; except that no payment for drugs and medicines prescribed on and after January 1, 2006, by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse may be made on behalf of any person who qualifies for prescription drug coverage under the provisions of P.L. 108-173;

(8) Emergency ambulance services and, effective January 1, 1990, medically necessary transportation to scheduled, physician-prescribed nonelective treatments;

(9) Early and periodic screening and diagnosis of individuals who are under the age of twenty-one to ascertain their physical or mental defects, and health care, treatment, and other measures to correct or ameliorate defects and chronic conditions discovered thereby. Such services shall be provided in accordance with the provisions of Section 6403 of P.L. 101-239 and federal regulations promulgated thereunder;

(10) Home health care services;

(11) Family planning as defined by federal rules and regulations; provided, however, that such family planning services shall not include abortions unless such abortions are certified in writing by a physician to the MO HealthNet agency that, in the physician's professional judgment, the life of the mother would be endangered if the fetus were carried to term;

(12) Inpatient psychiatric hospital services for individuals under age twenty-one as defined in Title XIX of the federal Social Security Act (42 U.S.C. Section 1396d, et seq.);

(13) Outpatient surgical procedures, including presurgical diagnostic services performed in ambulatory surgical facilities which are licensed by the department of health and senior services of the state of Missouri; except, that such outpatient surgical services shall not include persons who are eligible for coverage under Part B of Title XVIII, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended, if exclusion of such persons is permitted under Title XIX, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended;

(14) Personal care services which are medically oriented tasks having to do with a person's physical requirements, as opposed to housekeeping requirements, which enable a person to be treated by his or her physician on an outpatient rather than on an inpatient or residential basis in a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be rendered by an individual not a member of the participant's family who is qualified to provide such services where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a licensed nurse. Persons eligible to receive personal care services shall be those persons who would otherwise require placement in a hospital, intermediate care facility, or skilled nursing facility. Benefits payable for personal care services shall not exceed for any one participant one hundred percent of the

average statewide charge for care and treatment in an intermediate care facility for a comparable period of time. Such services, when delivered in a residential care facility or assisted living facility licensed under chapter 198 shall be authorized on a tier level based on the services the resident requires and the frequency of the services. A resident of such facility who qualifies for assistance under Section 208.030 shall, at a minimum, if prescribed by a physician, qualify for the tier level with the fewest services. The rate paid to providers for each tier of service shall be set subject to appropriations. Subject to appropriations, each resident of such facility who qualifies for assistance under Section 208.030 and meets the level of care required in this section shall, at a minimum, if prescribed by a physician, be authorized up to one hour of personal care services per day. Authorized units of personal care services shall not be reduced or tier level lowered unless an order approving such reduction or lowering is obtained from the resident's personal physician. Such authorized units of personal care services or tier level shall be transferred with such resident if he or she transfers to another such facility. Such provision shall terminate upon receipt of relevant waivers from the federal Department of Health and Human Services. If the Centers for Medicare and Medicaid Services determines that such provision does not comply with the state plan, this provision shall be null and void. The MO HealthNet division shall notify the revisor of statutes as to whether the relevant waivers are approved or a determination of noncompliance is made;

(15) Mental health services. The state plan for providing medical assistance under Title XIX of the Social Security Act, 42 U.S.C. Section 301, as amended, shall include the following mental health services when such services are provided by community mental health facilities operated by the department of mental health or designated by the department of mental health as a community mental health facility or as an alcohol and drug abuse facility or as a child-serving agency within the comprehensive children's mental health service system established in Section 630.097. The department of mental health shall establish by administrative rule the definition and criteria for designation as a community mental health facility and for designation as an alcohol and drug abuse facility. Such mental health services shall include:

(a) Outpatient mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(b) Clinic mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(c) Rehabilitative mental health and alcohol and drug abuse services including home and community-based preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health or alcohol and drug abuse professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management. As used in this section, mental health professional and alcohol and drug abuse professional shall be defined by the department of mental health pursuant to duly promulgated rules. With respect to services established by this subdivision, the department of social services, MO HealthNet division, shall enter into an agreement with the department of mental health. Matching funds for outpatient mental health services, clinic mental health services, and rehabilitation services for mental health and alcohol and drug abuse shall be certified by the department of mental health to the MO HealthNet division. The agreement shall establish a mechanism for the joint implementation of the provisions of this subdivision. In addition, the agreement shall establish a mechanism by which rates for services may be jointly developed;

(16) Such additional services as defined by the MO HealthNet division to be furnished under waivers of federal statutory requirements as provided for and authorized by the federal Social Security Act (42 U.S.C. Section 301, et seq.) subject to appropriation by the general assembly;

(17) The services of an advanced practice registered nurse with a collaborative practice agreement to the extent that such services are provided in accordance with chapters 334 and 335, and regulations promulgated thereunder;

(18) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection to reserve a bed for the participant in the nursing home during the time that the participant is absent due to admission to a hospital for services which cannot be performed on an outpatient basis, subject to the provisions of this subdivision:

(a) The provisions of this subdivision shall apply only if:

a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO HealthNet certified licensed beds, according to the most recent quarterly census provided to the department of health and senior services which was taken prior to when the participant is admitted to the hospital; and

b. The patient is admitted to a hospital for a medical condition with an anticipated stay of three days or less;

(b) The payment to be made under this subdivision shall be provided for a maximum of three days per hospital stay;

(c) For each day that nursing home costs are paid on behalf of a participant under this subdivision during any period of six consecutive months such participant shall, during the same period of six consecutive months, be ineligible for payment of nursing home costs of two otherwise available temporary leave of absence days provided under subdivision (5) of this subsection; and

(d) The provisions of this subdivision shall not apply unless the nursing home receives notice from the participant or the participant's responsible party that the participant intends to return to the nursing home following the hospital stay. If the nursing home receives such notification and all other provisions of this subsection have been satisfied, the nursing home shall provide notice to the participant or the participant's responsible party prior to release of the reserved bed;

(19) Prescribed medically necessary durable medical equipment. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(20) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(21) Prescribed medically necessary dental services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(22) Prescribed medically necessary optometric services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(23) Blood clotting products-related services. For persons diagnosed with a bleeding disorder, as defined in Section 338.400, reliant on blood clotting products, as defined in Section 338.400, such services include:

(a) Home delivery of blood clotting products and ancillary infusion equipment and supplies, including the emergency deliveries of the product when medically necessary;

(b) Medically necessary ancillary infusion equipment and supplies required to administer the blood clotting products; and

(c) Assessments conducted in the participant's home by a pharmacist, nurse, or local home health care agency trained in bleeding disorders when deemed necessary by the participant's treating physician;

(24) The MO HealthNet division shall, by January 1, 2008, and annually thereafter, report the status of MO HealthNet provider reimbursement rates as compared to one hundred percent of the Medicare reimbursement rates and compared to the average dental reimbursement rates paid by third-party payors licensed by the state. The MO HealthNet division shall, by July 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare reimbursement rates and for third-party payor average dental reimbursement rates. Such plan shall be subject to appropriation and the division shall include in its annual budget request to the governor the necessary funding needed to complete the four-year plan developed under this subdivision.

2. Additional benefit payments for medical assistance shall be made on behalf of those eligible needy children, pregnant women and blind persons with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Dental services;

(2) Services of podiatrists as defined in Section 330.010;

(3) Optometric services as **[**defined**] described** in Section 336.010;

(4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids, and wheelchairs;

(5) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(6) Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO HealthNet division shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any rule or portion of a rule, as that term is defined in Section 536.010, that is created under the authority delegated in this subdivision shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, Section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

3. The MO HealthNet division may require any participant receiving MO HealthNet benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered services except for those services covered under subdivisions (14) and (15) of subsection 1 of this section and Sections 208.631 to 208.657 to the extent and in the manner authorized by Title XIX of the federal Social Security Act (42 U.S.C. Section 1396, et seq.) and regulations thereunder. When substitution of a generic drug is permitted by the prescriber according to Section 338.056, and a generic drug is substituted for a name-brand drug, the MO HealthNet division may not lower or delete the requirement to make a co-payment pursuant to regulations of Title XIX of the federal Social Security Act. A provider of goods or services described under this section must collect from all participants the additional payment that may be required by the MO HealthNet division under authority granted herein, if the division exercises that authority, to remain eligible as a provider. Any payments made by participants under this section shall be in addition to and not in lieu of payments made by the state for goods or services described herein except the participant portion of the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time a service is provided or at a later date. A provider shall not refuse to provide a service if a participant is unable to pay a required payment. If it is the routine business practice of a provider to terminate future services to an individual with an unclaimed debt, the provider may include uncollected co-payments under this practice. Providers who elect not to undertake the provision of services based on a history of bad debt shall give participants advance notice and a reasonable opportunity for payment. A provider, representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for Medicare and Medicaid Services does not approve the MO HealthNet state plan amendment submitted by the department of social services that would allow a provider to deny future services to an individual with uncollected co-payments, the denial of services shall not be allowed. The department of social services shall inform providers regarding the acceptability of denying services as the result of unpaid co-payments.

4. The MO HealthNet division shall have the right to collect medication samples from participants in order to maintain program integrity.

5. Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and services are available

under the state plan for MO HealthNet benefits at least to the extent that such care and services are available to the general population in the geographic area, as required under subparagraph (a)(30)(A) of 42 U.S.C. Section 1396a and federal regulations promulgated thereunder.

6. Beginning July 1, 1990, reimbursement for services rendered in federally funded health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations promulgated thereunder.

7. Beginning July 1, 1990, the department of social services shall provide notification and referral of children below age five, and pregnant, breast-feeding, or postpartum women who are determined to be eligible for MO HealthNet benefits under Section 208.151 to the special supplemental food programs for women, infants and children administered by the department of health and senior services. Such notification and referral shall conform to the requirements of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

8. Providers of long-term care services shall be reimbursed for their costs in accordance with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. Section 1396a, as amended, and regulations promulgated thereunder.

9. Reimbursement rates to long-term care providers with respect to a total change in ownership, at arm's length, for any facility previously licensed and certified for participation in the MO HealthNet program shall not increase payments in excess of the increase that would result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C. Section 1396a (a)(13)(C).

10. The MO HealthNet division**[**,**]** may enroll qualified residential care facilities and assisted living facilities, as defined in chapter 198, as MO HealthNet personal care providers.

11. Any income earned by individuals eligible for certified extended employment at a sheltered workshop under chapter 178 shall not be considered as income for purposes of determining eligibility under this section.

12. If the Missouri Medicaid audit and compliance unit changes any interpretation or application of the requirements for reimbursement for MO HealthNet services from the interpretation or application that has been applied previously by the state in any audit of a MO HealthNet provider, the Missouri Medicaid audit and compliance unit shall notify all affected MO HealthNet providers five business days before such change shall take effect. Failure of the Missouri Medicaid audit and compliance unit to notify a provider of such change shall entitle the provider to continue to receive and retain reimbursement until such notification is provided and shall waive any liability of such provider for recoupment or other loss of any payments previously made prior to the five business days after such notice has been sent. Each provider shall provide the Missouri Medicaid audit and compliance unit a valid email address and shall agree to receive communications electronically. The notification required under this section shall be delivered in writing by the United States Postal Service or electronic mail to each provider.

13. Nothing in this section shall be construed to abrogate or limit the department's statutory requirement to promulgate rules under chapter 536.

14. Beginning July 1, 2016, and subject to appropriations, providers of behavioral, social, and psychophysiological services for the prevention, treatment, or management of physical health problems shall be reimbursed utilizing the behavior assessment and intervention reimbursement codes 96150 to 96154 or their successor codes under the Current Procedural Terminology (CPT) coding system. Providers eligible for such reimbursement shall include psychologists."; and

Further amend said bill and page, Section 208.800, Line 3, by inserting after all of said section and line the following:

"Section B. Because immediate action is necessary to ensure the provision of vital health care services for MO HealthNet recipients, the repeal and reenactment of Section 208.152 of Section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal and reenactment of Section 208.152 of Section A of this act shall be in full force and effect upon its passage and approval."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Hubrecht, **House Amendment No. 4** was adopted.

Representative Swan offered **House Amendment No. 5**.

House Amendment No. 5

AMEND House Committee Substitute for Senate Bill No. 607, Page 1, Section A, Line 2, by inserting immediately after all of said section and line the following:

"**167.267. "**208.1030. 1. An eligible provider, as described in subsection 2 of this section, may, in addition to the rate of payment that the provider would otherwise receive for Medicaid ground emergency medical transportation services, receive MO HealthNet supplemental reimbursement to the extent provided by law.**

2. A provider shall be eligible for Medicaid supplemental reimbursement if the provider meets the following characteristics during the state reporting period:

(1) Provides ground emergency medical transportation services to MO HealthNet participants;

(2) Is enrolled as a MO HealthNet provider for the period being claimed; and

(3) Is owned, operated, or contracted by the state or a political subdivision.

3. An eligible provider's Medicaid supplemental reimbursement under this section shall be calculated and paid as follows:

(1) The supplemental reimbursement to an eligible provider, as described in subsection 2 of this section, shall be equal to the amount of federal financial participation received as a result of the claims submitted under subdivision (2) of subsection 6 of this section;

(2) In no instance shall the amount certified under subdivision (1) of subsection 5 of this section, when combined with the amount received from all other sources of reimbursement from the MO HealthNet program, exceed one hundred percent of actual costs, as determined under the Medicaid state plan for ground emergency medical transportation services; and

(3) The supplemental Medicaid reimbursement provided by this section shall be distributed exclusively to eligible providers under a payment methodology based on ground emergency medical transportation services provided to MO HealthNet participants by eligible providers on a per-transport basis or other federally permissible basis. The department of social services shall obtain approval from the Centers for Medicare and Medicaid Services for the payment methodology to be utilized and shall not make any payment under this section prior to obtaining that approval.

4. An eligible provider, as a condition of receiving supplemental reimbursement under this section, shall enter into and maintain an agreement with the department's designee for the purposes of implementing this section and reimbursing the department of social services for the costs of administering this section. The non-federal share of the supplemental reimbursement submitted to the Centers for Medicare and Medicaid Services for purposes of claiming federal financial participation shall be paid with funds from the governmental entities described in subdivision (3) of subsection 2 of this section and certified to the state as provided in subsection 5 of this section.

5. Participation in the program by an eligible provider described in this section is voluntary. (2) Provide evidence supporting the certification as specified by the department of social services;

(3) Submit data as specified by the department of social services to determine the appropriate amounts to claim as expenditures qualifying for federal financial participation; and

(4) Keep, maintain, and have readily retrievable any records specified by the department of social services to fully disclose reimbursement amounts to which the eligible provider is entitled and any other records required by the Centers for Medicare and Medicaid Services.

6. The department of social services shall be authorized to seek any necessary federal approvals for the implementation of this section. The department may limit the program to those costs that are allowable expenditures under Title XIX of the Social Security Act, 42 U.S.C. Section 1396, et seq.

(1) The department of social services shall submit claims for federal financial participation for the expenditures for the services described in subsection 5 of this section that are allowable expenditures under federal law.

(2) The department of social services shall, on an annual basis, submit any necessary materials to the federal government to provide assurances that claims for federal financial participation shall include only those expenditures that are allowable under federal law.

208.1032. 1. The department of social services shall be authorized to design and implement in consultation and coordination with eligible providers as described in subsection 2 of this section an intergovernmental transfer program relating to ground emergency medical transport services, including those services provided at the emergency medical responder, emergency medical technician (EMT), advanced EMT, EMT intermediate, or paramedic levels in the pre-stabilization and preparation for transport, in order to increase capitation payments for the purpose of increasing reimbursement to eligible providers.

2. A provider shall be eligible for increased reimbursement under this section only if the provider meets the following conditions in an applicable state fiscal year:

(1) Provides ground emergency medical transport services to MO HealthNet managed care participants pursuant to a contract or other arrangement with MO HealthNet or a MO HealthNet managed care plan; and

(2) Is owned, operated, or contracted by the state or a political subdivision.

3. To the extent intergovernmental transfers are voluntarily made by and accepted from an eligible provider described in subsection 2 of this section or a governmental entity affiliated with an eligible provider, the department of social services shall make increased capitation payments to applicable MO HealthNet eligible providers for covered ground emergency medical transportation services.

(1) The increased capitation payments made under this section shall be in amounts at least actuarially equivalent to the supplemental fee-for-service payments and up to equivalent of commercial reimbursement rates available for eligible providers to the extent permissible under federal law.

(2) Except as provided in subsection 6 of this section, all funds associated with intergovernmental transfers made and accepted under this section shall be used to fund additional payments to eligible providers.

(3) MO HealthNet managed care plans and coordinated care organizations shall pay one hundred percent of any amount of increased capitation payments made under this section to eligible providers for providing and making available ground emergency medical transportation and pre-stabilization services pursuant to a contract or other arrangement with a MO HealthNet managed care plan or coordinated care organization.

4. The intergovernmental transfer program developed under this section shall be implemented on the date federal approval is obtained, and only to the extent intergovernmental transfers from the eligible provider, or the governmental entity with which it is affiliated, are provided for this purpose. The department of social services shall implement the intergovernmental transfer program and increased capitation payments under this section on a retroactive basis as permitted by federal law.

5. Participation in the intergovernmental transfers under this section is voluntary on the part of the transferring entities for purposes of all applicable federal laws.

6. As a condition of participation under this section, each eligible provider as described in subsection 2 of this section or the governmental entity affiliated with an eligible provider shall agree to reimburse the

department of social services for any costs associated with implementing this section. Intergovernmental transfers described in this section are subject to an administration fee of up to twenty percent of the nonfederal share paid to the department of social services and shall be allowed to count as a cost of providing the services not to exceed one hundred twenty percent of the total amount.

7. As a condition of participation under this section, MO HealthNet managed care plans, coordinated care organizations, eligible providers as described in subsection 2 of this section, and governmental entities affiliated with eligible providers shall agree to comply with any requests for information or similar data requirements imposed by the department of social services for purposes of obtaining supporting documentation necessary to claim federal funds or to obtain federal approvals.

8. This section shall be implemented only if and to the extent federal financial participation is available and is not otherwise jeopardized, and any necessary federal approvals have been obtained.

9. To the extent that the director of the department of social services determines that the payments made under this section do not comply with federal Medicaid requirements, the director retains the discretion to return or not accept an intergovernmental transfer, and may adjust payments under this section as necessary to comply with federal Medicaid requirements."; and"; and

In any such action, the court shall review the photographs or video recordings in question in camera with the custodian of the crime scene materials present and may condition any disclosure on such condition as the court may deem necessary to accommodate the interests of the parties.

3. Prior to releasing any crime scene material described in subsection 1 of this section, the custodian of such material shall give the deceased person's next of kin at least two weeks' notice. No court shall order a disclosure under subsection 2 of this section which would disregard or shorten the duration of such notice requirement.

4. The provisions of this section shall apply to all undisclosed material which is in the custody of a state or local agency on the effective date of this section and to any such material which comes into the custody of a state or local agency after such date.

2. The governing body of any city listed in subsection 1 of this section may impose, by order or ordinance, a sales tax on all retail sales made in the city which are subject to taxation under chapter 144. The tax authorized in this section may be imposed in an amount of up to one-half of one percent, and shall be imposed solely for the purpose of improving the public safety for such city, including but not limited to expenditures on equipment, city employee salaries and benefits, and facilities for police, fire and emergency medical providers. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes. The order or ordinance imposing a sales tax under this section shall not become effective unless the governing body of the city submits to the voters residing within the city, at a county or state general, primary, or special election, a proposal to authorize the governing body of the city to impose a tax under this section.

[2.**] 3.** The ballot of submission for the tax authorized in this section shall be in substantially the following form:

Shall the city of ..... (city's name) impose a citywide sales tax at a rate of ..... (insert rate of percent) percent for the purpose of improving the public safety of the city?

☐ YES ☐ NO

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance or order and any amendments to the order or ordinance shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of the adoption of the sales tax. If a majority of the votes cast on the proposal by the qualified voters voting thereon are opposed to the proposal, then the tax shall not become effective unless the proposal is resubmitted under this section to the qualified voters and such proposal is approved by a majority of the qualified voters voting on the proposal. However, in no event shall a proposal under this section be submitted to the voters sooner than twelve months from the date of the last proposal under this section.

[3.**] 4.** Any sales tax imposed under this section shall be administered, collected, enforced, and operated as required in Section 32.087. All sales taxes collected by the director of the department of revenue under this section on behalf of any city, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in Section 32.087, shall be deposited in a special trust fund, which is hereby created in the state treasury, to be known as the "City Public Safety Sales Tax Trust Fund". The moneys in the trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The provisions of Section 33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of the general revenue fund. The director shall keep accurate records of the amount of money in the trust fund and which was collected in each city imposing a sales tax under this section, and the records shall be open to the inspection of officers of the city and the public. Not later than the tenth day of each month the director shall distribute all moneys deposited in the trust fund during the preceding month to the city which levied the tax. Such funds shall be deposited with the city treasurer of each such city, and all expenditures of funds arising from the trust fund shall be by an appropriation act to be enacted by the governing body of each such city. Expenditures may be made from the fund for any functions authorized in the ordinance or order adopted by the governing body submitting the tax to the voters. If the tax is repealed, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes. Any funds in the special trust fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

[4.**] 5.** The director of the department of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any city for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such cities. If any city abolishes the tax, the city shall notify the director of the action at least ninety days before the effective date of the repeal, and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such city, the

director shall remit the balance in the account to the city and close the account of that city. The director shall notify each city of each instance of any amount refunded or any check redeemed from receipts due the city.

[5.**] 6.** The governing body of any city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the city. The ballot of submission shall be in substantially the following form:

Shall ..... (insert the name of the city) repeal the sales tax imposed at a rate of ..... (insert rate of percent) percent for the purpose of improving the public safety of the city?

If a majority of the votes cast on the proposal are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters, and the repeal is approved by a majority of the qualified voters voting on the question.

[6.**] 7.** Whenever the governing body of any city that has adopted the sales tax authorized in this section receives a petition, signed by ten percent of the registered voters of the city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the city a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the tax shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

In lieu of the tax levy authorized under Section 190.305 for emergency telephone services, the county commission of any county may impose a county sales tax for the provision of central dispatching of fire protection, including law enforcement agencies, emergency ambulance service or any other emergency services, including emergency telephone services, which shall be collectively referred to herein as "emergency services", and which may also include the purchase and maintenance of communications and emergency equipment, including the operational costs associated therein, in accordance with the provisions of this section.

2. Such county commission may, by a majority vote of its members, submit to the voters of the county, at a public election, a proposal to authorize the county commission to impose a tax under the provisions of this section. If the residents of the county present a petition signed by a number of residents equal to ten percent of those in the county who voted in the most recent gubernatorial election, then the commission shall submit such a proposal to the voters of the county.

3. The ballot of submission shall be in substantially the following form:

Shall the county of ..... (insert name of county) impose a county sales tax of ..... (insert rate of percent) percent for the purpose of providing central dispatching of fire protection, emergency ambulance service, including emergency telephone services, and other emergency services?

☐ YES ☐ NO

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance shall be in effect as provided herein. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the county commission shall have no power to impose the tax authorized by this section unless and until the county commission shall again have submitted another proposal to authorize the county commission to impose the tax under the provisions of this section, and such proposal is approved by a majority of the qualified voters voting thereon.

4. The sales tax may be imposed at a rate not to exceed one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within any county adopting such tax, if such property and services are subject to taxation by the state of Missouri under the provisions of Sections 144.010 to 144.525. The sales tax shall not be collected prior to thirty-six months before operation of the central dispatching of emergency services.

5. Except as modified in this section, all provisions of Sections 32.085 and 32.087 shall apply to the tax imposed under this section.

6. Any tax imposed pursuant to Section 190.305 shall terminate at the end of the tax year in which the tax imposed pursuant to this section for emergency services is certified by the board to be fully operational. Any revenues collected from the tax authorized under Section 190.305 shall be credited for the purposes for which they were intended.

7. At least once each calendar year, the board shall establish a tax rate, not to exceed the amount authorized, that together with any surplus revenues carried forward will produce sufficient revenues to fund the expenditures authorized by this act. Amounts collected in excess of that necessary within a given year shall be carried forward to subsequent years. The board shall make its determination of such tax rate each year no later than September first and shall fix the new rate which shall be collected as provided in this act. Immediately upon making its determination and fixing the rate, the board shall publish in its minutes the new rate, and it shall notify every retailer by mail of the new rate.

8. Immediately upon the affirmative vote of voters of such a county on the ballot proposal to establish a county sales tax pursuant to the provisions of this section, the county commission shall appoint the initial members of a board to administer the funds and oversee the provision of emergency services in the county. Beginning with the general election in 1994, all board members shall be elected according to this section and other applicable laws of this state. At the time of the appointment of the initial members of the board, the commission shall relinquish and no longer exercise the duties prescribed in this chapter with regard to the provision of emergency services and such duties shall be exercised by the board.

9. The initial board shall consist of seven members appointed without regard to political affiliation, who shall be selected from, and who shall represent, the fire protection districts, ambulance districts, sheriff's department, municipalities, any other emergency services and the general public. This initial board shall serve until its successor board is duly elected and installed in office. The commission shall ensure geographic representation of the county by appointing no more than four members from each district of the county commission.

10. Beginning in 1994, three members shall be elected from each district of the county commission and one member shall be elected at large, such member to be the chairman of the board. Of those first elected, four members from districts of the county commission shall be elected for terms of two years and two members from districts of the county commission and the member at large shall be elected for terms of four years. In 1996, and thereafter, all terms of office shall be four years. Notwithstanding any other provision of law, if there is no candidate for an open position on the board, then no election shall be held for that position and it shall be considered vacant, to be filled pursuant to the provisions of Section 190.339, and, if there is only one candidate for each open position, no election shall be held and the candidate or candidates shall assume office at the same time and in the same manner as if elected.

11. Notwithstanding the provisions of subsections 8 to 10 of this section to the contrary, in any county of the first classification with more than two hundred forty thousand three hundred but fewer than two hundred forty thousand four hundred inhabitants **or in any county of the third classification with a township form of government and with more than twenty-eight thousand but fewer than thirty-one thousand inhabitants**, any emergency telephone service 911 board appointed by the county under Section 190.309 which is in existence on the date the voters approve a sales tax under this section shall continue to exist and shall have the powers set forth under Section 190.339. Such boards which existed prior to August 25, 2010, shall not be considered a body corporate and a political subdivision of the state for any purpose, unless and until an order is entered upon an unanimous vote of the commissioners of the county in which such board is established reclassifying such board as a corporate body and political subdivision of the state. The order shall approve the transfer of the assets and liabilities related to the operation of the emergency service 911 system to the new entity created by the reclassification of the board.

12. (1) Notwithstanding the provisions of subsections 8 to 10 of this section to the contrary, in any county of the second classification with more than fifty-four thousand two hundred but fewer than fifty-four thousand three hundred inhabitants or any county of the first classification with more than fifty thousand but fewer than seventy thousand inhabitants that has approved a sales tax under this section, the county commission shall appoint the members of the board to administer the funds and oversee the provision of emergency services in the county.

(2) The board shall consist of seven members appointed without regard to political affiliation. Except as provided in subdivision (4) of this subsection, each member shall be one of the following:

(a) The head of any of the county's fire protection districts, or a designee;

(b) The head of any of the county's ambulance districts, or a designee;

(c) The county sheriff, or a designee;

(d) The head of any of the police departments in the county, or a designee; and

(e) The head of any of the county's emergency management organizations, or a designee.

(3) Upon the appointment of the board under this subsection, the board shall have the power provided in Section 190.339 and shall exercise all powers and duties exercised by the county commission under this chapter, and the commission shall relinquish all powers and duties relating to the provision of emergency services under this chapter to the board.

(4) In any county of the first classification with more than fifty thousand but fewer than seventy thousand inhabitants, each of the entities listed in subdivision (2) of this subsection shall be represented on the board by at least one member."; and
